SAN FRANCISCO STATE COLLEGE

OFFICE OF THE REGISTRAR

SPRING SEMESTER 1957

EXPLANATION OF THE CHANGE TO 4 POINT GRADE POINT SYSTEM THAT APPEARS ON YOUR PERMANENT RECORD.

During the fall semester, your record in the Registrar's Office was converted to the new four-point grade point system. This conversion was accomplished by the following method:

1. The new grade point values were entered ahead of the fall semester entry on your permanent record as follows:  
"F'56 Grade Pt. Converted 4 Pt. Syst." "A-4; B-3; C-2; D-1; F-0."
2. The cumulative totals were converted to the four-point scale by adding to the last entry in the grade point column (column three) the number of graded units in column two.

EXAMPLE:

	Cumulative Totals		
	Units	Gr. Un.	Gr. Pts.
	Earned	*	**
Last Entry	62	60	117
G.P. Conv.	62	60	177

In this example, the Grade Point average under the three-point system would be 1.95. After the conversion to the four-point scale, the grade point average would be 2.95.

PLEASE NOTE THAT THE CONVERSION DOES NOT ALTER YOUR G.P.A. (GRADE POINT AVERAGE) IN ANY WAY.

This conversion allows you one grade point for each unit of credit attempted for grade points under the former three-point system.

Dear Miss Oliveros:

It is my pleasure to announce that you will be among the outstanding students to be recognized at the all-campus Honors Convocation to be held Thursday, May 14, at 11 a.m. in the Main Auditorium. Immediately following the ceremony, you will be honored at a reception in the Band Room, Room 224, Creative Arts Building.

Your parents have been invited to attend both the Convocation and the reception, for which all classes will be dismissed. Therefore I sincerely hope that you will be able to attend.

Cordially yours,

Alan W. Johnson  
Associate Dean of Students

San Francisco, California

Dear Pauline:

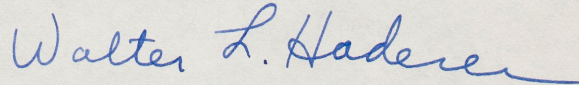

I am happy to inform you that the Music Scholarship Committee of San Francisco State College has chosen you as a recipient of the Mu Phi Alumni Scholarship.

The terms of the scholarship are as follows:

1. Payment of the general tuition fee, (\$28.50 per semester) for two (2) consecutive semesters by funds from the Frederick Burk Foundation for Education.
2. To insure eligibility for all semesters the recipient must remain a music major in good standing at San Francisco State College.
3. Upon completion of registration, please report to Dean Gerth's office in the Administration Building to secure an authorization to be presented at the college Business office so that you may pick up your scholarship.

On behalf of the committee I should like to congratulate you and welcome you to San Francisco State College. I hope you will accept the scholarship and enjoy your work at this school.

Sincerely yours,

Walter L. Haderer, Chairman  
Music Scholarship Committee

# The Graduate Record Examinations Institutional Testing Program

## *Score Interpretation Leaflet for Students*

The tables in this leaflet present data describing the performance of seniors who have taken the Graduate Record Examinations. Summary data are presented in terms of the per cent of seniors scoring lower than selected scaled scores for the Advanced Tests, the Aptitude Test, and the Area Tests. Scores on all tests are reported as three-digit scaled scores ending in zero.

You may compare your performance with that of the seniors whose scores are included in these tables by noting the per cent of seniors receiving a score lower than your own. In making this comparison, you should keep in mind that your relative standing in the tables presented here may be quite different from your relative standing among students in your own class or in other groups who take these tests. For this reason, it is suggested that for further information regarding your scores, and for advice and counsel relating to your performance on these tests, you should consult your dean or adviser.

### *Advanced Tests*

Table 1 presents summary data for the Advanced Tests. The scaled scores on these tests generally extend within the limits 200 and 950; however, there are variations in the extent of the scale from test to test.

### *Aptitude Test*

Table 2 presents summary data for the Aptitude Test. The scaled scores on this test may extend within the limits 200 and 900. The data are presented for men and for women, as well as for the total group.

### *Area Tests*

Table 3 presents summary data for the Area Tests. The scaled scores on these tests generally extend within the limits 210 and 860; however, there are variations in the extent of the scale from test to test. The data are presented for men and for women, as well as for the total group.

To Whom It May Concern:

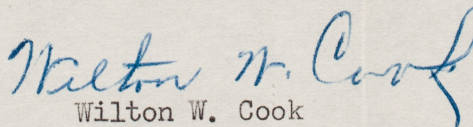

I am delighted to recommend for your consideration Miss Pauline Oliveros, a former student of the University of Houston. I have known Miss Oliveros for a period of several years and I feel qualified to evaluate her work.

We have never had at the University of Houston a more serious and studious student. Pauline simply lived in the realm of music. She has taught, she has written and composed, and she has appeared in concert. In any one or all of these activities she has excelled. I feel that she is a natural born musician and will lend distinction to the field of music.

She is a quiet, unassuming young lady, and evidently one who has never had a great deal of material wealth. She has never been able to buy and wear the beautiful clothes that many of our young artists would wear. Pauline spent all of her earnings in tuition and buying added material and equipment for her career. This, I think, bespeaks of her character.

I am enclosing a program of our Fine Arts Festival of last May. You will note that Pauline made a real contribution as a student. I feel that she deserves any consideration and help that you can give her, and I feel that she will merit everything that is accorded her. I shall be grateful for what you can do.

Sincerely,

Wilton W. Cook  
Chairman, Division of Fine Arts

Dr. Paul Koepke, chairman of the theory department of the University, has written this work based upon the sonnet, "Remember," by Christina Rossetti. The mood is reflected in the opening lines:

"Remember me when I am gone away,  
Gone far away into the silent land."

"The Heavens Are Telling" is the chorus which salutes all the achievements of the fourth day in the oratorio "The Creation," one of the greatest in choral literature. After the delineation of each day of the six in the creation of the universe, the chorus comments upon it in singing a mighty hymn of rejoicing and praise.

"This Is America" was written in 1941. The occasion was the fourth season of the Bach Festival in Greenville, South Carolina, which Dr. Lewis originated and directed for eleven years. The text, based upon a patriotic poem, is by a New Jersey poet. The music seeks to depict the various word pictures which Mrs. Conger has created in expressing what makes up our America.

\* \* \* \*

"Down In The Valley" tells the tragedy of a young man and his girl, and of their brief period of happiness together. At the beginning of the opera he is awaiting execution for the crime of killing a man. He escapes in order to see his sweetheart once again, and with her re-lives in retrospect their brief courtship. Finally, at peace with himself he goes back to jail to await the morning which is to be his last.

Parts of the score are based on American folksongs. Included are "Down In The Valley," "The Lonesome Dove," "The Little Black Train," "Hop Up, My Ladies," and "Sourwood Mountain."

\* \* \* \*

It is interesting to note the considerable amount of contemporary music which is being heard on the Festival. The dance program is featuring music which is brand-new, written especially for this program. The operas, "The Telephone" and "Down In The Valley," are by contemporary composers, although Mr. Weill has recently passed away. On the band program there is music by Cowell, Copland, Morrissey, and Skinner, all of whom are contemporary American composers. Dr. Koepke is being presented in a premier performance of his orchestral work and Dr. Lewis is conducting his work for chorus and orchestra. On the choral program appear such names as Holst and Randall Thompson, the latter one of the eminent figures in American music.

The exhibition in the Lobby and Faculty Lounge has been arranged by Mr. Bernhardt Lemmel, chairman of the Art Department, and represents work by students and faculty in this department.

\* \* \* \*

The Radio Department, John Schwarzwaldler, chairman, and William T. Davis, chief engineer, is broadcasting and recording the entire Festival.

\* \* \* \*

The Festival is indebted to the Carter Music Company for its interest and support in permitting the use of the Steinway piano for the opera performance on the final program.

\* \* \* \*

The Houston Delphian Assembly continues to support the Fine Arts program in the selling of tickets for the Festival. The funds realized go into the Delphian scholarship which is used entirely for students attending the University of Houston.

Miss Pauline Oliveros  
916A Ashbury  
San Francisco, California

Dear Pauline:

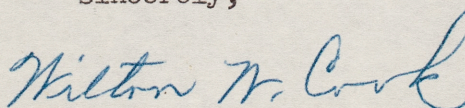

I was delighted to hear from you and to know that you are contemplating returning to school. I hope nothing will prevent your completing your degree.

I am enclosing a letter of recommendation that you may use in any way that you desire. Should you need extra copies, I recommend that you make carbons and mark them "copy."

We continue to be very busy here at the University of Houston. Our enrollment this fall turned out to be considerably better than we anticipated. This, of course, makes us all happy. The music department has had several student recitals and have had two faculty recitals up to this time. The Christmas program, to be given on December 8, is the big project on the minds of everyone now. I saw Bill Palmer the other day for a few minutes. He is well and busy.

Please keep us informed of your activities, for we shall always be interested in your welfare.

Sincerely,

Wilton W. Cook

To Whom It May Concern:

I am delighted to recommend for your consideration Miss Pauline Oliveros, a former student of the University of Houston. I have known Miss Oliveros for a period of several years and I feel qualified to evaluate her work.

We have never had at the University of Houston a more serious and studious student. Pauline simply lived in the realm of music. She has taught, she has written and composed, and she has appeared in concert. In any one or all of these activities she has excelled. I feel that she is a natural born musician and will lend distinction to the field of music.

She is a quiet, unassuming young lady, and evidently one who has never had a great deal of material wealth. She has never been able to buy and wear the beautiful clothes that many of our young artists would wear. Pauline spent all of her earnings in tuition and buying added material and equipment for her career. This, I think, bespeaks of her character.

I am enclosing a program of our Fine Arts Festival of last May. You will note that Pauline made a real contribution as a student. I feel that she deserves any consideration and help that you can give her, and I feel that she will merit everything that is accorded her. I shall be grateful for what you can do.

Sincerely,

/s/ Wilton W. Cook
