OUT AND PROUD

april 18-22 **2016**

Out and Proud Week presents the largest opportunity for community visibility on the UC San Diego campus. It is a week-long group celebration and private reflection on the achievements of LGBT-identified students, staff, and faculty and our allies. It is also a time for public awareness and discussion of current LGBT issues on the state and national levels.

While historically this week has been called Out and Proud Week, experiences of Pride movements and narratives of coming out need critical examination. Not everyone is out nor wants or needs to be, coming out is not a single action and is different around sexuality and gender identities and expressions, and for many coming out and expressions of pride may not be safe. We appreciatively challenge what being Out and Proud means and honor the diversity within our community.

alQaws for Sexual & Gender Diversity in Palestinian Society is a group of gay, lesbian, bisexual, transgender, questioning and queer (LGBTQ) Palestinian activists and allies. An open space, alQaws inspires and engages its community to disrupt sexual and gender-based oppression and challenge regulation, whether patriarchal, capitalist or colonial, of our sexualities and bodies. alQaws works collaboratively to transform Palestinian society's perspectives on gender and sexual diversity and to struggle for broader social justice.
