FAR OUT

Im really angry at Martha, that's the second time she's told me to stop writing, she says no one will understand me and it will be a year and a half before I can write anything inspiring. What am I supposed to write, a new bible, forget it. a new diary. Words: MONOVALEN. It turned into Biovalen when I remembered that

my mother had probably gotten the flu from my father ~~carving the roast when he had a cold.~~ I mentioned it to Aunt Reka and she said oh dont do that she always says dont do something I suggest I listened fool. I can't listen to anyone else anymore, even to the psychic forces. Once in a while ~~ta ta~~ they're right, like ABOVE SPRING I knew meant below Spring for Phil's address and GET OFF AT SPRING was the right bus stop although I waited one more being ego and walked Hester st. instead. I don't know why I didn't send July to Jerry after waiting two weeks or 3 to type it

After I sent it it said "miracle" and BIG REWARD. Hallelujah on the wall can't speak it in gas bubbles. Wonder where Ill find it. MORE THAN ONE ANSWER or something to that meaning as I interpreted it THIS MORNING. I saw so much design lingerie around the house I don't want to design anymore dont want to work I want to write.
