## **UC San Diego Associated Students and Graduate Student Association Issue Statement Regarding Che Café**

UC San Diego Associated Students and the Graduate Student Association issued a joint statement pertaining to the Che Café. Both councils formed committees composed of undergraduate and graduate students that worked through the fall and into the winter quarters. They met with both University administrators and Che Collective members to address issues related to student involvement, safety of the space and funding for necessary repairs. As a result they issued a statement based on their committee process. To read full the statement, please visit the AS and GSA websites or the links below.
