## SESSION 1

2:00-3:00PM

### **De Los Otros: Gay Latino Poets Read**

5 LOWER FREEBORN Room

This poetry reading presents Professor Alarcon's work as well as other gay Latino writers, some of them included in *Virgins*, *Guerillas*, and *Locas: Gay Latinos Write About Love*.

**Presenters:**

Professor Francisco X. Alarcon and Professor Francisco Aragon - UCD

### **How to Sustain a Queer Student Organization**

FIELDER Room

Come discuss the ins and outs of sustaining queer student organizations. How do you fundraise and publicize? How can you work with student government? How do you sustain momentum, avoid burnout and maintain interest? What is the relationship between your organization and the queer resource center (and it's coordinator) at your UC? How can you stop "drama" from tearing apart your group?

**Presenters:**

Lauryl Tognazzini and Melanie Corn - UCSB

### **Safer Sex**

GARRISON Room

The Safer Sex Program - Playing it Safer is offered by the Peer Counselors in Sexuality and gives information on safer sex options. This includes proper usage of barriers, alternatives to sex, ways to discuss sex with a partner, and defines what safer sex really is. The audience is encouraged to participate by means of a "risky" to "less risky" continuum game. In addition, condom demonstrations are done on realistic, plastic models and scenarios are incorporated to help get the Safer Sex message across. Finally, the Peer Counselors are available for a question and answer session regarding sex/sexuality in general. Free condoms for those who attend.

**Presenters:**

Darshana Bhatt and Jennifer Wong, Peer Counselors in Sexuality-UCD

### **Queer Brains: Evidence and Issues**

EAST CONFERENCE Room

This workshop will examine the issues surrounding the scientific study of sexual orientation. Should scientists be studying our brains, bodies and genes? Is it a choice or are we born this way and does it even matter? A critical review of some recent studies will be presented. Ethical issues and the implications of this research will be discussed with workshop participants.

**Presenter:**

Sarah L. Archibald, Research Specialist - Brain Image Analysis Laboratory - UCSD

FRIDAY FEBRUARY 11TH  
GAYZ INTO THE MILLENNIUM

**SATURDAY FEBRUARY 12TH**

**GAYZ INTO THE MILLENNIUM**

## SESSION 2

**9:15 - 10:45AM**

### **The Hermaphrodite Revolution: Why is Intersex a Queer Issue?**

EAST CONFERENCE Room

People who are intersexed are born with bodies that cannot be easily categorized into binary system of male or female and are "cursed" by modern medicine with non-consensual surgeries and hormone treatments. Over the past six years, intersexuals have started organizing to stop these mutilations. As intersexuals come out of the closet, we often find ourselves in the Queer community. How does the overlap of intersex and Queer effect both communities? Several members of the Intersex Society of North America discuss their experiences of being Queer among Queers.

#### **Presenters:**

Suegee Tamar-Mattis and Hida Vilorio - Intersex Society of North America

### **Organizing for Equality: Creating a Campus Community of Difference**

MEE Room

Creating and preserving a campus climate that offers equal learning opportunities for all students and academic freedom for all faculty is one of the greatest challenges facing higher education. This program will review the current campus climate for faculty, LGBT persons and provide suggested strategies for change such as adding sexual orientation to University non-discrimination clauses, creating an LGBT student center, and more.

#### **Presenter:**

Sue Rankin, Ph.D. - Senior Diversity Planning Analyst/Coordinator of LGBT Equity Pennsylvania State University

### **Leadership Challenge**

DE CARLI Room

This interactive workshop will focus on identifying aspects of leadership development within the LGBT community, and include a leadership self-assessment to identify individual strengths and areas of growth.

#### **Presenter:**

Beverly McCreary, Coordinator of the LGBT Resource Office - UCSD

### **I Want To SEX You Up!**

1100 SOCIAL SCIENCES

Our workshop will provide interactive, educational and entertaining group discussion and activities covering important issues such as STDs (including HIV), safer sex methods, and how to incorporate these ideas into one's lifestyle. We will also uncover many sexual mysteries and discuss a variety of subjects such as dental dams, lube, STD information, and sex toys! Activities include our version of "The Loveline," an anonymous Q&A period where anything from problems in current relationships, to ideas on how to eroticize SEX for you and your partner is discussed!

#### **Presenters:**

Dominatrix Stacey Zapanta and Mistress Mara Flores-Naumann - UCB

Dear United Way & UCSD:

Until the local chapter of the United Way divorces itself completely from supporting the Boy Scouts, an organization that readily admits it discriminates against gay persons, I cannot in good conscience provide any funding to the United Way. The Boy Scouts and the United Way and UCSD's support of the United Way is in direct contradiction to UCSD's Principles of Community and non-discrimination policy. The fact that someone can designate that their funds not go to the Boy Scouts still denies the fact that institutional support is provided which directly supports this bigoted organization.

If you "don't get it" please take the time to consider if the Boy Scouts was an organization that fired employees who were either Latino/a or African American or were Christians, UCSD would divorce itself from involvement with the United Way immediately. The bottom line is that this organization is reaping the benefits of our institutional support while discriminating against a class of people on arbitrary grounds.

I recognize that the United Way does support many tremendously worthwhile organizations that benefit many persons, however that does not justify its support of any racist, sexist, and in this case, a homophobic organization.

Sincerely,

*Paul Harris*
