EXPLANATORY NOTES FOR MEMBERS OF THE NATIONAL PARLIAMENT

ADDITIONAL SUPPLEMENTARY APPROPRIATION BILL 2007

FOR THE YEAR ENDING 31 DECEMBER 2007

The purpose of the Additional Supplementary Appropriation Bill 2007 is to provide an additional sum of K1,637,000,000 for expenditure for the year ending 31 December 2007 (the current financial year) as required under Section 209(2)(c) of the Constitution as amended.

The appropriation in the Bill has two main parts. The first is the appropriation of

K1,090 million to Division 207 for Additional Expenditure. Because spending of some of the funds involved may take place after the end of 2007, K893 million of this amount will be paid immediately into trusts from which funds can be disbursed over time. K537 million is to be directed to improvement of public infrastructure, and K356 million to district service improvement.

The components of the K537 million for improvement of public infrastructure are:

- K257 million for major infrastructure projects,
- K80 million for infrastructure maintenance in each of the three sectors of health, education and law and justice, a total of K240 million, and
- K40 million for housing and urbanization pilot projects.

From the K356 million for district service improvement, K4 million will be allocated for use in each of the 89 districts, with expenditure to be approved in accordance with Finance Instruction 4/2007 (or its successor).

The remaining K197 million of the appropriation for Additional Expenditure is for a range of expenditures to be undertaken in the remaining months of 2007.

- These are:
- K40 million for National Agricultural Development Plan (NADP)
  - K21 million for CAA restructuring
  - K20 million to replenish the Secretary's Advance for contingencies
  - K15 million for cost over-runs for the National Election
  - K15 million for increases in Special Support Grants (SSGs), associated with increases in expected mineral and petroleum revenue
  - K10 million for back-payment of doctors' salaries and wages
  - K12 million for Cocoa-pod and coffee borer counter-measures
  - K8 million for Defence Force spending on personnel emoluments for reinstated staff and uniforms

- K8 million for outstanding Legal Fees
- K8.54 million for Court Orders
- K7 million for a Natural Disaster Fund
- K5 million for a Maritime Boundary Project
- K4 million for refurbishment of Mirigini Haus and Morauta Haus
- K3 million for National Forest Authority Impact Projects
- K3 million for the Technical Rapid Response Group
- K3 million for implementation of the Land Development Taskforce recommendations
- K3 million for the Marienberg Community College
- K3 million for NAQIA for measures against avian flu
- K2.1 million for the Murik Lakes Resettlement Project
- K2 million for the Carteret Island Resettlement Project
- K2 million for the Financial Management Improvement Program
- K1 million for a Greenhouse Office
- K0.75 million for the Office of Rural Development
- K0.61 million for Community Development.

The second main part of the Bill is an appropriation of K547 million to Division 207 for reduction of Government liabilities. This has two components.

The first component is an allocation of K297 million for the purpose of retiring public debt. This is an addition to the appropriation made in the 2007 Budget for public debt charges.

The second component is an amount of K250 million for payment to Nambawan Super Limited, to reduce the Government's liability for contributions due to that superannuation fund by the Government as employer.
