

Join UCSD's Relay for Life

March 4, 2008

Nancy Stringer and Kim Edwards

Each year the American Cancer Society sponsors "Relay for Life" events across the nation to bring communities together to support the fight against cancer. These are overnight events at which individuals and teams gather to run or walk relays, and to celebrate survivors and remember those lost to cancer.

UCSD's Relay for Life will take place starting at 10 a.m. April 12 and continue until 10 a.m. April 13 on UCSD's North Track. Relay participants help raise money and awareness to support the American Cancer Society in its lifesaving mission to eliminate cancer as a major health issue.
