Monday Day 8 a Pevens

By this time the place
 looked a mess, the studi.
 It had ~~so~~ that of her,
 a pitcher of iced tea
 gone screaming, scraps +
 scraps of paper used to wipe
 the pee - + to wrap around my
 feet when I washed. I had
 a whole ream of yellow
 paper. Some of wrapped in
 blue. Some of it I would

use - + some not. Some
 hurt too much, too much
~~practically~~ green + I had to throw
 it unused, on the west side.
 I also had "used up" the
 wooden forks & shovels.
 I had been holding them
 against my right eye
 to take out the ~~part~~ dead
 color. My right eye was
 dead green with blood ~~and~~
 spots. It was always

behind the rest of me in
 colors. That is, as I got rid
 of tension pockets I got rid
 of purple & green but the
 eye retained these colors long.
 So I wanted to hold the wooden
 fork by the tines & press the
 handle to my eye until the
 wood had absorbed all it could.
 I still do that. B gave me an
 ebony necklac for that use.

Anyway. Monday, I went
on the floor by the night
porch table + wiped myself
with this huge rag. Then
I lay down again on
the edge of the bed. & the
thought occurred to me
that I had used about a ~~year~~
piece of cloth about 18 x 15
& I couldn't find a body
that I couldn't use it -
& that I had used much

too much & waves run out
 of class later & he sorry. &
 was so that night as I
 went to sleep in the middle
 of the awful mess I called
 upon the forces of the Universe.
 That I felt was with me
 all the time, the good
 Charles. He he stepped
 I called upon the lady
 master, the basekeeping

force of the universe &
 crushed them, if there was
 any law, to clean the
 place up! I ~~kept~~ was
~~convinced~~ of this to be
 and time I've come to
 this point & dropped the
 book - gone to to something

Tonight I made a phone
call. Signal & hang up.
Hang up. Immediately
I called. As far as the
hand gas. B was new.
A picture of the black
Natalie box appeared between
B & me. B didn't see it.
Chryse - so woman
that I am, looking at
my messy shoes,

(I forgot the multi
 colored candle that burned
 on that blue & brown
 mess on the floor) I
 called upon ~~the love force~~
 the housekeeper to help
 me. ~~At the~~ The next
 morning when I awoke
 the fire was gone from
 the floor, & instead of the
 large ray, which was

394 feet to the left
 under the screen, a
 sheet 3 X 5 piece of cloth
 was in its place on the
 floor. Well I knew
 my mind. I laughed,
 happy that I was loved,
 & not alone. I didn't
 want to dwell too much
 on my trials. However,
 by what I could see

to be vanity. Perhaps it was
 I was near a bus of
 my own mind that ~~set~~
 cleaned the floor & replaced
 the large chest I met the
 small, perhaps a friendly
 face. All I know is that
 when I awoke there was a
 change. I did not
 experience the days on
 small chest like
 large chest I could not

got to without pain
It was near a lot of
metal & plastic. When
I woke up I was always
in more pain than before
sleeping, the cold
requested - & I went
immediately to the wooden
base of the very heavy table
& started rubbing my
~~back muscles~~ & legs much
against the wood. This
relieved a lot of tension -
that was a lot of bad

necks. I lay on the
 heavy heavy table & rolled
 & rolled over my neck
 of it, getting the back
 tube out of my back
 muscles. I was still
 staying pretty much by
 the studio it didn't feel
 so afraid or lonely after
 my 3x5 psalms of
 claret - to indicate, of

course, that was all
the last a lady really
needed to wipe herself!
About the size of a
folded pillow in the 6x
pack. So I spent that
day pretty much rubbing
myself on the table &
then I couldn't use the
table any more. I also
couldn't use the mattress

any more - I had left
too much hester, believe.
So I tried to move the heavy
iron table, ~~upside down~~
Gave over to the mattress
& got it behind the bed
but when I tried to let
it fall down on the
bed it broke my
leg - took the skin
off in a series of

pride that looks like
a very long long stem
with a rose on top. So

I cursed & cried, hating
the cuts that would take
time to heal & let the
air & cold in. So

I took to the seat
again, wrapping my
feet in paper & towel
& hoping that on cold

some sticky paper tape
I had. Walking to the
rent from the studios
was a long journey,
passed the place when
all the people had
been dumped, past the
TV & photo graph & the
roads (very busy)
over the large ring - the
deep ^{water} border was narrow,

But that ^{with} the fact,
