Col. Ed Fletcher,
928-8th St.,
San Diego, California.

Dear Sir:--Having applied for water for the irrigation of four acres on Lot 15 Lemon Villa, this being new land I find that there is no possibility of getting water to irrigation except thru a courtesy of yours. Having paid in advance for the rent of this land and having already prepared it, it will work a real hardship if I do not get the water for this year, at least. I am not asking for a permanent water right for this land, but for this year only.

Trusting that you will be able to give this matter your favorable attention, I remain,

Sincerely yours,
R. E. Cooper

ATTENTION: Mr. Ed Fletcher, Mgr.

Dear Sirs:

About two weeks ago I wrote you relative to securing water temporarily for irrigating a tomatoe crop which I have already commenced to plant. Since writing the letter, I have seen Mr. Halley, the President of the Irrigation District, and he stated that he saw no objection to me using the water providing arrangements could be made with your Company. It would be a great accomodation to me if you could see your way clear to allow me to have this water at the irrigation rates -- the understanding being that it is for this time only and is not to establish any precedent for the future. I realize your position as this land is in the City of East San Diego, and for that reason your Company will be held blameless if I am allowed to use the water for this season.

Trusting that I may have this privilege granted me, I am

Yours very truly,

R. E. Cooper

Dear Sir:

Answering yours of July 17th, will say
we will furnish you with irrigating water until
the La Mesa Irrigation District takes over the
system providing we are put to no additional
expense.

Kindly write me a letter confirming
same.

Yours very truly,

ED FLETCHER
