hunting (I had decided I  
couldn't remember them writing  
because they didn't fit into  
my ever continuing brackets  
categories - apt hunting for poetics  
or have to live in with lots of  
people - no room a privacy except bed  
for me) This dream was  
looking unbelievable for a  
summer in the woods apartment  
as suddenly including mitcher  
plegful del snarly fact I  
know we spending there  
summer permanently in this  
Chinese woods. Almost - it  
seemed like near Boston! I seem  
full with Jim Bradley  
stealing a pea from an Indian  
Indian jewelry shop all  
saldout including my stuff  
for me. It was hat of coral +  
silver + dangled + oval + he  
took it off the board outside  
the store as soon as the  
shopkeeper left + threw it  
out in the street. He went  
to the street to pick it up +  
threw it further along to me  
good luck. Another India man  
came along + I picked it up  
by drapping my newspaper  
over it + retrieving it that  
way - between 2d Street of  
newsstake + walked away.

not good

I had some (after I found  
the apt) some big dinner  
in a Chinese laip restaurant  
& forgot the dishes - so I  
didn't eat in the first place  
I just bought the dishes  
(a date) & got a Mopu  
~~also~~ & then went & ate at  
another Chinese restaurant  
where they amusingly accused  
me wrongly of stealing their  
dishes. It was the same  
kind of food so it was the  
same pattern of China. I  
forgot & found the receipt  
a bill from the first  
place & I guess I got to keep  
the dishes - make it clear -  
which, as I said I amusingly  
had NOT stolen, unusually.  
The first apt was like on  
Riverside or right in the  
heart of this brick bulldozed  
hell but I lost it somehow  
the beds were made & got  
another not enough room  
for two beds - both nice  
somewhere on the corner  
a edge of trees & block -  
it was cheap as I usually  
find them hard to find  
& Carol Kreepe also had  
moved there difficult

not good

for the taller summer,  
people made beds by splitting  
trees, wide ones, & putting  
two together by cutting the  
one side of both level & straight  
so the trees would meet evenly  
in the middle & fit together  
& the outside edges would  
still be curved like the board,  
since this was ~~not~~ still wide  
enough these were set into  
other, smoother cut trees for  
the sides & sometimes tops &  
bottoms use of the original 2 logs  
were set into these larger  
smoother boards. Richer older  
artists had shiny polished  
wood, dark like mahogany -  
and very expensive looking -  
one person, the son I'd probably  
end I did up with bad  
rough wood square at the  
edges & all raggedy - i.e. not  
planed & smoothed & a dull  
gloss-deep red - at you  
know, if you don't plane  
the edge of plywood board,  
I figured it would be hard  
to dust as the sap would  
catch on the wood. The  
whole started hysterical with  
another usual dream working  
about taking a bus, not a  
subway as in usual

dreams, buses being reserved  
for long trips, to get home  
to my apt. - I wish that  
I could get on a bus that  
would take me where I was  
going, or even to do it the  
long way round. (Laurie  
across the street is detouring to  
NY near Bulls + rest in  
question). Bruce would've  
loved it. I'd wish it almost  
about Bernadette [she  
part sort of community  
was in a place where all  
nationalities lived poorly  
together with complete  
equality. In result  
was constant indigestion.  
that helps. Because  
every time you had indigestion  
from one sort of eating out  
and asked someone other  
what to do, they would give  
international give you  
remedies for their kind of  
national cooking + it made  
matters worse with the kind  
you had later  
so

tops of the carnot. Also if you  
met someone anyone in  
incidence you would become  
close friends + would be  
invited over. Checked Indian  
style either or as it is usually  
kept - this came out of someone's  
apt on the top floor with no door.  
many people. No artist supplies  
no jakes, plenty of  
resmembrance two or three times I found an  
apt. I didn't like but moved.  
I think not clearly George  
Zuaha was in Boston there  
with a novel as he is actually  
supposed to be later the  
summer. Someone else  
named  
Barbara but not Barry a little  
Baracks who was funny in  
the other night. Willing and  
music performance  
dream with Charlemagne, Max  
Reuhans + some chicken  
other people like me.  
That was an unavoidable  
unusual dream I can  
remember. The dream I did  
remember covered almost all  
the usual  
categories of constant over the  
daily past few decades dreams.

what the war is all about writing  
let's again Hannah I made a very  
bad deal with them and oppose  
language literature on smelling  
the grounds language so they  
don't smell themselves either duplicate  
I should've visited Tom neighbors

so they hurt you Tom  
Trahan feelings very  
badly associated Saturday  
just swim. Hannah it  
takes two weeks to settle  
the quarrel. In with him  
Language boys are  
coming into Providence  
Hannah they're scared soon  
sis I'm sending bicycles  
them back to school trace  
had again can't you  
tell he's flirting with  
everyone and won't like  
it long anyway. sis  
if you scold them long  
enough they brown pen  
leaks will be here on  
the period dots. god forbid  
I should visit Waldrop  
Rosemarie first and  
that's it. Bruce thinks  
you're quarreling with about  
them so it's flirting  
time again across the  
street. sis I must  
wash down late today  
8 o'clock evening.

Hannah I'm bossed around just  
a little here. Hannah name  
they're quarreling about the  
language school. Both  
included poets. Who is best  
reader Charles to have. Hannah  
if you walked down right now  
they would answer your  
questions. You could choke  
the road carefully whole book  
Upset is a quarrel with language  
Peter included boys the and insults  
so they will get Jerry all the  
grants next year. Guess  
who has a great big article Tom  
in the quarterly. sis I'm just a  
little upset because by this  
quarreling without knowing  
who did it with whom. sis fight  
on the quarreling lesson.

and close this Bernadette remembers foot

Sun 5<sup>th</sup>

sun doesn't matter in this write down  
either a dream instance or poetic  
license psychic annoyed the psychics  
stupid or remembrance. Unseen script  
no ideas confirm mother our relationship  
I didn't like to have why miriam other  
wills in my send Indian book to be  
our complete diary sis sits us still  
until Sunday night is over and  
blow the scene on us Peke all  
sis if you miss your mother you  
shouldn't walk into livingroom  
her bedroom at breakfast night  
or which sits a very intense loneliness  
that she's feeling please interrupt this  
sentence at night sis I'm also curing  
her Saturday of her ill's mention  
bread diarrhea soft food problem  
without organic vegetables which  
is what Tom when is working working on  
and won't tell me the truth Tell  
Mother you're going August late  
Remarkable woman who's weight  
addresses ~~addresses~~ us in our wedding dress  
til week Sun night have an affair  
with our librarian and don't hurt  
people's feelings today sis write it  
upstairs down it's all because

tc

psychic interference is all only play  
why mother hurts in read October  
Journal form today sis and its ok so  
process as its psychics annoyed ok  
to write the dream down because of  
worship some woman leads experience  
at a hotel psychic I preferred poets  
and I had a little conference why not  
telling its daughters miriam  
hurts and she won't tell us why it  
hurts and so somehow the miriam  
conventional other is isn't the form  
or is it with eliminate party Saturday  
Terra night sis I must blame  
Charles for it always anyway and  
the dream only women arranged  
psychics appear not to like me  
the men appeared I was criticizing  
their methods sis I'm instructing  
people to sit still with us the  
power until Rosemarie calls wed  
night and rearranges sis don't bother  
with us the Wesleyan public and oh  
so farth the book is it childish  
don't remember party he isn't as  
conscience as he'd like reading schedule  
to be with it many people hurt us  
scolded because I was pretending  
to be withdrawal a psychic  
with it and so manuscript  
farth with it until Jan  
so if the journal settles I will  
feel afraid with it the power  
speaking as in Bernadette writing

I'm sorry help the other first  
 and don't across the sheet jealous  
 allow finish the sentence one to be  
 newspaper publicity before I leave  
 in and some words positioned  
 I let hang down the line I was  
 early worried about interrupted  
 my being across the line  
 crossed as don't put in everything  
 THE LINE WASTES under so the dream  
 cancels our SPACE insurance policy  
 also can't you count the uneven words  
 on the line so I'm writing under  
 some pressure because mother let's  
 downstairs and up over the line one  
 I sit upstairs you're with language  
 group included can't you tell Bruce  
 is writing about us out west including  
 being sentence born when Bruce  
 today guilty Hannah it's a hard  
 manuscript to write downstairs  
 without mother sitting knowing  
 about it and mother PRINTED  
 also Miriam hints was saying  
 me some space today and paragraph  
 form continues until april and  
 then some books away send me proofs  
 Hannah if Douglas publishes without  
 your knowledge if you will feel  
 very no very sorry for herself or him  
 sis they don't substitute the pronouns  
 anymore because of the ITS  
 anyway the homosexual PROBLEM  
 when the case the same is our

enough very period 3 was late thought  
 Hannah it's a hard thought can the  
 neurons eliminate the atom bomb  
 or the withstood protons. hand on us  
 encircle the globe it's the only thing to do  
 watch us disintegrate at the sub atomic  
 level above and protons with energy  
 can't call the psychic terminology in total  
 amounts they punch your thermometer  
 with it so sick until Wednesday and tight  
 a call to a peer journal psychic terminology  
 form diesel and the electric energy was  
 stored if you had T. S. Eliot's very great  
 psychoheretic energy you could obey  
 instructions and read the call Indian  
 last century masters about our  
 reelection the maya Koch VIO surprises  
 Hannah can't you tell him government  
 UKI DOES you're a very writer great  
 being psychic unfamiliar intelligent  
 unknown and so period forms.  
 and so stop writing this about  
 READ BOOKS psychic phenomena at the  
 UKI name BELLER level across the country  
 Hannah it's the only words I see it why don't  
 Phil you confess you DON'T know  
 many psychics who LIKE aren't  
 big healers. POWER with it mother  
 knows under the line Hannah if you read  
 well it the journal closely you'll see  
 that it's very closely printed bad  
 girl to use the verbs sept unfinished line  
 could you take a break for an our  
 I am thinking aloud until the cloud

C

was it really second choice typewriter  
 to its use. Hannah she wont feed me  
 meal either under the seven o'clock  
 table journal answers the thinking  
 questions in a form upset by the syntax  
 above the line period questions <sup>sentence</sup>  
 Hannah power we pray for it the clarity  
 exploded some guns until [Wednesday] <sup>PII</sup>  
 and some guns Hannah its hitting us  
<sup>exploded</sup> <sup>wed night</sup> and no dream included  
 anyone else wanted meditate for six  
 hours and be so silent until Wednesday  
 cant you tell Tom when  
 publicity wont see me til December  
 ANSWERS and thats how I write  
 THE explain thought with it  
 QUESTIONS Hannah thats the form intense  
 and the form changed description some  
 UNTIL come while nibble Sun night  
 ROSEMANIE next week a Sunday  
 DIES cant you ever cause a  
 sensation without trouble  
 sis it doesnt matter if it costs you a  
 fortune it makes you weaker to write  
 Rosemanie sometime questions  
 Hannah it had to be a bad rule for us  
 to win sometimes can I interrupted  
 her second choice and so WITH IT  
 the it person was blank THE WRITES  
 and so love the code poem pages SO I  
 the fill pages SO IT UNDERSTAND  
 ANSWERS THE mind QUESTIONS along  
 the line and some youm underlines  
 some actual words like Transit oh so pee

TC

its time if youe youm go to seven  
 sleep with it and the bathroom scale  
 weighs unseen the hips bulge mother is  
 sis go pee the corner answers it alright  
 come Sunday and it is written take toilet  
 the book you are anxious to weigh yourself  
 stupid dont understand this oh so sleep  
 well I didnt pee after all until Monday night  
 complete and some toast even so forgive us  
 the bathroom strikes and the color green pen also  
 but the blue disappeared SIS DONT DATE US  
 until hold continue the sentence form is out of  
 date and will continue some language  
 says included mother and some sentence  
 forms in the corridor oh so you STAND  
 could see in the sink every time in the  
 bathroom and the tub and some finished  
 DONT second choice to WITH its  
 WRITE print it some line its withstand  
 UNDER only window small or large  
 the level and so upstairs stay upstairs  
 TOMORROW come darling clean the plate

SOME chance to write

and tomorrow come

it has a following sentence to write shock  
 instead without psychic Hannah that  
 an informal interference cover the blanket  
 legs sis its terrifying to other  
 people that they can move  
 atomic objects well you noticed with

Xc

I'm sorry their minds read more  
 published scant information  
 and see of the psychic power journals  
 facts work downstairs ~~you~~ will  
 mother sitting you at the knees  
 so I was interrupted put out the  
 light and pull the cord hand SIS ITS  
 sensualization I was kidding itself IM WRITING  
 I don't want to disturb REKAS TIME  
 so I'm pulling the IMAGE  
 light cord and it pulls along the dotted line  
 so of REKA continue the line and  
 HURTS US ITS WRITING TIME AGONE  
 and its phil nublod who enters  
 the picture and under the pencil  
 who is interested in use of you  
 want to sleep sleep but pulling  
 the light cord wont hurt HANNAH  
 ITS A so dont hurt the sentence cord  
 SOMETIMES and I'm sorry WRITTEN  
 OBJECT on more page IT  
 so its a particular written across  
 the line para form and so it hurts the  
 Rena bumps AND IM pull the cord  
 Hannah it hurts ON TIME so continued  
 and SO IT 'Can you tell what  
 CONTINUES THE WRITING  
 VS IS  
 on the RIGHT forehead OVER ON THE  
 TIME LEFT across the line  
 stuck so its OK TIME LEFT on the  
 RIGHT place FOREHEAD AND I
