

NO **KNIGHT** **PROP 22**

It's Government Interference.

You don't have to support same-sex marriage to be against the Knight Initiative. You just have to believe in a few basic values - keeping government out of our personal lives, respecting each other's privacy, and not singling out one group for discrimination.

It Discriminates Against Lesbian and Gay Couples.

Prop 22 seems simple, but it's not. It says: "Only marriage between a man and a woman is valid or recognized in California." But Prop 22 could make it impossible for gay couples who have been together for years to visit their sick or injured companion in the hospital, or get basic health insurance. **THAT'S WRONG.** Same-sex marriage is already banned in California. This measure is not about marriage; it's about legalizing discrimination.

It Puts Politics Over Family.

State Senator Pete Knight, the author of Proposition 22, is unhappy that his son is gay. But he should deal with that in the privacy of his own family, not in public on a statewide ballot affecting 31 million Californians.

RALLY!

Tuesday, January 18th

11:30 – 1:00

Price Center Plaza

**Brought to you by:
The Student Alliance for Fairness and Equality
Co-sponsored by:**

Thank you for coming.

Thank you for being here ^{today}. We are here opposing two statewide propositions that will appear on the March 7th ballot, Propositions 21 and 22.

Proposition 21, the so-called Juvenile Justice Initiative, will have devastating effects on California youth. This initiative is 43 pages long! If approved, it would make hundreds of drastic changes to the law, primarily designed to incarcerate youth for longer periods of time. ~~Proposition 21 expands the three-strikes laws to make sentences much longer for youth. Proposition 21 expands the death penalty.~~

If Proposition 21 passes, youth as young as 14 years of age will be tried as adults and executed as adults. This initiative does not provide funding or support for prevention programs. Instead, CA will be spending hundreds of millions of dollars on incarcerating youth. ~~That's right, hundreds of millions of dollars will be spent on incarcerating youth if this initiative passes according to the California~~

~~Legislative Budget Committee!~~ California already spends nearly \$4 billion a year on prisons. Since 1984, our state has built 21 prisons and only one university campus. A prison guard makes about

\$51,000 a year. A first year professor makes just \$41,000 in the California University System. ~~Instead of~~

California is better than this, we can do better by our youth!

imprisoning our youth, we should be educating them.

Just like Prop 184, 187, 209 and 227 this initiative will hurt people of color, the poor, working class, and immigrant children the most. We must vote no on this divisive and unfair initiative.

I would also like to briefly tell you about another divisive and unfair initiative that you should vote "no" on. Proposition 22 is an anti-gay ballot measure sponsored by state senator Pete Knight. This initiative is only 14 words: "Only marriage between a man and a woman is valid or recognized in California." Supporters of this initiative will tell you that they are not condemning anyone. They are not anti-gay, that they are merely trying to protect the institution of marriage. No, they are wrong. The Knight Initiative is not about protecting marriage; it's about singling out a group of Californians for discriminatory treatment. Let me tell you how. The Knight Initiative is unfair; it threatens hospital visitation rights, inheritance rights and local anti discrimination ordinances. The Knight Initiative threatens the equal rights and protections that any two people in a committed relationship deserve. This is not a symbolic change to the California law that is being proposed here. If this initiative were to pass, it would have devastating effects on real people.

~~Story about the lesbians not being buried together.~~

~~Are they not good enough? Is my family not good enough? Though we might not agree on the issue of same sex marriage, we can agree that discrimination is wrong and that we should live and let live.~~

~~Don't be fooled. If you vote in favor of this initiative, you are not just merely protecting marriage.~~

You are siding with those who would like to bash me and hurt my family. Voting yes on Knight means siding with people who would like to see gay and lesbian livelihoods destroyed. ~~Vote no on Knight.~~

By voting no, we can all stand together and say that we value all families in CA, not discrimination.

~~Thank you for being here today.~~ By being here you have taken an important step towards defeating these initiatives. We have some excellent speakers here today to talk about Proposition 21 and 22. We also have voter reg forms and volunteer sign-up sheets. We have to get out and vote. There are too many of us here on this campus that do not. *SAFE*

I'd like to introduce our first speaker, who will be speaking against prop 22: Dolores from Parents, Families and Friends of Lesbians and Gays. We are delighted to have her here today.
