Springboard Luncheon

THURSDAY, AUGUST 14, 1997 • 11:00 A.M. - 1:30 P.M. • SHERATON GRANDE TORREY PINES

The fourth annual Springboard Luncheon showcases San Diego's premier emerging technology companies to private investors and venture capitalists. It is the capstone event of CONNECT's Springboard program which assists early stage companies in developing business strategies.

CONNECT launched the Springboard program in August 1993 to provide support for early stage high-tech and biotech entrepreneurs in the San Diego region. Springboard has now helped over eighty entrepreneurs develop their business strategies by assembling select panels of CONNECT sponsors and members to provide expert advice. Since their involvement, many of these entrepreneurs have further defined their strategies and many have successfully secured funding. On August 14, the CEOs of six Springboard companies will present their funding requirements and discuss their technological advances and their business strategies.
