BANK OF PAPUA NEW GUINEA

PNG MICROFINANCE & EMPLOYMENT PROJECT

PROJECT MANAGER/MANAGERESS POSITION

The Microfinance and Employment Project is co-funded by the Asian Development Bank(ADB) and the Government of PNG. The aim of the Project is to contribute to economic growth through private sector development and employment creation.

The Project will provide sustainable microfinance services through three components: (a) establishment of a Microfinance Competence Centre to build the capacity of microfinance providers, (b) development, testing and implementing of new savings and loan products and (c) provision of a Revolving Refinance Facility for microfinance providers. The Project implementation period is 5 years commencing 2001.

A microfinance policy has been formulated under the Project. The policy provides the basis for enhancing the economy by strengthening the financial system to provide sustainable microfinance services for viable formal and informal enterprises.

The Department invites applications from suitably qualified and experienced nationals for the **Project Manager/Manageress Position**.

Key Responsibilities

- Overseeing and control of Project implementation, handling of day-to-day administration matters and providing logistical support to the Project;
- Providing advice and direction in refining the Project focus and achieving Project objectives;
- Developing budget estimates, accounting for and maintaining expenditure within these estimates;
- Supporting, coordinating, monitoring and evaluating the performance of the three Project components;
- Developing and distributing accurate and timely progress reports to relevant Government Departments, the ADB and other participating agencies.

Essential Requirements

- Extensive experience at senior level in PNG banking and/or financial sector with a focus on microfinance services, and ability to identify, plan, carry out project and programs independently;
- An in-depth understanding of business lending practice;
- Computer literacy with applications to accounting, project

management and financial reporting;

- Demonstrated ability in planning, analysis and project management;
- Strong interpersonal and communication skills with enhanced cultural sensitivity;
- A proven commitment to promoting national development by nurturing entrepreneurial potential.

Preferred Attributes

- Tertiary and postgraduate qualifications in finance, economics and/or related field;
- Broad understanding of Government policies relating to private sector development;
- Specific knowledge of the development and practice of microfinance schemes.

Terms and Conditions

An attractive remuneration package will be offered to the ideal candidate. The selected candidate will be offered a five year contract which will be subject to annual performance review. The exact terms and conditions will be negotiable depending on the qualifications and experience of the selected candidate.

Application Requirements

The closing date for applications to reach the Bank is **Wednesday 19th September, 2001**. Applications should contain: (a) Application Letter which specifically identifies how the essential requirement of the position are satisfied (b) Detailed curriculum vitae (c) Copies of educational and professional qualification, etc. (d) Names and contacts of 3 Referees. Previous applicants are kindly advised to re-submit their expressions of interest for this position.

Please forward your applications in duplicate. All applications should be mailed or delivered to: The Chairperson, Microfinance Steering Committee, Bank of PNG, P.O. Box 121, Port Moresby.

Please Note: This same advertisement was published under Department of National Planning & Monitoring on Friday 30th March. New applications only should be sent to BPNG. Applications submitted already to Department of National Planning & Monitoring need not send another one.

**INDEPENDENCE DAY MESSAGE
BY H.E. SIR SILAS ATOPARE, GCMG, KStJ
GOVERNOR GENERAL OF PAPUA NEW GUINEA
ON THE OCCASION OF THE 26TH INDEPENDENCE ANNIVERSARY
16TH SEPTEMBER, 2001**

Greetings to the people of Papua New Guinea

On the Occasion of commemorating our 26 years of self-rule, I am humbled before God for the strength of endurance, bestowed upon our great nation to come this far. We have together weathered the turbulences against all odds, in our efforts for growth and stability, towards realising true Independence in its proper perspective.

As we reflect on the experiences of the past in our short history with mixed perceptions, I hope the event we are celebrating today will bring with it, renewed strength and determination for every citizen to transit into the new millennium with a sense of duty and commitment of our talents and aspirations, to contribute meaningfully towards the country's desired destiny for hope and prosperity.

Let us be proud of our diverse, but yet strong and vibrant cultures, traditions and customary values that have on more than one occasion proven to be our peoples source of strength and hope, that has carried us through at times in most difficult circumstances like the Bougainville crisis, Rabaul volcano, the drought and the Aitape disaster among others.

Let us not dwell on the past, pointing fingers and blaming each other for the situation our nation is in today. We have been through some most difficult times and we have survived in the end. Papua New Guineans are capable of determining their own destiny. Let us take courage, build up confidence in ourselves and look ahead with positive thinking to lay down the foundation for our children and the future generations.

Our next focus must be to achieving a strong, vibrant and stable economy with boosted reserves and drastically reduced internal and foreign debts. I applaud the initiative of the government's efforts to introduce the political party integrity act in Parliament. Political stability is important to create an environment conducive to attracting foreign investor confidence in Papua New Guinea and boost our economy.

The idea of privatisation programme for the state owned businesses which has been floating around for some time, must be seriously considered now. This is where our money from these businesses remains in Papua New Guinea, and benefits our people in terms of increased employment opportunities for our young school leavers, create business opportunities for ordinary citizens and enhance general improvement in social welfare of our people.

Papua New Guinea can not continue to live on borrowed money forever, as we have done in the past 26 years as being an Independent State. This trend will become a burden for our children and tomorrow, our leaders. A bold step is worth taking with positive thinking than to become ignorant of the urgency and need to facilitate appropriate policy initiatives that are capable of bringing maximum economic benefit to the people of Papua New Guinea.

The path to realising total Independence is a long and winding road, but together as one people, one nation and one country, we all have individually a vital part to play, to place our young and vibrant nation on equal economical and commercial competitiveness among the large global community.

It is often said that Papua New Guinea is richly blessed with abundant natural resources, a rare identity among the many developing nations and yet we are rated among the poorest countries of the world, by international rating standards. And this is even after 26 years of being an Independent State and while the development of our huge non-renewable natural resources by world standards are at their peak.

The value of our kina has drastically dropped against major trading foreign currencies and the downward trend is continuing with short term rescue interjections, by the Central Bank at intervals in fear of total collapse of the economy. The effect of this situation has seen upsurge in lawlessness and poverty rate increasing rapidly. Sadly, this is the case while we are still exporting large volumes of raw commodities in copper, gold, oil and timber to name a few.

We as one people have a responsibility on hand now than later to either build our nation into a strong, stable and prosperous society or tear it apart to despair. The collective efforts of the public and private sectors, the churches, the non-government organisations, women groups, youth organisations and individuals are needed to rescue our nation from its present state of affairs. Our foreign friends can only offer assistance as requested but can not solve our domestic problems. We as a nation of concerned citizens alone can rescue our nation by putting in place appropriate rescue measures.

The private sector must be provided with a flexible environment in the market place to expand their business activities without obstacles. Such an environment is necessary to also attract foreign investor confidence and growth in business activities.

Christian churches must continue to preach the gospel of Jesus Christ without fear, maybe more vigorously now than what it has been. It is the change in heart and mind of a person that matters to bring about peace, harmony and change in a society. Papua New Guinea needs the guiding hand of Jesus Christ more so now than ever. Christian Churches have an important role to play in preparing for Papua New Guinea's future destiny by seeking God's direction and purpose for our young nation.

Every obstacle to the reconstruction and development process must be addressed swiftly and effectively. Law and order problems continue to be Papua New Guinea's major hindrance to any prospective development efforts and initiatives by governments, potential investors and organisations. This institution is not encouraging towards our efforts and struggles for sound economic recovery and physical development for Papua New Guinea.

As we prepare ourselves for the turn of the century, this is an opportune occasion to appeal to every citizen, the churches, non-government organisation, women groups, young organisations, the private and public sector to cooperate with the government and contribute meaningfully in its reconstruction and development initiatives for a strong, stable and prosperous Papua New Guinea.

As we celebrate our 26 years of Independence and new for this century, I wish every citizen a happy and enjoyable event.

God bless Papua New Guinea.
