Re: Conversion of University of
Chicago Group Insurance

Dear Dr. Szilard:

After several long distance telephone calls and three letters, I have finally straightened out the conversion of the \$13,000.00 group policy insuring your life through the auspicious of the University of Chicago, the policy being written by the Prudential Insurance Company of America.

Conversion must take place within 30 days after you terminate employment. However, I would like to have the matter attended to without delay. Accordingly, I have obtained from March & McLennan the agents in Chicago, the enclosed form for conversion which must be signed by you adjacent to your pencil marked initials and the City and date inserted at the check marked places. A witness other than Trudy must sign at the X mark.

After you complete the application form as described will you please mail it in the envelope herewith directly to March & McLennan together with a check to the order of Prudential Insurance Company of American in the sum of

Dr. Leo Szilard

March 6, 1964

\$1,204.19, the first year's premium. Since you are not being examined at this time the premium rate is \$92.63 per thousand. As a matter of precaution, I suggest that you mail the form and check to Marsh & McLennan by registered return receipt mail. A brief letter to the firm to the attention of George A. Rickel should also accompany. I would appreciate receiving a copy of said cover letter.

If you have any questions, please call me.

Kindest regards to you and Trudy.

Sincerely,

Shirley Cherin

Dear Szilard:

Enclosed herewith is letter received from your Washington accountant. Questions one and two can be answered by me but I do not have the details for question number three. Accordingly, will you please reply directly to Mr. Bernstein advising him that Hungarian royalties were your separate property, long term capital gain your separate property and at the same time advise him as to question number three.

Thank you for giving this your prompt attention and kindest regards to Trudy and yourself.

Sincerely,

Shirley Cherin

Dear Dr. Szilard:

Enclosed is a specimen Certificate of Insurance of Western 65 program. Please note on page 10 the conditions of termination of insurance. I also enclosed folder applications for Western 65 if you are interested.

I also enclose an outline of Major Medical plan offered by Continental Assurance. You can see that cost of this insurance is somewhat less than Western 65. In order to obtain this particular policy it is necessary to sign an application and complete it. If you wish to proceed, please let me know and I will be glad to get together with you and Mrs. Szilard to complete necessary application.

Yours very truly,

PERCY H. GOODWIN CO.
