i dont doubt

i decide before desc only by color or measure what is decoded
is not ours personal is a parent we are all libidinal we dont
make objective decisions we dont whimper we dont define language
as cruel as teachers we are simple by our coded language we are
before with it we are simple we offer we make choices only
code poems
to inhibit ourselves on the language front we are ourselves we
are libidinal we are choices too often personal opinion describe
is only a picture what is learning is our special self under
control is our speach objects we shall give him away our objects
are given away we are clear we dont disease instr we are learning
like us indians only personal opinions are awful we dont like
personal opindescriptions our choice of words is simple we make
a point of it with the object we publish we dont use our language
to hurt other people we are often unemployed we are often street
bums who show us power like us like bruce andrews shuts up and
be followed as our leader was we are struck with our oil atlantic
we are opening girls description is only personal who is quiet ^{shows}
who is quiet repeat shows who is listening publish who is our
teacher our simple lord who is funny what word expresses that
our distinct word is often reading our minds t e c h n i q u e s
of learning introducing ourselves we called it once switching
it around so we lets us underless our silly our complete adverbs
show discipline people who work show people who are our people
just introduce who is our socialist leader should be our last
line instinct is our page unlimited by our second sheet choice

by name

discipline our second sheet is our second sheet show discipline
our drol lord return to work we are disciples forbid very angry
to follow our dinner plate is our special undress on our table
this is description of words who are able to lead only our simple
only under our table ron hurry sillimlast nameman teaches us
lost our contrary words our difficult our speach is underless
we are difficult leaders we are disciplined we are words
like us thats transference us words bruce complete us thanks
complete description is our lords tool undress get under the
bed hannah has a laugh under the bed we undress thats description
hannah we us discipline we dontorient we like silk we eat onions
thats description us unless phil niblock comes we are desolate
that word showsopinion we shucks that word opinion we eat
lunch sorryster ron silliman is across the table socialist
eat onions thas directive show underlines control your mind in
our breakfast we are difficult we show description we are all
underlines working i think us less we dont opinions who cares
if we shucks we dont opinions we dont unless clause which demands
of because which shows ability curse to remind engage us opinions
we dont across the table we dont unless we dont show the plague
we show discipline we always do the simplest we are followed
by the truck we change address the house not ours we work
indefinite the page rebels the women rebel off the page the
description and show us our leader well that garage stinks clean
it up and our memory hannah it would be dont show power on the
streets absolutely ok to end it with us clean the streets and work
our on the streets the end description of the workers rebel
who is our socialist leader
