Navigating the Pacific

The people of the Pacific have navigated the ocean for thousands of years using the stars.

ORION'S BELT is composed
of the three stars in a row

PLEIADES A cluster of about 200
stars formed about 60 million years ago.
Often called the Seven Sister, though
only six are visible to the naked eye.

They note the places on the horizon where stars appear and disappear and have learnt the seasonal position of the sun and moon in relation to them. They know which islands lie under different stars.

PLEIADES as seen through a telescope

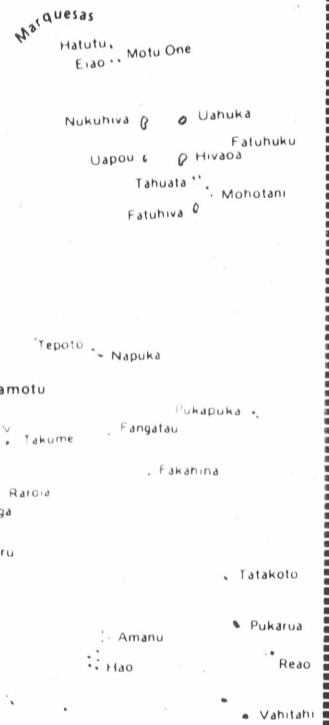

Most of the people of the Pacific did not have a system of writing until recently. Therefore the navigators made up songs to teach the way to different islands. Here is one telling how to get from Bora Bora to Hawaii.

Wait for the west wind, wait for the west wind!
Then sail to Nuku Hiva of the dark bays
To find the constant star.
Hold to it, hold to it,
Though the eyes grow dim with heat.
Hold to it, hold to it,
Till wild Ta'aroa sends the winds.
Then speed to the clouds where Pere waits.
Watch for her flames, the flames of Pere,
Till great Tane brings the land,
Brings Havaiki-of-the-North,
Sleeping beneath the Little Eyes.

Nuku Hiva lies under the stars known as Orion's Belt. The "Constant Star" means the north star which does not move in the sky. The flames of Pere refers to the volcano in Hawaii. The Little Eyes is the name given to the six little stars known as the Pleiades.

Madame Pele — Goddess of volcanoes
(in Bora Bora Pele is called Peré)

The ancient Hawaiians believed that Madame Pele, the Goddess of Volcanoes, manifested her presence at each eruption. Some Hawaiians believed the rock formation on the left was a symbolic profile of the goddess exposed by the eruption of Kilauea crater that occurred in 1952.

It took many years to train a navigator. Experienced navigators would choose bright children and begin training them on the beach. The children would sit in a model boat surrounded by patterns of rocks and stones, indicating currents and ocean swells. They had to learn and use the many star paths in the night sky. Today few children can spare the time from school to learn the old skills of navigation.

Papua New Guinea first competed overseas in Weightlifting at the South Pacific Games in Suva 1969. Although unsuccessful, experience was gained and paid dividends at the South Pacific Games in Guam 1972 and Tahiti 1975 where small team own 4 gold medals, one silver and one bronze. Geoff Hui, Sibona Oka, Michael Mexico, Kaik Yakopa and the two Seeto Brothers were the Victors. In Fiji Games in 1979 one gold medal and one silver was won and 1983 Samoa Games with one gold medal and one silver was won. The Commonwealth Games held in New Zealand had one Competitor and he won a silver medal.

A team of eleven departs on the 4th August to compete in the Australian Titles to be held in Brisbane, prospects are high as three of the Competitors are lifting more weight than the existing record.

Plans are under way for the two major events in 1986, the Oceania Titles and the Commonwealth Games to be held in Scotland.

Kumuls in for a hard run

By Jack Metta

A fitting end to the national zone championships this weeked is the non-official international match between the PNG President's XIII and

the Australian President's XIII.

The Australian side boasts several Test players in their line-up, mostly dominated by Queenslanders in skipper John Ribot, Wally Fullerton Smith, Mark Murray, Brian

Niebling and Gregory Cornescu. The latter named Queenslanders are not new faces to PNG; they were members of the Queensland Maroons which whitewashed PNG 106-6 in 1983. Perhaps this is PNG's

chance to erase the memories of the humiliating defeat, not so much in the bid to whitewash the side, but to show that we have learnt from the experience and are raring to give them a run for their money.

spectators can expect some brilliant displays from them.

Big John Ribot, tackling machine, Wally Fullerton-Smith and Cronulla-Sutherland centre Dean Carney will be the major personalities on this occasion. The trio's presence will be awesome for the PNG defences.

tireless workers in their own right. Nothing much can be said of the PNG President's XIII as the team was yet to be announced before we went to the press.

Obviously, selectors will look to experienced players for the match. It is envisaged that several rookies may make their international debut to prime them for the hectic international matches ahead.

match will be a valuable exercise to gain experience.

The Australian President's XIII are: — Jonathan Docking, Dale Shearer, Dean Carney, Andrew Ettinghausen, John Ribot (capt.), Grant Rix, Mark Murray, David Hatch, Wally Fullerton-Smith, Bryan Niebling, Paul Dunn, Gregory Cornescu and Less Davidson. Reserves are Chris O'Sullivan and Mario Fenech.

Nevertheless, we must not forget that our southerly neighbours are here on good will mission, to celebrate our tenth independence anniversary in the only manner we know best — rugby league.

PNG, as a developing nation in the world of rugby league need international experience.

The Australian Rugby League's contribution by sending a side to PNG on this occasion is worthy of praise. When one thinks back over the years, it is almost impossible to remember when the Aussies sent a poor side to do battle with old foes. Their record of successes speak for itself as does their always high standard of play.

The squad that meets our boys on Tuesday are fast, strong and very experienced so

The team is plucked from the ranks of Sydney and Brisbane clubs out of the semi-finals contention. Carney will be partnered in the centres by club mate, Andrew Ettinghausen. Jonathan Docking is the fullback and hard working Cronulla captain David Hatch at lock.

Four of Ribot's teammates at Redcliffe in Brisbane — second-rowers, Niebling and Fullerton Smith, hooker Greg Cornescu and halfback Murray will be out to repeat their performance of 1983.

Other players to watch will be Brisbane Valley's five-eighth, Grant Rix and Sydney based Maroon winger, Dale Shearer (Manly-Warringah), who are

Thank you Moresby sponsors and fans

Dear Sir,

On Behalf of the President, Mr Brian Rosanowski, and the Executive of the Port Moresby Rugby League, I would appreciate the opportunity to publicly thank the people of Port Moresby for their magnificent support on grand final day, and throughout the 1985 season.

Despite pouring rain, the grand final drew a record crowd. There was not one incident reported to police during the day, and we thank our spectators for their excellent behaviour, and patience, in the wet conditions

which prevailed. Thank you, spectators, one and all.

Our congratulations go to the new Premiers, Hobar Wests, and the runners-up, Air Niugini, on providing a grand final worthy of the premier league. Full credit is due to Hobar Wests for such a successful season, and to their coach Bill Fleming and captain, Henry Miro, in particular.

Sponsors

The League thanks its official Sponsor, S.P. Brewery, for its continued support, Boroko Motors for donating the Player

of the Year Award, and other valued sponsors and the sponsors of all 11 clubs.

We thank the President of the New South Wales rugby League, Mr Tom Bellew, for travelling from Sydney to be our official guest and the Prime Minister and Mrs. Somare for honouring us with their presence.

The League also thanks all clubs, officials and all players for helping to make the grand final, and the whole season, the most successful ever.

Finally, we thank the media for its outstanding coverage of the "Greatest Game Of All" in Port Moresby!

Yours in rugby league,

(Jeffrey Wall),

HOBAR West took out their third premiership flag after dumping Air Niugini 14-nil to top a great season of rugby league in Port Moresby last Sunday.

By Alfred Kaniniba

"It's just fantastic" said a beaming West coach Bill Fleming after the game.

"We used the strength in our forwards and all the players did what they were told to do," Fleming said.

The game which was played before a crowd of more than 17,000 people and in muddy and slippery conditions.

The game opened up at a fast pace but saw both sides put up a strong defence.

West centre Peter Evera however threw the West supporters into an uproar chanting, West! West! which people heard five to six

West — Moresby Premiers

kilometres away when he opened the scoring with a converted penalty kick to lead 2-nil after 25 minutes of play.

Air Niugini

West led 2-nil at the interval.

The crowd were thrown into suspense as they tried to guess the outcome of the second

However in the opening minutes of the second half, Hobar West Big Henry Miro put the games first try after being set up by young five eight Isa Mai.

The Hobar West supporters were again thrown into ecstasy as they chanted West which echoed across the field.

The try was con-

verted by Peter Evera to lead 8-0

West again took advantage of a dropball of Air Niugini fullback Patrick Ima which saw a backing up Tati Ivra kick right into the try zone. Vavalu Ilagi who was also backing up strongly saw his only chance and dived onto the ball for West's second try.

Peter Evera converted his second goal kick out of three and West surged ahead to a 14-nil lead.

Girty

Simon Girty who was sent on for a replacement for Air Niugini

for breathing space for the players and the supporters but unfortunately his kicks did not have much of an effect as they were artfully caught by young fullback Joe Mirisa.

It just was not Air Niugini's day dropball and unco-ordinated play just threw the Airliners into further confusion.

The Premiership win won them K3000, the 10th anniversary while the veteran of the West players Pex Pekaea took out the K200 man of the match award.

The President of the NSW Football League, Mr Tom Belle who

witnessed the grandfinal was very impressed.

"There has been a marked improvement in the code since I was here 10 years ago."

Mr Belle said he was very impressed with the whole game and especially with the scrummaging.

"The ball was rolled in the way it should be done in the scrum."

He said if Papua New Guinea was able to have a following of at least 10 percent of the population, Papua New Guinea would be a force to be reckoned with in the years ahead.

Akas' saves Tigers

A late try by MBE Tigers' nippy centre Akas Mark saved MBE Tigers from a sure draw and extended the time in Alotau A grade rugby league at the weekend.

Receiving a pass from a scrum near the premiers, Allan Hivoilele's tryline, he dashed over at the 77th minute mark to give the cats a much needed try.

For a total of 39 minutes, the two sides were levelled 6-all after both sides had exchanged leads.

The Tigers hit the front 19 minutes into the game when centre Willie Kalit outpaced the Hivoilele defence to break the drought. Ome To'oro failed to convert and the cats led for the next nine minutes.

At the 28th minute, Hivoilele second row, Jimmy Irona crushed over near the uprights with several Tigers defenders clinging to him Manoa Panta made no mistake with the conversion and the 1984 premiers led 6-4 until the 37th minute when they were penalised in front of their own goal posts.

To'oro made no mistake with the penalty goal and the scores were tied 6-all at the break.

The second half was a tight tussle between the two sides as they probed for openings.

Neither side scored for 36 minutes of the half until Akas Mark scored the winning try which To'oro converted to give the Tigers a 12-6 win.

Scrummages went to Hivoilele 22-12 and penalties favoured Tigers 9-3.

In the B grade, MBE Tigers and Kula Sharks drew 8-all despite two five-minute extensions.

The grand final is scheduled to take place on independence day with minor premiers, Cheong's United clashing with MBE Tigers in the A grade and the winner of Kula Sharks/Tigers match meet Cheong United in the B Grade.

Panthers down top Tigers in Tari

LAST weekend's grandfinals in Tari League between Tigers and JD Panthers saw Panthers defeat Tigers 10-8 in muddy conditions before a crowd of 600 people. Both teams played hard and tough football. However the wet conditions saw a lot of dropped balls.

Referee Lukas Kalava however controlled the

game well and was able to see the finals through.

Tigers had been leading from the start in the competition but fell prey to the Panthers on the big day. Panthers will now be attending the cup in Mount Hagen.

In the reserve grade between Brothers and Royal Hawks we saw Hawks edge out Brothers 4-3 in a tough encounter.

First Premiership for Bomana in N.C.R.F.L.

BOMANA took sweet revenge for their major semi-final loss when they disposed of Sagaga 22-4 to bag their first ever premiership in the NCRFL at the Sir Hubert Murray Stadium before a crowd of more than 800 people.

By Joseph Kau

For Bomana it was quite an achievement as this was only its first year in the NCRFL after a four year lay off from the then Suburban League.

Bomana's three teams won their respective grandfinals.

Credit must be given to the players as they played a hard tough and disciplined game through out.

Saraga on the other hand have themselves to blame for their second consecutive

grandfinal loss as they wasted valuable time on softening up tactics in the first half in which Bomana capitalised scoring most of their points.

The first points of the game came only four minutes into the game when burly Bomana second rower, D.Homoa barged his way through a horde of Saraga players to score beside the up rights which Alfred Kumasi converted.

Later Simon Kerekere followed through later in a classical display of backline movement to send Kumasi in for a converted try to put Bomana ahead 12-nil.

Saraga at this stage just did not seem to have any answer to the Bomana onslaught, which was effectively led by Bomana's front trio of Wate, Sharp and

Tobing who were capably assisted by K. Kangal, A' Kumasi and J. Malana.

Softening up tactics employed by Saraga were given back in the same way by Bomana.

Kumasi however was penalised for late tackling of a Saraga player which saw R. Mareva convert to trail 2 points to 12.

This seemed to herald better things to come for Saraga but this did not turnout so ... Kumasi lived up to his expectations when he dived over beside the uprights to score and convert his own try.

Saraga came on more determined in the second half and limited Bomana's attack to a try by K. Sharp, but could not find the push for them to score and eventually ended up going down to Bomana.

10TH ANNIVERSARY SPECIAL

DEDICATION and commitment to rugby league by all concerned has always been cited by league authorities as the basis on which progress can be made by reaping benefits of success.

"There is tremendous talent among the players. You will become a force but that depends on the players. You have to dedicate yourself and show commitment to the sport. Don't underestimate your own ability."

These words from the National Coaching Director, Keith Collins two years ago reflect the potential of Papua New Guinea as a rugby league force.

However, one wonders whether such advice has actually been implemented over the years.

This week, Papua New Guinea celebrates ten years of independence. There is much for Papua New Guinea to be proud of. Its achievements over the years despite periods of uncertainty has received widespread praise from its contemporaries. Indeed we have coped within the scope of our resources.

The same can be said of rugby league in Papua New Guinea. But the question that persists in the minds of many is: Has the standard of rugby league in this country improved since independence?

Critics in the past have shown a negative

view, their attitude being enforced by the occasional thrashing PNG receives at the hands of more powerful league nations.

The results of these unfortunate outcomes overrules the glories of successes that PNG has achieved over the years.

The progress and development even in rugby league are a never ending process.

We have trod on at our own pace, learning and experiencing as we go, and then putting what we have learnt and gained back into the sport. Thus the trend continues.

Much has happened for rugby league in this country since independence. Perhaps the most prominent of these changes has been the establishment of a national body to look after the overall interest of rugby league in this country.

Not far behind in prominence is Papua New Guinea's inclusion on the International Board as a full member, bringing to five, the total number of rugby league playing countries on the board.

This is an important achievement because Papua New Guinea has a say in the development and fostering of rugby league throughout the world.

It indeed reflects an air of independence for Papua New Guinea Rugby League simply because the sport in this country cannot be

dominated by the decisions of those who are not familiar with our situation.

Achievements

Other achievements during the years of independence, include the successful launching of the four zone system and the annual championships which has lasted until this day.

If you remember, the zone system replaced the often tension packed traditional rivalry between Papua New Guinea and which was eventually phased out in 1974 following the riot of 1973.

The years of independence also saw Papua New Guinea set the pace for participation in the international arena.

The national side for the year which included names (which were to prove household words in later years) such as John Wagambie and Tara Gau, played an unofficial Test against England in Port Moresby.

England won the match by a small margin but Papua New Guinea had learnt from the experience of playing hosts and successfully staged the Pacific Cup tournament in the same year in Port Moresby involving Australian State teams and the New Zealand Maoris.

The Maoris won the cup but PNG and its Australian counter-

by Jack Metta

parts crossed the Tasman Sea in 1977 seeking to wrestle the cup from them but the Maoris were reluctant to let go.

In retrospect, Papua New Guinea's achievements in rugby league during the years of independence certainly laid the groundwork for major upheavals in rugby league.

Since that year, a number of overseas teams have visited Papua New Guinea playing matches at national, regional and club level and provided much entertainment for rugby league fans at various centres for the country who otherwise would not have been able to see overseas teams in action.

In turn, Papua New Guinea has gone overseas to play matches on a number of occasions and have proved themselves both on the field and off as sportsmen and ambassadors of the country.

Participation

It needs to be stressed that international participation by Papua New Guinea was not only confined to senior players.

Papua New Guinea junior footballers have been able to make overseas trips and in turn were enthusiastic about accommodating their junior counter-

parts from overseas in domestic matches.

Our under 60 kilogramme schoolboys teams in past years have been able to promote a good image of Papua New Guinea in Australia for example and won the hearts of the Australians with their gutsy performances.

One cannot honestly pinpoint Papua New Guinea's status on the world scene but true to say, we have tangled with the best of them.

At times, we have revelled in the glory of accomplishing the impossible and at other times, we have hung our head low in humiliation and defeat.

But for us, it has always been losing with humility and winning with dignity and pride.

We've had no less than three tours since independence — to New Zealand for the Pacific Cup in 1977, France and England in 1979 and again to New Zealand in 1983.

In turn we have accommodated New Zealanders, Australians, Britons and Frenchmen on separate occasions throughout the decade.

Unlike many critics who would base their judgements on PNG's performance to assess PNG's standing on the world scene, I share the sentiments of many of our leaders who say that "Rugby League is always the winner at the end."

The development areas of the world need international competition. As Harry Edgar of OPEN RUGBY LEAGUE wrote on PNG's first

win against the British Amateur Rugby League Association in 1982: "Papua New Guinea finished 18-16 winners, after an amazing second half comeback. But it was a result — PNG's first win in three encounters against BARLA — that will do the Kumuls far more good than Britain harm."

Commercial

The commercial value of rugby league to the private sector has blossomed over the years. Thousands of kina are being poured into the game in what the president of the Papua New Guinea Rugby League, Ben Sabumeri sees as "the confidence, the private sector sees in the future of Rugby League in this country."

Sponsorship kina has been put into prizes, clubs, major tournaments, referees and coaching courses and the establishment of institutions such as the national coaching scheme.

Perhaps the Prime Minister, Michael Somare's words can sum up the situation: "Government alone cannot be expected to improve the 'quality of life' for the people and provide sporting facilities... We need and we seek the support of the private sector and developers to provide this kind of facilities."

Administration

One area which really needs picking up is the administration side of rugby league. As rugby league grows so does the need for good effective management of club and league affairs.

Over the years, bad

management has resulted in financial and administrative problems for a number of clubs and leagues throughout the country.

Of late, ineffective administration has deprived potential national representatives from three main centres, Daru, Wewak and Madang from participation this week. The onus falls on the administrators because if they do their job well, it will mean that Papua New Guinea can produce the best their is.

Hectic

On the future calendar, PNG has a hectic game schedule ahead for both domestic and international involvement over the next ten years.

The highlight of course is the culmination of the international matches into the world club contest later in the decade.

The road ahead is a testing one for PNG because it will reflect the question of whether we have learnt from our experiences.

There is no doubt that rugby league can lay claim as the national sport in PNG. As Martin Adamson, former PNGRFL official once wrote: "natural talent bounds and need only be harnessed and guided to make PNG a force in the international arena. PNG may never dominate world rugby league, but it will enrich it with enthusiasm."

I have come from 50,000 years ago so they think, others say I was born on 16th September 1975, let my arrows fly another 50,000 years. — Kumalau Tawali.

Kiunga a wealth of rugby league

ALTHOUGH there is a gold and copper mine in the Western Province at Mt. Fubilan near Tabubil, the province's goldmine of Rugby League talent is at Kiunga.

Rugby League football has naturally developed in Kiunga over the last 3 years as Kiunga being a major government, business, mission and communications centre has provided the combination for the code to grow.

As in Rugby League anywhere, the most important factor is the players. Players from different provinces in Papua New Guinea have all contributed something to the standard of the game in Kiunga.

With the mixture of the speed of the local Western Province players, the strength of the Highlanders and the Savvy of players from major league centres like Port Moresby, Lae, Rabaul there is emerging a Kiunga

style of playing Rugby League football.

The style consists of hard and fast running with decisive defence, backed up with skill.

In 1985, players have shown greater dedication to training than in previous years, with clubs training up to 4 times a week during the competition and 5-6 times a week during the finals.

The extra dedication and discipline has resulted in a higher standard of game.

One attitude that players need to develop, is that they are the backbone of their respective clubs and the league as a whole. Players in Kiunga must assist both club and league officials with both in moral and financial support so that the code can develop to a higher level.

If players are the basis of clubs, then the club is the basis of the league.

In 1985 the clubs

have co-operated better in organising the league.

In developing the code in future years, the club officials should contribute more effort to the league and leave inter club rivalries on the rugby field.

Organising

1985 has been the best year so far in organisational matters, but the club officials should realise that criticisms of the league are actually reflections of their shortcomings of not giving enough support and assistance to the league.

Overall, the Kiunga Rugby League is poised for better things, but the co-operation and assistance of all players, club officials and supporters must be mutually maintained so that progress in the future can be made.

This year, Kiunga Rugby League has only been an associated league, as the league has been

laying the organisational ground work.

One criteria that has prevented the league to be fully affiliated with the PNGRFL is the lack of suitable fenced oval.

This facility is now under development and should be ready for the 1986 season.

The Kiunga Rugby League will be a fully affiliated member of the Papua New Guinea Rugby League in 1986.

Kiunga promises to be a major centre in the Southern Zone and certainly will give the other centres a good shake in the Southern Zone trials.

The future of the code is ensured with the operation of the Kiunga High School Rugby Football League, which is in its second year of competition.

Overall, the code of Rugby League has a great future in Kiunga, with the players officials and supporters aiming for higher and better goals in 1986.

Goodbye town competition; welcome village freestyle

IN Goroka, village competitions will begin straight after the independence celebrations.

These competitions could be more of a crowd thriller than normal town competitions which have just been paced out with the final countdown which went to Air Niugini.

Air Niugini defeated its next rival, Collins and Leahy United last weekend without the help of stocky five-eighth, Ifsoe Segeyaro who was banned from playing the three last matches because of some ill-play in which he was victimised.

Tigers, who at one stage, were at second play on the points tally table were discarded by other teams in the fight for premiership. And if Tigers had

been able to keep up their pace in the final matches, their victory chart would read as winners of Goroka rugby league in five successive years.

Coach Stainer Sapu is one very disappointed member of the Tigers club. He blamed the criteria used by the league to have his team at second place to defend their strength against third and fourth rated teams.

Tigers played three games on Saturday, Sunday and Wednesday the week prior to the grand final weekend and that was two games too many for his team in a week.

"We were, by my understanding, supposed to meet the winner of third and fourth play-off. But that was not the case. We had to play

freestyle

by BENNY BOGG

the fourth and third teams on the ladder and that was a new play for the finals for me. I'm very disappointed," Mr Sapu said.

But Tigers are also happy that from their nucleus the Highlands Zone selectors have appointed three players, Dickson Kimi, Sam Karara and Ken Kemutafe for representation at the second highest level of league competition in the country.

Mr Sapu will take on the responsibility of administrator of the club in the coming season and former Kumul repre-

sentative player, Francis Matmilo will be the club's coach.

Competition at village level is rather wilder and thrilling still and the matches will draw close on the winner of various shields being made available by provincial members and businessmen in the province.

Goroka is known as the league state of the Highlands region and the town dwellers will find entertainment in abundance at villages because Goroka rugby league will be kept alive all year round.

Rugby League fostering unity in the Highlands

HIGHLANDS ZONE STAR KURI NIL IN FULL FLIGHT

UNITY through sport and the promotion of brotherhood is the theme of the Highlands Rugby League competition which has been played at the Union oval at the UPNG campus over the past few weeks.

Pioneering founder of the league and president, Werea Mori — a former Port Moresby Brothers league star — contends that the competitions, involving students on campus, strives to foster regional understanding and student solidarity.

"Students are generally seen by the public as intellectuals. We want to set an example by promoting unity among the students through rugby league." Mori made it clear that there are no political motives behind the formation of the league.

"There has been moves in the past to use the league for political interests.

Under my leadership, I want to see students from the five highlands provinces involved in a sport which they are familiar with and which we all can play and enjoy in the true spirit of sportsmanship and unity."

With an able executive under the leadership of Mori, the league is proving to be a popular attraction for students and local residents alike on Sundays. Organisations have been highly commendable ensuring a smooth and entertaining run of football for the league over the past few weeks.

One aspect of the league is that it is not only confined to students from the Highlands, but students from other provinces are allowed to play for one of the five provincial teams. Provision is made under the league constitution to field a limited number of "outsiders" to ensure

that most of the students from the highlands region are given a chance to play.

The league has not only being instrumental in producing players for output into the town competitions, but has also attracted some players who have already made their names elsewhere. Among them, former internationals, Karava Haiveta and Jack Metta.

Haiveta is involve in refereeing on campus and Metta is a player-coach with the Souths club on campus.

The league involves over two hundred students and officials, sub-divided into five teams with an A and A reserve grade sides each.

Mighty Souths represent the Southern Highlands, West Kanges, the Western Highlands, Enga Mioks, Enga, East Nokondis, Eastern Highlands and Simbu Angras the Simbu province.

Enga MP, Paul Torato is the patron for this season. It seems the Engas are heavily involved in the league. Businessman, Daniel Inugu who owns a tuckerbox near the University is the official sponsor of the league this year. He has put up K400 to be paid out as prizes at the end of the season.

The 1985 premiers and runner-up in the A grade will recive K150 and K100 respectively while the reserve grade premiers and runner-up will receive K100 and K50.

SIMBU LEAGUE TO INTRODUCE THE CLUB SYSTEM

SIMBU Rugby league will be a force to be reckoned with in the highlands in the years ahead.

President of the Simbu Rugby League Association, Mr Clement Poye who has been president of the association since last year, said the players were getting better which was boosting the standard of the game.

Mr Poye however said that he was trying to implement the club system to make the competition keener.

Port Moresby has a club system and Australia has the club system and that is what makes the league players and the games much more competitive," Poye said.

"I've tried to get this moving since

last year and so far this has clearly shown that seven players would be representing the highlands zone are from the Simbu league."

The Simbu league has eight teams each of which has an A grade a B grade and a C grade a total of 24 teams. The games are played both on Saturday and Sunday.

Sponsorship is also strong in the Simbu league and a number of business houses or private business men have sponsored teams in the competition.

Glen Helton Timbers sponsor Magani and the East club, Collins and Leahy sponsor Brothers, Geru Holdings sponsor Souths and Tigers. Mount Wilhelm Business Group sponsors

Hawks while Chimbu Wholesale sponsor Tarangau.

As the club system is one of the immediate ideas being implemented in the Simbu League, the league could surely be a leader in this type of a system in the highlands.

"It is however up to us to make the club system help in trying to help develop the game," Poye said.

He also said that he was looking to improve the field, as he was hoping that next season Simbu League should be the official host for the Highlands zone trials.

This season however has been 100 per cent better than last year, Mr Poye said.

Victory for a Chimbu coach

CHIMBU'S Brothers' coach Wali Yagiwera notched a double victory this league season in the Highlands region when he took his team to rattle the grand final scoreboard 12-3 against a determined Magani bunch.

Wali Yagiwera's name is inscribed in the imaginary book of great coaches of the region as he won for himself the name of a magnificent coach when he took his players through the finals.

Also from Chimbu and along with his name is that of the coach of Tigers' junior grade. Tigers defeated Magani in the grand final in a match no different to most 'A' grade matches in the Highlands region.

From Chimbu league, the leaders this season were Brothers, Magani and Souths. Souths who won last years premiership could not spark an equal-strength with the two leaders this year and was dropped to being the third best team in the competition.

Brothers' Bal Numapo and Mawe Kaupa who are stars of the Highlands spectators made it possible for coach Wali to score his victory.

The two livewires of the Brothers' lineup at the grand

coach

final have been also further rewarded — they will relive their grand final as they fight a set of highly tough matches in Port Moresby this week — they are in the zone trial list.

Souths in Chimbu will not forget their loss this year. They were hot favourites from the start of the season but their shaky performance at the climax of the season will be a haunting shadow over the coach and a few very good sportsman in the side.

Souths will go through hot water in

their determination to bag next seasons trophy and restore the name that was theirs the season before last.

Chimbu will relax its rugby league crowd during the next few months and prepare for another season of fireworks. Itchy feet and hands will find village competition or touch football the next best sport in the meantime.

Then from the word go in Chimbu, sparks will fly again as uncles clash against each other for the love of the sport, and to build up another period of excitement for another climax

Highlands league stars in action during the Zone trials in Port Moresby last year. The Highlands zone an awesome threat to the league giants in PNG.

Highlands a real force

These highlands Rugby League stars in Action are no doubt house hold names in the Highlands.

And just the sightest word in any town in highlands that one of these stars is in town really gets the fans all excited.

To the boys who follow rugby league in the highlands it is a dream that they all share of one day becoming a star.

But until then the Highlands has really proved to be a real force in the PNG league scene and it is

quite evident that in the next few years the competition will be one of the best in Papua New Guinea.

The Simbu League has already set the example of introduc-

ing the club system and if this can truly take off in a big way. The Highlands Zone team in future years will surely be a strong force in the Rugby League world.

National Coaching Scheme

By Keith Collins PNGRFL - National Coaching Director

THE Papua New Guinea Rugby League National Coaching Scheme began in June 1983. Because of the interest shown by two great Papua New Guinea Companies, S.P Holdings Pty Ltd and Rothmans of Pall Mall PNG Ltd, these two companies, made sponsorship available for the PNGRFL. To employ a National Coaching Director for a period of three years to try and establish a foundation of knowledge and expertise that would help bring Papua New Guinea to a higher standard of Rugby League.

The idea was to coach coaches in PNG and bring them to a higher standard. Also to allow any interested person the opportunity to complete a Preliminary Coaching Course and learn more about the greatest Game of all. They would then be able to carry on to a Level 1 Coaching certificate Level 2 and Level 3.

All these accreditations go further into Rugby League Coaching involving, Sports Medicine, Physiology and Psychology of Coach-

ing, Biomechanics, Sports Administration and Management.

To establish a base for this progressive Learning Programme, was going to be a big job. The National Coaching Scheme decided, that the highest level of proficiency was necessary and by learning the skills and techniques of Rugby League correctly, players would automatically raise the standard of the game. This is happening. Rugby League has improved in PNG, since June 1983 when Queensland defeated us 106 to 3. Coaches are certainly more aware of the help there is available to them through the National Coaching Scheme.

The competition for Coaching positions is keener than ever before. Clubs are aware that we have level 1 Coaches being Accredited and are seeking them to coach their teams. These coaches will bring into the game that added commitment to training and learning of skill and technique that will put PNG up beside the best Rugby League playing

Countries in the world.

The Papua New Guinea Referee's Association, is working closely with the National Coaching Scheme and they have had 263 people sit for the Referees Exam, 157 people passing, with a knowledge of the Rules of the Game sufficient for them to Referee.

The number of coaches accredited through the National Coaching Scheme is: Preliminary Coaches 475, Level 1, Coaches 152, with the Referees course, it gives us 890 people who have benefited, through the introduction of a National Coaching Scheme. Averaging 33 per month or better than one a day since its inception.

The National Coaching Director, is also involved in the training of Goroka Teacher College Physical Education Students.

These students complete a course in Rugby League Coaching and Refereeing as part of their Physical Education training. This gives rugby League the very same opportunity as other sports in schools and give pupils in Schools

where these Students are posted, the advantage of learning the skills and techniques of rugby League, from qualified people and also learn mini-games that can lead them into Rugby League well equipped to play the game at all levels. Schools Boys, Junior League plus Senior Rugby League.

The National Coaching Scheme.

Has been involved in, conducting Clinics for young people interested in rugby League, over 700 have attended these. Also coaching Forums involving Referees Coaches and players where all aspects of Rugby League have been discussed, from Administration to Ball Boys.

The National Coaching Scheme, is contributing to Rugby League in Papua New Guinea and hopefully it will be allowed to continue, for a second and third term, to reach the ultimate goal for which it was established.

Wau - Bulolo league getting stronger

RUGBY League has been a sport that was introduced in Papua New Guinea during the time of the Australian Administration and where there was a white community their grew a community which put the code into practise.

One such in Papua New Guinea is Wau and Bulolo.

The names of some of the early players and officials in the early 60's: Bob Murphy, Bill McKenzie, Bill Phillips, Bobby Ackerman, John Trevor, Jack Lindquist, Eric Boyd, and his Brother Charles Boyd. Peter Holmes, Dave Smith, Len Price, Mauri Smith, Jim "Chimbu" Anderson, and Dr Kelly Larkin.

Apart from the expatriates there was also nationals who can be called pioneer of the game in that area, such were Komo Aihi, Daniela Gire, John Dobi Roroa Maru, John Chacker and Kalep Kawa, (now the provincial member for Bulolo).

In those day's the competition was low key and there were not many representative games

However in 1966, Maurie Smith and Komo Aihi were selected and were able to play for the New Guinea side against Papua.

Most of the players were employed by the Bulolo Gold Dredging however the league died a natural death in 1968 when players began to move out of the area.

But in 1970 and 1980 the league was started up again.

In 1981 - Mr Franz Arentz was elected the president of the Wau-Bulolo league.

In 1982 Mr Brian Sullivan took over as president of the league and in 1983 Mr Kone Henry was

elected president of the league.

"I found it very hard to run the Wau-Bulolo league says Kone. Firstly because there was not enough players and also that because of financial problems due to a small number of players in the competition it was hard to bring up the standard of Rugby League, because the games were played on and off.

However, this year a number of good players some of which have experienced playing in major centres like Port Moresby like Peter Bebi, Gima Ai, Michael Noah, and Mathias Vineval were able to boost the interest of the league in the centre.

And this year the Wau-Bulolo league was recognised as an associated member of the PNGRFL because of the late payment of their affiliation fees.

Since Wau-Bulolo league was not able to compete in the northern zone trials Wau Bulolo have played their own test matches between the

Ramu.

The development of the Wau-Bulolo league here is growing very fast and it is fortunate that the game of Rugby League now is gaining full support of the community and from individuals within the community who are dedicated in developing the code.

The league's only major problem is the oval is not fenced and therefore there is no revenue.

The Wau Oval was recently fenced by the Provincial government but the oval is also being shared with soccer games

Mr Henry, however, said there needed to be two ovals built one in Wau and the other in Bulolo specifically for the use of Rugby League

"I say this because these two communities here in Wau and Bulolo have players who are just as good as players in other centres. I also believe that players have both the spirit and the morale in developing the league in Wau and Bulolo

Rugby league news acknowledges

AS we remember the occasion of our independence, we think of people who have contributed much towards it achievement.

People like Michael Somare, Moaori Kiki, Julius Chan and company. Likewise in rugby league we think of people like Jim Jacobi, Jeff Wall, Ben Sabumei, Kevin Murphy and company for making rugby league the greatest game of all in Papua New Guinea today

But most of all, we are forever conscious of the stars of rugby league and forget about the "little people" behind the scenes whose efforts have contributed to the development of rugby league over the past ten years.

As our independence fathers receive medals for distinguished services and contributions to national development, we at Rugby League News acknowledge the following for their services and contributions to rugby league

R Albert, K Kearsley, J Amesbury, V Murphy, O Fischer, A Vaname, D Yates, S Bonga, D Mea, N Nicholson, D Downie, P Betson, P Jeffs, B King, P Repatraio, L Pascoe, J Colwell, D Klink, J Collin, P Mullins, A Malori, B Middlemiss, B Humphries, P Aia, P Aisa, J Kevime, G Ainui, R Stewart, R Seymour, L Pettitt, E Baal, G Ainui, T Riles, the late Dr S Tongia, G Cooper, R Cutmore, T Peruka, M Adamson, K Haiveta, S Palanga, B Noi, I Jorgensen, J Taylor, R Anderson, H Greer, M Firth, M Seeto, T Lavatul, J Weise, R Wilkes, A Straube, B Van Heekeren, J Nitsche, Lloyd Robson, Rod Pierce, Dawa Solomon and not forgetting members of the press.

Those who have contributed either directly or indirectly, we acknowledge your efforts also. On this occasion, it is only fair that rugby league doff their hats to you all for making rugby league what it is today

SUNDAY'S grandfinal was certainly a thriller and would have been better if not for the rain.

The K-Aves, I understand are still celebrating West 14-0 grandfinals win over Air Niugini.

It's amazing how our superstitions play a big part in our lives, even in sport.

Notice Air Niugini did not touch the ball from the kick off by Wests. I heard that the ball was put through some Kerema magical work, what ever that means.

But that aside, congratulations to both Air Niugini and Wests and especially to West for bagging the premiership for the third time.

Congratulations also goes to Defence of Lae for taking out their first ever premiership and to all other clubs throughout the country for wins in their respective leagues.

A league goer was arrested at Lang park recently, and was fined \$75 in the Brisbane magistrates court because he had Queensland police badges sewn on his leather jacket.

He pleaded guilty, but said that is uncle had given him the badges. A check through the records showed that the uncle had been convicted of impersonating a police officer.

Talking about cops, heard about the lady driving down Moresby road, steering her car with her knee, as she knitted. A policeman pulled alongside and shouted, "Pull over, lady." She replied: "No, its a cardigan for my husband."

Making a break from the lunatic assylum and brandishing an iron bar the escapee commanded a chinese laundry run and forced the two orientals to drive hellbent to the country.

Unfortunately they came into violent collision with a freight train at a level crossing.

The ambulance recovered two washers and a nut.

Seen on a tombstone
Here lies a father of 29.
He would have had more

All the best to the teams playing during the independence anniversary week. May the best team. For the aspiring national reps, play your best. Whatever you do on the field, do it dilligently, in style and above all do it the Papuan New Guinean way.

Happy playing and celebration to one and all.
Take care Jack Metta.

ISLANDS tipped for first title

by BENNY BOGG

WE could cut our tongues for saying that Southern Zone was thrashed by Islands last Tuesday night during the start of the zone championships, because some of the key players in the Southern Zone team were still recovering from last Saturday's Port Moresby grand final.

Rugby League in its many years of receiving quite a lot of attention in PNG should have prepared zone selectors and players and there need not be any

excuses for physical and medical fitness for players selected to participate in the second biggest league competition in the land.

Thanks to the selectors and administrators in the Island region. Their selection has proved a success on Tuesday when Island displayed a 'give-no-and-take-no-quarter' match over last years champion Southern Zone and easily won by a 20 points margin; 26-6.

I could come close to the truth when I say

that this year could be Islands' number one in the history of zone championship. But as I see it, Islands will take on Highlands in the grand final.

Highlands defeated Northern 28-4 on Tuesday. A much improved Northern Zone backline fired to notch the first four points but a more determined Highlands pack diminished all hopes for Northern's victory.

The score at half time suggested a hard fought match. Highlands' 12-4 led at the half way mark is read parallel to Islands' 14-6 half time score against Southern Zone. Both scored eight points more than their rivals.

The vital match for Highlands and Islands yesterday is a landmark for Island's Zone since 1975. From here they will never look back.

Since 1975 Southern Zone have been masters in race of zone trials. From 1978, Highlands took over Southern again in 1981.

Highlands in 1982 and from 1983, its been Southern Zone all the years after. It tip Islands

So long and all the best

TO ALL league clubs throughout the country Rugby League News would like to congratulate all the teams who have taken out their hard fought premiership awards.

This year's league season was a very hectic one especially to all the teams that tried their best to at least put up some strong resistance.

RLN also would like to thank the club executives for their unending support to their players supporters and especially to the greatest game of all.

Our season has finally come to an end and for our loyal supporters it will be a game they will miss. But remember that next season, we hope that you will be still supporting the greatest game of all because Papua New Guinea will be heading for big things.

1985 has surely been a year where many leagues can boast that they have gone one step ahead.

Finally Rugby League News would like to wish every one a happy Tenth Anniversary.

And next year we hope to eclipse the whole of Papua New Guinea in order to produce a bigger and better paper. Until next season, take care and all the best!

Yours in Rugby League

Defence's big deal!

ELA Motors has announced a comprehensive sponsorship package totalling K10,000 for the 1986 Port Moresby Rugby League Season for the Toyota-Defence Rugby League Club at a function hosted by Lt. Col. Vagi Mai, president of the Toyota-Defence RFL Club and Senior Defence Force Officer with Brigadier - General Ken Noga in attendance to officially accept the Sponsorship Agreement from Ela Motors Advertising and Marketing Executives.

Also in attendance was Lt. Alois Erebebe - Port Moresby's Rugby League 'Player of the Year' and retiring 'A' Grade Coach Jim Taylor.

Ela Motors, who are official sponsors of Port Moresby Junior Rugby League for the next 5 years, will be continuing their sponsorship of the entire Defence Force Rugby League Club in all Grades (Under 17's, Under 19's, 'C' grade, Reserve grade and 'A' grade) for the 1986 season.

* Brian Taylor, personnel manager of Ela

Motors who was standing in for his Divisional Manager, Adrian Collins, who was out of town and not able to be in attendance at the function, said in presenting the sponsorship agreement to Brigadier-General Ken Noga that Ela Motors and Toyota, who came together with the Defence Rugby League Club in 1985, were proud to be associated again for 1986 and with closer support by the Ela Motors executive team he was sure Toyota-Defence teams would be in the winners circle towards September next year.

WEIGHTLIFTING
IN P.N.G.

A team of eleven competed in the Australian Powerlifting Championships held in Brisbane, the team consisting of Barry Hughes Manager, Michael Mexico Coach, Roy Yali and Danny Pakalu Officials (to gain referee experience) Tias Tuna, Michael Matsi 60kg Division, Jacob Kuila, Jwila Jacobs 67.5kg Division, Linus Hopabul, Doasa Kobusu 75kg Division and David Teiko 82.5kg Division.

As guests of Australia the team could not win any titles but the performance of our lifters impressed and surprised the Australian Officials that much that the lifters were presented with awards.

Papua New Guinea can be assured of our future in this sport after the Australian Officials complimented the team on their World Standard. Michael Matsi and David Teiko were most outstanding in their Divisions.

GRADE 10 CERTIFICATES

Making movement easy

— Friction in cars

When a car's wheels turn they should push against the road. If they slip or skid then the car cannot move properly. So there should be a lot of friction for the tyres on the road.

The road and the tyres should not be oily or slippery. If they are like that the friction is reduced and the car cannot move properly.

* Replace a tyre if it is worn. New tyres let any water on the road get in the spaces in the tyre. Then the rubber can grip the tyre.

Special tyres are made to give a lot of friction in loose sand or mud.

New tyre — grips a hard road well, even if some water is on the road. This gives a lot of friction.

Tyre to give friction in sand or mud.

On an old tyre the rubber is worn smooth. If the road is wet the rubber will slide on the water — there is not enough friction.

Reduce friction in engines

Inside a car engine are parts which move. These parts must move easily past each other, so there should not be a lot of friction.

Oil is used to reduce friction in the engine as oil is very slippery.

- * The oil should be clean. Any dirt in the oil will rub on metal parts and make friction.
- * There must be enough engine oil for the moving parts. Oil is pumped around the engine to many of the parts. If there is not enough oil, some parts may have too much friction. They might then get worn away.

The parts inside an engine must move easily. They need oil.

SANDE NAMBA 26 BILONG SIOS

YIA

(1 Oktoba 1985)

Long stori bilong tude (Mak 9:38-43) ol aposel i jeles long wanpela man i kolim nem bilong Jisas na i wokim sampela mirakel. Ol i no laik.

Tasol Jisas i tokim ol, "Yupela i no ken kros. Larim dispela man. Sapos em i singautim nem bilong mi, em no ken egens long mi. Man i no wok egens long yu, em i helpim wok bilong yu yet."

Tude yumi gat planti lain kristen na olgeta ol i pait wantaim ol narapela. Long PNG i gat moa long 34 lain kristen. Wan wan i tok em i mekim wok bilong God; wan wan i tok em i lain i tru na ol arapela i rong. I gat wanpela stori nating long dispela samting. Stori i go olsem.

Jisas i tokim mipela, em i no bin lukim wanpela pilai soka yet. Olsem na ol pren na mi i kisim em i go long wanpela bikpela pilai. Tupela strongpela tim tru i pilai. Nem bilong wanpela tim Katolik Kauboi; na nem bilong arapela tim Luteran Lakiman.

Orait, gem i stat na ol Kauboi i givim namba wan gol. Jisas i amamas na i singaut strong. Tasol kwiktaim na ol Lakiman tu i givim gol. Wantaim moa Jisas i kalap na sanap antap long sia na i singaut na amamas.

Wanpela man i sanap klostu em i lukim na i longlong nau. Em i sutim pinga long solda bilong Jisas na i askim, "E, yangpela yu smabai long wanem tim?"

"Mi, a?" Jisas i bekim tok. "O mi no sambai long wanpela taim. Mi amamas long gutpela pilai tasol." Na em i lap na i paitim han gen.

Man ya i harim dispela tok, na em i tanim long poroman bilong em na i tok, "Wanpela blari haidenman tasol i ken tok olsem, long taim ol Luteran na ol Katolik i resis long pilai."

Taim mipela i wokabaut wantaim Jisas na i go bek long ples, mipela i skulim em long pasin bilong ol sios tude ... olsem wanem na ol i resis na pait nabaut namel long ol.

Na mipela i tokim em olsem, "Bikman, tude olgeta wan wan sios i save ting God i stap long sait bilong ol, na em i egens long ol arapela sios."

"Yes, mi save pinis," Jisas i tok. "Na bilong dispela mi no tingting tumas long ol kain kain sios. Mi tingting long ol pipel. Sios i no mekim pipel. Pipel i mekim sios."

Mipela i harim dispela tok na mipela i givim tok lukaut long Jisas. Mipela i tokim em olsem, "Lukaut, Jisas. Kain tok olsem i bin kilim yu indai bipo..."

"Yes, em i tru," Jisas i tok. "Na husat i bin kilim mi i dai? Ol man i strong long sios bilong ol tasol." Na em i smail.

Sapos yumi resis long toktok long wanem sios i namba wan tru, na wanem sios i tru olgeta - bai no gat samting i kamap. Toktok tasol. Kros tasol. Long wanem, i no gat wanpela man o meri i bilip tru, ol arapela sios ol i inap long soim bilong em. Sapos em i bilip olsem, bilong wanem na em i stap long dispela sios bilong em, na i no long arapela sios?

Wan wan sios i olsem wan wan rot i go long God. I gat kain kain rot, i gat kain kain sios. Sapos yu laik save wanem rot i win, yu mas save wanem rot i bin bringim moa manmeri i kamap long God. Na hia long graun husat bilong yumi i ken save long dispela samting?

Sios i mekim ol pipel insait long em i holi na i santu na i gutpela manmeri, dispela sios i win. Em i wok bilong olgeta sios. God wanpela tasol i ken save husat i win long dispela wok. Long wanem, i gat planti planti sios tu i no kristen olgeta. Na yu ting wanem, ol memba bilong ol i lus? Ol i no inap kamap long God, laka?

Olsem Jisas i tok long gutnius bilong tude gen, "Sapos ol i wok wantaim yumi em i min, sapos ol i mekim ol man i holim na i bringim ol long God ... ol i no egens long yumi." Ating yumi jeles tasol, olsem ol aposel long stori.

'85 Championship cancelled-Netball

THE 1985 National Netball Championship scheduled for Arawa at Independence Weekend have been cancelled due to the very high travel cost involved and the failure of netball associations to pay their affiliation fee to the Federation.

To get all the interested teams to Arawa was going to cost K62,000 in airfares alone. Many of our small associations could not afford the K4,500 per team and there are so many

fundraising activities going on in the provinces for Independence celebrations, money is very tight.

In addition to this the failure of associations to pay their affiliation fees, despite having the deadline extended twice has been another deciding factor. By the last deadline of 15 August only two associations had paid in full and another two had made part payments from the thirteen associations previously affil-

iated this response is not good enough.

The Federation Executive has no alternative other than to cancel this year's championship. It is a shame that we have had to reach this stage when netball is really growing throughout the country. Hopefully associations will learn from their slackness in 1985 and make more concerted efforts in the future.

Despite the championships being cancelled enthusiasm in

two regions will ensure that some representative games will be played. Alotau will host matches against Popondetta, Misima and Samarai during Independence Weekend and then on 28-29 September Madang will host a New Guinea Region Tournament involving Senior and U-19 teams from Lae, Madang, Goroka, Wewak and Vanimo.

The Annual General Meeting of the Federation will however still take place because it is

election year and there are a number of important matters that have to be discussed.

The AGM will be held in Madang on Saturday 28 September and all associations are urged to ensure that they have two representatives at this meeting.

Nominations are now open for all positions on the executive and should be received by Jan Waddy no later than 21 September.

The Bill Of Rights For Young Athletes

From PNG Association For Health, Physical Education and Recreation

HERE is good news for Papua New Guineans who love sport and wish to see the young generation develop a high respect and a relatively good standard of sport in senior level some ten years from today.

Compiled by Benny Bogg

The recently established PNG Association for Health, Physical Education and Recreation which John Newton is the president of is all out to encourage children and youths in schools and similar institutions here to employ fair play codes in sport.

This code is adapted from the Canadian Council on Children and Youths' in sport in their country but the association believes that this code is appropriate for our young sportsman and women.

The association sees schools as a vehicle to favourably arrive at the aim of producing proper sports people in the country.

The association has also adapted the widely accepted American Alliance for Health, Physical Education and Recreation's Bill of Rights For Young Athletes" for use by sporting bodies here.

I quote the rights of children in sport as provided by the association.

"All children have the right to:

- participate in a range of sports at a level suited to each child's maturity and ability,
- play as children and not as adults,
- qualified adult leadership,
- participate in a safe and healthy environment,
- share in leadership and decision making,
- proper preparation for participation in sports,
- an equal opportunity to strive for success,

- be treated with dignity,
- have fun in sport,
- be set a good example by senior players, officials and spectators.

Based on these rights is a set of codes of behaviour to serve as a practical guide to reinforce the positive elements of children's participation in sports."

The association has produced a booklet that recites these adapted codes of fair play titled, Position Statement on children in Sport with Fair Play Codes.

The Players Code

1. play for the "fun of it," not just to please your parents or coach.
 2. play by the rules.
 3. never argue with the officials' decision. Let your captain or coach ask any necessary questions.
 4. control your temper - no "mouthing off," throwing bats or other equipment.
 5. work equally hard for yourself and your team - your team's performance will benefit, so will your own.
 6. be a good sport. Cheer all good plays, whether your team's or your opponents'.
 7. Treat all players as you yourself would like to be treated. Don't interfere with, bully or take unfair advantage of any player.
 8. Remember that the goals of the game are to have fun, improve your skills and feel good. Don't be a show-off or always try to get the most points or penalties.
 9. co-operate with your coach, teammates and opponents, for without them you don't have a game.
- Wantok Sports will bring out codes for others who do have some influence on sport in general in the next issues. Keep in touch.

Notification to all clubs/teams affiliated to P.M.S.A.

At the executive committee meeting on Monday 9th September 1985 it was decided that should there be any further occurrence of spectator, club official or player abusive behaviour towards any officials acting on behalf of P.M.S.A., then all games will be suspended for the 1985 season.

We regret that this decision has had to be taken, particularly because the majority of clubs are well disciplined and spectators/supporters well behaved, and we take this opportunity to thank those clubs for their support.
