PALOMAR MOUNTAIN
CALIFORNIA

March 16th, 1931

Mr. Frank Salmons,
San Diego, Calif.

Dear Sir;

As your property adjoins mine, and I desire to put up a fence, I would like to know if I can get two hundred posts off of your property, at no expense to me, for that purpose.

I will cut no live timber, taking fallen logs only, or dead standing timber that the fire has destroyed.

Yours truly,

Wm G Beach.

I don't see any reason why we
should furnish post so

Dear Sir:-

Your letter of March 16th at hand.

I am part owner in several tracts of land on Palomar Mountain and I cannot tell from your letter from which tract you ask to take some timber for fencing. I wish you would draw a little diagram showing your land and mine and where you wish to fence. Upon receipt of same, I will take it up with my partner and give you our decision.

Yours very truly,

Dear Sir:

The following diagram shows where our respective properties
adjoin, and where I wish to fence; also the cross designates where I
wish to get the posts.

Yours truly,

Dear Sir:-

In reply to your last letter, I will say that
I took up the question with my partner, Mr. Ed Fletcher,
and he is willing for you to take the posts off our
land, provided you do not cut any live timber.

The only thing he and I insist on is that you
have a competent engineer, that you have confidence in,
stake out the boundary between our land so as to put
it on the red line as indicated on your map. No doubt
you know the trouble Dr. Bailey is having over a line
fence and it would be so much better to get it right in the
first place.

Yours very truly,

FAS/T
