

Statement by McGill on letter from American Legion on Marcuse

July 22, 1968

The following statement by Dr. William J. McGill was released to the San Diego Evening Tribune Saturday, July 20, 1968:

I have not yet received a letter from Mr. Fisher. The total of my knowledge about the matter is what I saw in this morning's paper.

I will have no comment to make until I have seen the letter itself and have had an opportunity to study its text."

(McGill was referring to a letter from American Legion Post #6 about UCSD's contract with Dr. Marcuse).
