cute OR
creepy
VIDEO CONTEST
WHERE'S THE L.I.N.E.?

The Cute or Creepy, "Where's the L.I.N.E.?" campaign will focus on healthy dating relationships and violence prevention. Violent behavior on college campuses, including dating violence, is a serious and widespread problem. Twenty-one percent of college students report that they have experienced dating violence by a current partner (NCADV, 2005). The goal of this campaign is to promote healthy dating relationships among UCSD students.

This campaign is sponsored by a grant from the AVON Foundation for Women's "Speak Out Against Domestic Violence" initiative. A major component of this campaign is a video contest for UCSD students. Specific guidelines and deadlines can be found on the SARC website.

Where's L.I.N.E.?

The L.I.N.E. is a tool to educate students on what a healthy dating relationship looks like. The following characteristics provide a line that distinguishes a cute relationship from a creepy one.

Laughter - Where's the Laughter?

- CUTE when couples can laugh together in a playful positive manner.
- CREEPY if laughter comes purposely to embarrass or humiliate.

Individuality - Where's the Individuality?

- CUTE when partners have their own space to develop their own identity outside of the relationship.
- CREEPY if one partner becomes obsessive and controlling the other's actions.

Negotiate - Where's the Negotiation?

- CUTE when couples respect each other's opinions and communicate with each other when disagreements arise.
- CREEPY when one or both partners lack trust in one another and blame each other.

Equality - Where's the Equality?

- CUTE when each partner has an equal say and role in the relationship and has mutual respect for one another.
- CREEPY when one partner seeks to control and manage all aspects of the relationship.

Why we wanted to make this guide.

You might be wondering what kinds of resources there are for Queer/LGBTQIA individuals here at UCSD as well as outside of UCSD. Here is a list that we compiled together of different resources that could be useful for you as a Queer-identified or questioning youth.

(Please note: this pamphlet does not contain all resources available in the local San Diego Area. We hope you utilize this as a starting point in your career at UCSD)

"When I dare to be powerful, to use my strength in the service of my vision, then it becomes less and less important whether I am afraid."

— Audre Lorde

"Our feelings are our most genuine paths to knowledge."

— Audre Lorde

Little Queer Resource Guide for Incoming Queers of

Student-run Organizations:

-Queer People of Color (QPOC): "...at the core of QPOC is our commitment to struggle and our commitment to activism. We recognize the intersection of our identities, as well as the related intersection of various social justice movements. email: ucsdqpoc@gmail.com

-Queer Womyn of Color (QWOC): "Is a group for self-identified queer womyn of color to come together to establish our own space, acknowledge our intersectionalities, create visibility and community, and discuss possible ways to move forward...While the LGBT RC is where we primarily meet, we also branch out to other Campus Community Centers. During our quarterly Q-Trips, we meet off campus."
email: ucsdqwoc@gmail.com

-Coming Out Group: "Is a place to meet and gain support while discussing your sexual and/or gender identities in a confidential setting. This group is for lesbian, gay, bisexual, transgender, straight or questioning folks who are coming out and who may already be out. Topics are determined by group participants, and can include coming out to yourself, coming out to family, coming out to friends, coming out and the work place, and coming out at school"
Contact: Vanidy Bailey vbailey@ucsd.edu

-Transgendered-Intersex Alliance (TIA): "The Transgender Intersex Alliance is a safe supportive environment to discuss gender, the gender/sex matrix, sexuality, female/male dichotomy, intersex identities, transgender identities, and anything else that comes to mind... All identities are welcome. The first hour is open to allies and the second hour is closed for trans identifying folks. Please join us! A person is holding a white sign with green text. The person's face is partially visible at the top, and their hands are holding the sign. The background is a textured, light green color. The sign contains a list of 9 tips, followed by a large, bold statement at the bottom.

Sexual Assault Prevention Tips

1. Don't put drugs in people's drinks in order to control their behavior.
2. When you see someone walking by themselves, leave them alone!
3. If you pull over to help someone with car problems, remember not to assault them!
4. NEVER open an unlocked door or window uninvited.
5. If you are in an elevator and someone else gets in, DON'T ASSAULT THEM!
6. USE THE BUDDY SYSTEM! If you are not able to stop yourself from assaulting people, ask a friend to stay with you while you are in public.
7. Always be honest with people! Don't pretend to be a caring friend in order to gain the trust of someone you want to assault. Consider telling them you plan to assault them. If you don't communicate your intentions, the other person may take that as a sign that you do not plan to rape them.
8. Don't forget: you can't have sex with someone unless they are awake!
9. Carry a whistle! If you're worried you might assault someone "accidentally" you can hand it to the person you're with so they can blow it if you do.

10. Don't assault people.

DEFEND PUBLIC EDUCATION! NOVEMBER 9

This November, the UC Regents will discuss **\$2.5 billion in proposed budget cuts** to public education and up to **81% in tuition hikes**. This comes in the wake of cuts which have already caused mass layoffs, a 300% tuition increase in the past decade, soaring student debt, and **increased drop-out rates** and delay of education plans, **especially for students of color**.

Let's make Wall Street corporations and the wealthy – who caused and have profited from this crisis – pay.

On November 9, we will demand that the administrators and board members of our schools pledge to:

- publicly support increased taxes on Wall Street and California's super rich
- reverse the tuition hikes, layoffs, and cuts.

Visit "UCSD Public Education Coalition" on facebook for actions, preparation, and full demands

If you have received panelist training, then come to Speakers Bureau Facilitator Training. Becoming a facilitator is a perfect way to further your skill in public speaking and presentation, and just be a part of something to try and help raise awareness of the LGBT community. In order to receive Facilitator training you must have done Panelist Training prior to the program. Can't wait to see you all there! **LOW TIME COMMITMENT.** Questions? Feminism

We work to end sexism and sexist oppression. Our definition of feminism is grounded in the belief that ending one oppression requires ending all oppressions, all people have the right to control their bodies and destinies and should share equally the resources and opportunities to achieve individual, social, political, and economic goals.

Community

We value our relationships with the campus and broader San Diego community. We foster an environment that promotes safe space, dialogue, connectedness, active learning and collaboration.

Social Justice

We enact social justice through the intersections of feminism, awareness, community, and empowerment. In our effort to end sexist oppression we recognize that the eradication of all oppression is central to feminism and our work at the Women's Center. Ending racism, homophobia, ableism, religious oppression, classism, and other forms of oppression are all feminist issues.

Awareness

We educate the UC San Diego community and the community at large about all forms of oppression through community organizing, interaction, and access to resources.

Empowerment

We work for and support social change that empowers women through self-discovery, awareness, and action. We validate and give voice to diverse experiences in order to encourage leadership development, activism, and advocacy.
