Dear Sir:-

We have just published a new catalog and will be glad to mail a copy to your address if you are interested in the subject of water filtration or if you have any intention of installing a filter plant. This catalog contains some useful information on various subjects and illustrates and describes many of our filter installations.

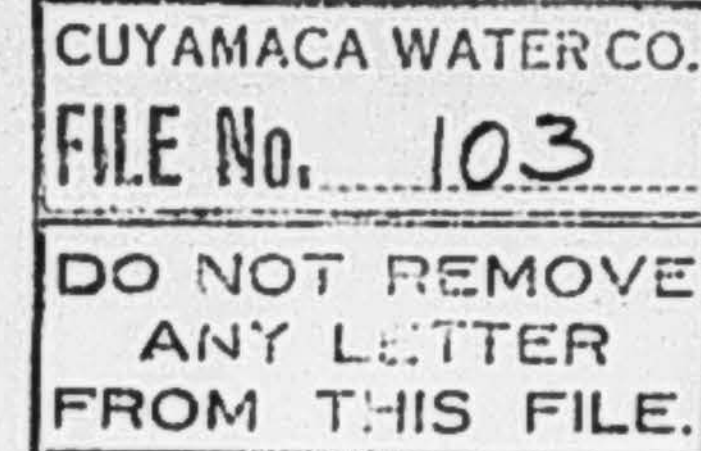

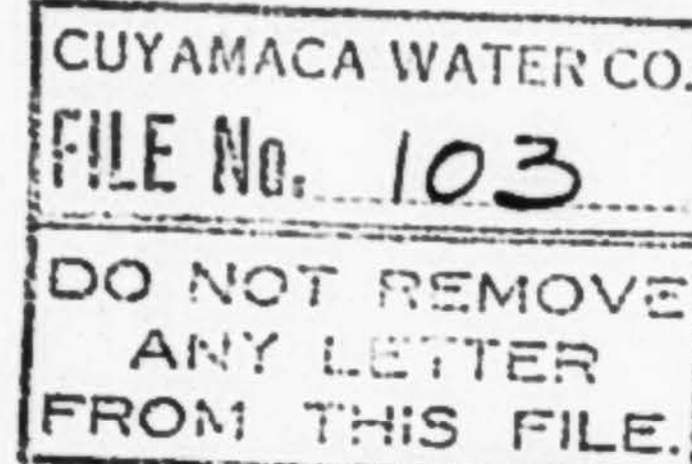

Will you be good enough to inform us whether there is any likelihood of your being in the market for a filtration plant in the near or distant future. If you are already using filters and should require repairs of any description we would appreciate an opportunity to quote prices.

Hoping to hear from you in reply hereto,
we are,

Very truly yours,

AMERICAN WATER SOFTENER CO.

Gentlemen:-

Your letter of October 27th to our Superintendent, Mr. Harritt, regarding catalogue on the subject of water filtration, has been received.

We would be pleased to receive this catalogue and will state that the ^{probability} ~~possibility~~ is that we will install no filtration system at least during the next year, although at the present time we are badly in need of filters.

Very truly yours,

Assistant Manager.
