

7 Jo. Smith may want his scrip to pay his Taxes
If he wants the "sower" let him take it
but do not sell him a bill of goods on credit. I
would not deny him a few dollars \$15 or 20 but I don't
like his style

8 Geo Tellebotts talks of coming down, if he does, present
him my note for payment, it is in the safe in the
bundle with others.

9 Do not credit Federico if he should come up - unless
he brings an order

10 Heyman Mannose is expected in soon & promises to pay
up - no more credit -

11 Wallace's asc & Charley Johnsons are together or left the

12 I expect a S.D. County Bond by this str of \$600⁰⁰ deliver it

14 Look out for the Lumber occasionally

Martin Trimmer

- 1 Do not give Julio Osuna over \$10⁰⁰ per month
- 2 asks Johnson if he is here on or soon after 18th of March for 3 mos rent @ \$15⁰⁰ per month
- 3 Warren has some documents in the safe in his cigar box
- 4 I don't want Israel to go much deeper
- 5 I suppose the formation of the mine at Lasquetas will cost about \$80⁰⁰ to \$100⁰⁰ & the fellows will want their pay immediately; if we don't go by there, I presume Geo. will write to me here about it & you will have to pay them. Larroque owes me & his portion should be credited, but I suppose he will demand the money.
- 6 If M^r Kinsey leaves try to get him to pay his a/c perhaps he could get John Minton to pay it for him if he goes with him.

Jacob Chamber is to get \$10⁰⁰ each month
in goods & credit for \$15⁰⁰ on his old ac^t

attached to this is the mem^o of Judge Hyde - who says five dollars more or less is of no consequence - and that they will not want the money probably till about steamer day.

Give Pedro Castellan. \$9⁵⁰ goods

Tell Bill Vettegan to bring in the Jesus Maron Horse or if Bush wants to send for him you can give him an order for him.

As I shall be back probably in about 8 days, you can keep my letters till I return, though letters from Courts or others about here, you can open as they may require an answer.

Give as little credit as possible and only to those who will pay when asked.

Turn every body that requires dunning.
