

INSTITUTE ENDOWMENT FUNDS

William G. and Louise E. Kerckhoff Fund

Rockefeller Foundation Endowment

A. C. Balch Fund

Laurabelle Arms Robinson Fund

Frank P. Hixon Foundation Fund

Gosney Research Fund

Charles B. Holder Fund

Lucy Mason Clark Fund

SPECIAL NON-ENDOWMENT FUNDS

American Cancer Society

American Cancer Society

Beet Sugar Research Foundation  
(See University of California)

James G. Boswell Foundation

California Wine Advisory Board

Earhart Foundation

Eversole Lecture Fund

Herman Frasch Foundation

International Minerals and Chemical Corporation

Lasker Foundation Fund

Eli Lilly Fund

Loomis Institute for Scientific Research

Los Angeles County Air Pollution Control District

F. S. Markham Fund

PURPOSE

General Biology

General Biology

General Biology

Biology, Chemistry Research,  
particularly as related to  
cancer.

Neurophysiology,  
physiological psychology and  
related fields

Gosney postdoctoral fellowships

General Biology

Plant physiology fellowships

Chemical genetics

Plant tumors and plant tissue  
culture

Virus research

Wine and grape constituents

Earhart Plant Research  
Laboratory operation

Seminar speakers

Plant physiology

Creatine research

Fellowships, scholarships

Amino acids, peptides

Special biology expenditures

Smog constituents and smog  
plant damage

Electroencephalography

SPECIAL NON-ENDOWMENT FUNDS

Merck and Company Fund

McCallum Foundation

Malcolm McNaghten Fund

Seeley G. Mudd Fund

National Foundation for Infantile Paralysis

Nutrition Foundation

Nutrition Foundation-McCallum Foundation

Pioneer Hi-Bred Corn Company

Research Corporation - Williams Waterman Fund for the  
Combat of Dietary Diseases

Riker Laboratories

Rockefeller Foundation Fund

Edward G. Robinson Fund

Leonard G. Strater Fund

Elbridge and Mary Stuart Foundation

University of California - Beet Sugar Fund

United States Atomic Energy Commission (Administered by  
Office of Naval Research, United States Navy)United States Atomic Energy Commission (Administered by  
Office of Naval Research, United States Navy)

United States Navy, Office of Naval Research

United States Public Health Service

United States Public Health Service

PURPOSEChemically induced mutation,  
new growth factors

Scholarships

Scholarships

Premedical scholarship

Virus research

Biochemical genetics of  
Neurospora

Predoctoral fellowships

Predoctoral fellowship

Tryptophane-nicotinic  
acid metabolismVeratrum growth and alkaloid  
formationJoint chemistry-biology  
program

Electronarcosis

Plant physiology

Milk protein research

Sugar beet research

Radiation genetics

Protein synthesis

Betaine-glycocyamine therapy

Mammalian physiology

Transmethylation
