UCSD's LA JOLLA DEL SOL RECEIVES MARK OF EXCELLENCE AWARD

The University of California, San Diego's La Jolla Del Sol has received the 1998 Mark of Excellence Rental Community of the Year Award for 201-plus units from the San Diego County Apartment Association (SDCAA). The award recognizes the highest industry standards of professionalism and customer service.

La Jolla Del Sol is a 381 one- and two-bedroom condominium complex on Regents Road off Nobel Drive purchased by UCSD in 1987 to serve the university community. It includes tennis courts, swimming pools and Jacuzzis.

Primary renters are UCSD faculty members, with some staff and upper division graduate students.

Eighteen properties in San Diego County were nominated in the 201-plus category in which La Jolla Del Sol took first place. Entries were reviewed by independent, impartial judges on accomplishments achieved between July 1, 1997 and June 30, 1998.

Judging criteria included nomination presentation package, property characteristics (physical as well as market place standings), team goals and philosophy of staff, customer service and SDCAA, industry and community involvement.

Nancy Lord, general manager of La Jolla Del Sol, accepted the award at a banquet last month.
