UCSD ART FESTIVAL
ON MAY 14

Artwork of University Family members will be on display Sunday, May 14, when OCEANIDS presents its annual UCSD ART FESTIVAL. This year, the event will be held on the lower campus--on Scripps Library Patio and Plaza--from 1 to 5 p.m.

An all-media, non-juried show, all members of the University Family--faculty, staff, students, their families and children are eligible to enter (we're sorry this does not include Extension students). OCEANIDS President Louise Arnold joins Festival Chairman Betty Suhl in urging people not to be timid about exhibiting their work. We all are hoping to see more work by students this year too. Any type of art or craft work will be accepted.

Special exhibits will be featured and many items will be for sale. As in past years, there will be a special section for children's work.

Highlight of the afternoon will be a pinch pot demonstration, and those who wish will be able to join in and make their own pots. University Folkdancers will entertain starting at 2:30, and a pot raffle is planned for 4, with tickets going at 25¢ each. The University Luncheon stand, operated by Jay Russo, will be open from 1 to 5 p.m. during the festival for refreshments.

Exhibitors are urged to get their work in early--those who do will have the best display area. Deliver them to room 1202, Ritter Hall on Friday, May 12, from 3 to 5 p.m.; Saturday from 1 to 5 p.m., and Sunday from 9 to 11 a.m. Work should be ready for display--matted or framed and wired, with name, price, title and artist labeled on the lower left hand corner of paintings and drawings; on masking tape affixed to the bottom of pottery and sculpture. Artists exhibit at their own risk and the sponsoring organization is not responsible for loss, theft or damage.

The public is cordially invited to attend, and plenty of free parking will be available at North Lot C (just north of the Aquarium).

COME JOIN US FOR
OCEANIDS ANNUAL LUNCHEON
MEETING ON MAY 10

New officers will be elected and old and new members will join for a social afternoon, when OCEANIDS gather for their annual luncheon meeting on Wednesday, May 10, at the White Pheasant restaurant, 7590 Girard in La Jolla.

The social hour will start at 11:30. After luncheon, members will enjoy a concert by the University Madrigal Singers. OCEANIDS President Louise Arnold promises a speedy business meeting so that members and their guests may spend more time for visiting, renewing old and making new acquaintances. She tenders a special invitation to Newcomers to attend.

Reservations should be made early by calling or sending cheques to Mrs. J. C. Younie, 5910 Desert View Dr., La Jolla, 454-0525. Charges are \$2.60 per person and cheques should be made payable to OCEANIDS.

Mrs. A. Dale Cobb is chairman of the luncheon, with Mmes. Younie and Richard Eppley assisting.

The menu includes molded salad, Polynesian chicken over rice, hot rolls, beverages, and lemon chiffon pie.

CHILEAN ART AT UCSD

Paintings, sculpture and graphics contributed by 46 contemporary Chilean artists will be on view at UCSD Art Gallery, in an exhibition opening Sunday evening, May 7, continuing through May 28.

It was organized by the University of California and University of Chile Cooperative Program with the support of the Ford Foundation.

Most internationally famous artist represented in the show is Roberto Matta. Others contributing works are Jorge Elliot, Jose Balmes, Ernesto Barreda, Gracia Barros, Louise Mandiola, Eduardo Perez, Sergio Castillo, Juan Egenau, Luis Mandiola, Felipe Castillo and Matia Vial.

The Chilean works are said to imitate international trends, but retain an indigenous flavor in the textural experimentation and ponderous colors.

ADULT MEMBERSHIPS--Annual Donation--Regular (one adult), \$5.00; Family (parents and all children under 18, \$8.50.

NOTE: The children's activities are a public service, and the Museum cannot accept liability for accidents. You must consent to your child's participation and agree that neither the Museum nor its personnel will be held responsible.

SCHOOL OFFICIAL TO SPEAK

On Tuesday, May 16, George Hall, associate superintendent of schools, will speak at a joint meeting of Muirlands Junior and La Jolla High School PTAs in the La Jolla High School auditorium.

This is the man who knows in which direction the wind is blowing in local schooling and sets the sails of all policies and programs. He has made a gracious offer to LJHS Principal Robert Menke to plan his speech around any suggestions, requests--even criticisms-- that we want aired.

If you have any, call Mr. Menke now at 454-2135 and attend the meeting. It's a rare chance to talk about local education at high levels.

NEW COMERS, WE'RE HOPING TO S

MUSIC AND ART LIBRARY
OPEN TO PUBLIC

Did you know that the Athenaeum Music and Arts Library in La Jolla is open to the public, that you can use its considerable resources without obligation? And for a modest membership fee you can borrow from its collections?

The library includes some 1400 art books, many of them fine color-plate publications such as those of Skira and Abrams. Books about music number more than 500, sheet music and scores more than 2000. There is also a selection of plays and books about the theatre.

All of these works are available for use within the library. An annual membership fee of \$7.50 permits you to take out books, magazines and items of music; and for an additional fee of \$5 you may borrow record albums from a collection of more than 1300.

The Athenaeum is located at 1008 Wall St., and is open Tuesday through Saturday from 12-5:30, and on Thursday until 9 in the evening.

This unusual and valuable community resource is maintained by the Library Association of La Jolla, an organization that has offered the town one or another kind of library facility since 1897.

NATURE CLUBS

The following associations are affiliated with the Museum of Natural History, Balboa Park, and meet there regularly. We are printing them in a separate section now as a convenience to our readers.

LOS ENTOMOLOGOS--Regular monthly meeting, third Wednesday, May 17, 7:45, Museum lecture Hall. An open meeting for short talks and showing of slides. Bring along whatever you have to discuss with group, should not take more than 10 or 15 minutes. Refreshments. Public invited.

SIERRA CLUB--Regular monthly meeting Friday, May 19, 7:30 p.m., Museum lecture hall. Program will be presented by Climbing Section Chairman, David G. Kemp. Open to the public. For Sierra Club information, call 283-3777.

SAN DIEGO AUDUBON SOCIETY--Regular monthly meeting Saturday, May 27, 7:30 p.m., Museum lecture hall. Don Thompson, graduate student at State, will tell of an oceanographic trip on the Stanford University ship "Te Vega": A Biologist in the South Seas. Public invited.

SAN DIEGO SHFLI CLUB--Regular monthly meeting Thursday, May 11, 7:45 p.m., Museum lecture hall. Program--Invertebrate Ecology, by Mr. Art Flechsig.

COMPETITIONS AND FAIRS OPEN TO ARTISTS AND CRAFTSMEN

Since there are so many artists in our University community (note our continually growing UCSD Art Festival) and in the La Jolla-San Diego area, we thought a list of art competitions (in addition to our own), art associations, and art scholarships would be of interest to our members and readers.

These competitions, etc., are open to amateurs as well as professionals.

Our special thanks to Georgette Price, who has assembled and compiled a comprehensive list, as complete as time and publication date made it possible, of State and nationwide competitions. She has selected them for size of awards, length of exhibits and possibilities of sales. Bear in mind that all dates listed here are subject to change and we advise requesting application blanks and show information well in advance--four to five weeks--of deadline dates listed here.

If you do any type of painting or artwork, it's fun (the SHOW

first year) to enter competitions. It is practically 'de rigueur' for the practicing professional artist and frequently unknowns are accepted and "names" sometimes are rejected. If you can get over that terrible feeling of rejection when you aren't accepted and keep sending things in, who knows what will come of it? Many have gotten their entree into galleries and sales in this manner. Anyway, we feel it's worth a try.

You will notice the frequent mention of Brugger's. For the benefit of those who don't know already, Brugger's Fine Arts Forwarding Service, 2110 W. 20th St. (at Western), L. A., is an institution in the Southern California art world. It is the agency for sending artwork to competitions (if you don't want to deliver them yourself) and frequently judgments are held on its premises. Its staff is well up on competition information and a good selection of application blanks is frequently available.

	Good luck!		--T. H. -H.

ART CAN BE BORROWED

The La Jolla Museum of Art has a new collection of
works that may be borrowed on a rental basis, and the
entire lot will be on display in the upstairs rental
gallery of the museum for eight days, beginning May 21.

Included will be paintings, sculptures and prints
gathered from artists of the San Diego area as well as
from the finest galleries in Los Angeles.

This rental service allows you, for a minimum fee
to take home a work of art of your choice and keep it
for a period of two months. Fees range from \$3 to \$25,
depending on the value of the particular work, and are
deductible from the purchase price should you decide to
buy the work borrowed.

The rental gallery is open to the public during regular
museum hours (see BEAR FACTS Calendar)

A REPORT ON
OPERATION ADVENTURE
by Maxine Junge

A few months ago in a BEAR FACTS article by Sandy
Turner you heard about the beginnings of OPERATION
ADVENTURE. We would like to tell you what has
happened since then.

OPERATION ADVENTURE is an independent, unorgan-
ized organization. It is a group of volunteer teachers
offering creative adventures in learning for disadvan-
taged children.

Classes are small and free-wheeling and as little like
"real" school as possible. What is taught reflects
the interests and inventiveness of the teachers: A
science class where making ice cream becomes a
graphic demonstration of chemical principles and
eating the ice cream is the enjoyable result of the

(cont.)

experiment; A newspaper with poems, stories, community-oriented editorials ("Our Park Situation Is Harsh") and a "Gripe of the Week" column;

An "Art Experiences" class where the children may make up a story, express their story in dance movement, accompanying themselves by improvising their own music, and then paint their story in a group mural; A "Science-on-the-go" class for the Junior High age group, where students visit various kinds of research labs and talk with the scientists who run them; A Greek mythology class where the children act out the stories.

There are classes in creative drama, dance, Negro history, cooking and sewing and a class where the children make their own 'first readers' by inventing stories, then turning them into books with their own illustrations.

These classes help disadvantaged children discover new thoughts, new feelings, new experiences. Little by little, the children discover they are actually learning--as if by magic--and that learning can be tremendous fun.

Beginning in January with practically no money, OPERATION ADVENTURE now has about 25 teachers and is offering over 22 classes, with an enrollment of 250 children in the Chollas area of Southeast San Diego. We are about to open a new program in Linda Vista, with art, art experiences, astronomy, creative auto repair, and "Let's Talk It Over" classes.

The value, we feel, is on both sides. For the teacher, it may mean a chance to try out his ideas of creative teaching, to really reach a child in a direct and immediate way. For a child, it means intimate contact with a creative adult. It means exposure to the excitement of learning with a teacher who is excited about learning himself--and excited about teaching. And, after watching our own children as they have participated in OPERATION ADVENTURE, we would even go so far as to say that so-called "advantaged" children benefit greatly from this stimulating approach to learning.

Many UCSD students and OCEANIDS are already involved in OPERATION ADVENTURE. Won't you help too? Will you lead a disadvantaged child on an adventure in art or science or cooking or ... ? Will you assist in a class or go on a field trip? Can you donate supplies (we can use almost anything) or (we-hate-to-mention-it) money? This is a real chance to reach children who need you. If you can join us in OPERATION ADVENTURE, please call Sandy Turner, 232-8866 or Maxine Junge, 454-1845.
