Our Mission

The LGBT Resource Center at UC San Diego is a diverse, open and public space for all members of the University community to explore issues relating to sexual and gender identities, practices and politics. It develops student leadership, builds workplace equity, promotes academic research, and provides resources. The center challenges existing definitions of variant genders and sexualities by engaging in community building on- and off-campus. This center sustains and develops visibility, sense of community, and knowledge of diverse queer people.

Congratulations,
Class of

2013

And finally, thanks to all the fabulous, graduating students. Your contributions to the UC San Diego LGBT community have made it what it is!
