

The Red Hot Chili Peppers to perform

February 24, 1986

THE RED HOT CHILI PEPPERS WILL PERFORM AT UCSD

It will be hard to stop feet from tapping when "The Red Hot Chili Peppers" perform their outrageous style of funk-punk music at the University of California, San Diego Main Gym on Friday, March 7, at 8 p.m. This event is brought to San Diego by the University Events Office.

"The Red Hot Chili Peppers" performance will include songs from their first album, "Red Hot Chili Peppers," and tunes from their second disc, "Freaky Styley." The band describes themselves as a look, energy and excitement that is bound to bring a smile to fans. They say, we are the "poppinest, hoppinest, rockin' and a groovin' ultimate bunch of funkalators to ever perk out of the city we call Hollywood."

With two successful albums on EMI/America records, the band's producer, George Clinton, said the group makes a lasting impression with their off-the-wall performances.

General public admission is \$10, student admission is \$7. Tickets are available at TicketMaster and at the UCSD Box Office.
