ITEM F OF IMMEDIATE CONSIDERATION

SUBMITTED BY: Pam Gerber
SUBJECT: Testimony for Regents Meeting

Whereas, the Lawrence Livermore Laboratory and Los Alamos Scientific National Laboratories are managed by the University of California under contract with the Federal Government; and,

Whereas, these two laboratories have produced the technology for all 30,000 nuclear warheads in the United States arsenal; and,

Whereas, as the contract renegotiation hearings were for the Regents meeting in October, 1981 and would allow public input; and,

Whereas, the Regents have unexpectedly moved the renegotiation hearings to the May, 1981 meeting; and,

Whereas, this rescheduling has not provided sufficient time for public input; and,

Whereas, a majority of students voted in a recent referendum not to continue ties between the U.C. and the Labs;

Therefore, Be It Resolved, that the ASUCSD Council urge the Regents of the University of California to take the following actions:

ITEM F OF IMMEDIATE CONSIDERATION, con't

1. The vote regarding the Nuclear Weapons Labs contract be moved to the originally scheduled October, 1981 date;
2. Public hearings be held before final decisions are made;
3. The public be allowed to address this issue, and their testimony be given sufficient time to be disseminated and considered by the Regents of the University of California.

(This will be presented to the Regents of the University of California during their meeting May 15, 1981.)

ITEM A OF NEW BUSINESS

SUBMITTED BY: Alma Key
SUBJECT: Council Format

A. Whereas, the purpose of A.S. Council meetings is to conduct business as a Council body; and,

Whereas, much of the general information disbursed and discussed elsewhere; and,

Whereas, these reports take up valuable meeting time;

Therefore, Be It Resolved, that reports be eliminated as an agenda item from the A.S. Council meetings, unless previously approved by the Vice-President.

B. Whereas, Reports are a needed and valuable part of the A.S. Council; and,

Whereas, records of statements and information are more accurately kept by written records; and,

Whereas, upon everyone having the same written reports, misinformation and confusion concerning reports will be reduced;

Therefore, Be It Resolved, that reports shall be written;

Furthermore, Be It Resolved, that they be submitted to the A.S. Office by 10:00 each Wednesday morning; and,

Furthermore, Be It Resolved, that if the deadline is not met by someone wanting to submit a report, the per-

ASUCSD Agenda
Mtg #1, 5/13/81

son shall have two options:

1. bring copies of rough draft of reports to social hour to be disbursed,
2. submit as soon as possible after the deadline to be placed in A.S. mail boxes and distributed at next A.S. social hour.

C. Whereas, Reports need to be discussed by interested parties; and,

Whereas, information needs to be disbursed prior to meetings; and,

Whereas, many questions should be answered before meetings;

Therefore, Be It Resolved, that a social hour be established for one hour before each meeting in which commissioners and other interested parties shall attend for the purpose of discussing reports, items on the agenda, reading agenda items and meetings.

D. Whereas, it is important as leaders to acknowledge positive and negative aspects of the world; and,

Whereas, it is important to acknowledge and establish the seriousness of issues that confront us as a human race;

Therefore, Be It Resolved, that one minute of silence be placed on the agenda immediately following roll call, prior to announcements for each meeting for the purpose of acknowledging issues or situations. This silence may be used for the purpose of meditation, reading, preparation for presentation or any other action that is silent and does not provide distractions to others in the room. Dedications may be made orally to this silent period from anyone on the Council or in the audience.

ASUCSD COUNCIL MINUTES

Meeting #1
May 13, 1981 6:30 p.m.
North Conference Room

CALL TO ORDER Meeting #1 of the ASUCSD Council was called to order at 8:59 p.m. in the North Conference Room of the Student Center. Alma Key, Vice President and Chair, presided.

ROLL CALL Present for the beginning roll call were:

Jules Bagneris	David Tollner	Mike Bilek
Alma Key	Wendell Leonard	Steve Poses
Toby Raymond	Tricia Russo	Eileen Finkelstein
Henry Chu	Denise Long	Ken Cluff
Pam Gerber	Adam Forrest	Dana Frank
Reggie Williams		

***Alma Key stated that there is a place on agenda for student input if one would like to participate, leave note with the Clerk and/or Vice President. Warren Reps will vote tonight (by roll call), and matter will be sent to Rules Committee. Debate occurred. Suggest one person on ballot (Spring Elections) vote, and others resolve position next week in Rules Committee. Therefore, one Warren Rep voting tonight (Dana Frank.)

MINUTE OF SILENCE Process explained by Chair, would like to dedicate it to the Families of Children who've been slain in Atlanta, and to the new ASUCSD Council to work together cohesively in the future; to Pope who has been shot, and to Bob Marley; and to new ASUCSD for new respect to be brought to it. Also to Rene Ragland, as her father died recently, the reason why she is not with us tonight.

SPECIAL PRESENTATION

A. Bruce Darling: Introduced by Randy Woodard, Darling is representing the Chancellor (who is ill), will work with most ASUCSD members out of the Chancellor's Office, is a "very good man." Darling congratulated the new members on their victories, Chancellor is willing to work with you, please call Darling anytime at ext. 6861.

B. Vice Presidential Address: Chair read item to Council, ending in applause:
"First of all, I'd like to thank each of you for attending the A.S. meeting tonight. According to the Constitution, upon registering as a student at UCSD, one automatically becomes a member of the A.S."

This year we are endeavoring to make every one feel that the A.S. is an organization to feel good about and also an organization in which one would want to participate.

As A.S. Vice-President, I am not only asking that more students become involved with student government, but I am also trying to make changes in the A.S. that will cause us as students to want to come together and work together in student government. Being assigned the duty of presiding over Council meetings, it is only logical that the Council meetings be the first place that changes come about. As you will be able to tell as the meeting progresses, I have submitted some formal changes concerning the meetings and you can see for yourself that there have been some changes in the physical set-up of the meeting. However, in addition, I feel it necessary to talk about some other general conduct practices that would fall into the category of common courtesy.

If we are to run an effective, efficient and successful Council, then basic in our operation, we must exercise common courtesy. Normally, I would assume that everyone would know what I'm talking about in saying that we must be courteous, but I'm not going to assume that tonight, because all too often, I have seen the laws of common courtesy violated in this gathering where the student leaders of this campus are supposed to come together for the purpose of addressing serious issues and providing the best solution to problems that confront students.

So what do I mean by common courtesy? First, the multiple conversations among people in the meeting room while the Council is supposed to be attentively listening to vital information on which to base a decision is rude and disrespectful. It is only right that everyone is silent when anyone has the floor. Therefore I ask that the private conversations that have disrupted meetings in the past please be eliminated.

Secondly, walking in and out of meetings on a constant basis is a distraction and I ask that the traffic during meetings be cut to a minimum. Of course, everyone will not be able to sit through an entire meeting but unless it is absolutely necessary, I ask that you please move as little as possible. To help this particular effort along, I can say that there will be more five minute recesses called during the course of meetings.

Thirdly, since we are all College students I am under the impression that we are able to retain points and facts for at least a small period of time. For this reason, in discussion I'm asking that we

not repeat points over and over again. I'm asking that Council members jot down pieces of information so that all points brought up will be at your disposal, thereby making discussion time as short as possible.

Fourthly, I'm asking that we visit the A.S. Office often, keeping ourselves informed on issues, thereby being able to intelligently discuss and vote on issues in the meeting rather than the meetings having to be an educational experience for the Council.

Lastly, I'm asking that we just plain be nice to one another. Working relationships run much smoother when people feel comfortable with one another. Trust is established so much more immensely when we know that the person we have to work with has nothing to hide and is not trying to stab you in your back.

Courtesy - its not that hard and it has to be present in our A.S., and I ask you to work with me in Council meetings in exercising and promoting common courtesy.

Alma Key

NEW BUSINESS

A. Council Format, Alma Key
Chair explained changes: to eliminate reports
from meetings, rather they be written and dis-
cussed during the social hour instead of taking
up valuable meeting time; to have social hour;
to have silent minute dedication.
Discussion occurred; specific language must be sub-
mitted, or else idea will be specified in Rules
Committee, language next week; Council discussion
one of most important parts of meeting, should be
written and announced, especially to College Reps
and their Councils, is lengthy; is note that
Vice President can approve discussed items; dif-
ficult to expect 5:30 p.m. show-up time for mem-
bers, may miss important part of reports and info
process if miss social hour; may cut down spoken
reports to hour, often are questions that are
time consuming versus the report itself; first
reports were after new business, but people spoke
too long or left, then changed to before business
but took too long and people left, so suggest com-
missioners and reps meeting as social hour only if
drop reports; most reports are commissioners,
committees and statewide reports; imperative reps
exchange info at meeting; social hour: voted to
have meeting at 6:30 p.m.; important to get back
to Colleges with info so should have caucus but
should require people to attend; suggest time li-
mit reduced to five minutes.
Pam Gerber motioned to extend discussion five min-
utes, seconded.
VOTE Unanimous PASSES
Item referred to Rules Committee and meeting #2.
(Rules can amend the item.)

OPEN

A. Activity Fee Increase, Toby Raymond
(Item not handed to Clerk), As an item of immediate
consideration, read to Council.
Pam Gerber motioned to consider, seconded.
VOTE Unanimous PASSES

Pam Gerber made the substitute motion, seconded:
"Whereas, the following referendum question was
poased to UCSD students at the General Election,
held on April 23 and 24, 1981:

"Do you favor a student Activity Fee increase
for the mandated purpose of providing addi-
tional programming and funds for student or-
ganizations and to compensate for the effects
of inflation?

If the fee should be increased, should the
increase be in the amount of \$2.00 or \$4.00?";
and,

Whereas, students voted by a margin of 1137 to
825 in favor of an Activity Fee increase; and,

Whereas, 1091 students voted for a \$2.00 increase
and 498 students voted for a \$4.00 increase;
Therefore, Be It Resolved, that the ASUCSD recom-
mend to the Regents of the University of Califor-
nia to implement a \$2.00 per quarter increase in
Activity Fee at their earliest possible convenience."
Council discussion ocured (is same resolution that
last year's Council passed unanimously.)
Ken Cluff called the question, seconded.
VOTE Unanimous PASSES

fice as to when will be meeting, after members
discuss when they'll be.

REPORTS

SUBMITTED BY: Lee Anderson, Kathleen Shanahan, Diana Foster
SUBJECT: VCUA Search Committee Report

Your new By-Laws force us to make written reports. This we trust does not detract from their impact upon the Council nor the volume of responses from you. We reiterate as a preface to the following the stellar role that the new Vice-Chancellor will have as an administrator. As the alleged representatives (pardon the cynicism) of the UCSD student body, you might consider playing an active role in his or her selection. A series of brown bag forums are being held and provide an excellent opportunity for you to meet with the candidates and articulate your concerns and those of your constituency (if ever the twain shall meet.) Two of these forums will be held tomorrow (Thursday, May 21) at the student affairs conference room in Bldg. P. From 11:30 a.m. to 1:00 p.m. Provost Watson (a candidate for VCUA) will be available and from 1:01 p.m. to 2:30 p.m. Dr. Singer will take questions. These forums have been very sparsely attended lately, so please, in the name of humanity, drop by. As the A.S., you'll need to deal with whomever is chosen by the Chancellor for the next several years. Put whatever feedback you care to have the committee consider in Lee Anderson's box.

- Joyce Justus will be interviewed as the seventh candidate. See one of us for details.
- the committee has been interviewing all this week and will continue to do so through next week. The proceedings have been getting pretty exciting. Wish you were here.
- Have fun tonight and please make an effort to attend the brown bag forum.

REPORTS

1. PRC: Chair read Charlie Herzfeld's report to the Council: "This statement is to serve as my report of Program Review Committee happenings tonight as I cannot attend the Council meeting because I am at work. Thank you for reading it. The PRC and its Equipment Renewal Subcommittee are completing decisions on year-end allocations and will complete 1981-82 equipment allocations in the next few weeks. AMES and EECS have been given generous consideration in light of the enormous increases in enrollment which have necessitated a substantial increase in lab support. The Physics department has been reviewed for the last several weeks. They are experiencing low morale because of faculty turnover, which could lead to additional turnover in the foreseeable future. Various proposals are being considered to deal with the problems. There is special concern because the department of Physics is perhaps the best in the country and in several fields is the best anywhere.

More FTE (Full Time Equivalents) Faculty are being sought for the Communications Program. If more are obtained they will almost certainly be split appointments with the departments of Literature, Anthropology, Sociology, Linguistics or Political Science. Those who are interested in seeing an increase (including myself) are presently making proposals to, and negotiating with, the concerned parties. Respectfully Submitted, Charles Herzfeld"

2. Revelle: RCC met this morning, heard a Financial Aids report, and finally voted on the George Winne plaque location, was voted down as to having it on/by Revelle Plaza.

3. Communications: all budget requests in except L'Chayim; Travesty wondering if could receive funds for next year but were told must publish something first; hearings for media budgets this Wednesday 5/27 from 9:00 a.m. to Noon, may be changed.

4. Muir: MCC appointed their A&E person (Nyla Marson), so interviews 5/21 for A&E appointments; Mike Bilek will have interim replacement during Fall Quarter to Council, person t.b.a. later.

5. Warren: WCC report read to Council by Dana Frank and Ken Cluff: "From now until the Associated Student Council meeting on June 3, the Warren College Student Government will be represented solely by Dana Frank, at which time the remaining two Warren ASUCSD Reps will be presented to the Associated Students for approval. The reasons for this can best be relayed by a short run-down of events which have occurred since the student body election.

The only candidate on the election ballot for the position of Warren College Representative to the

A.S. was Dana Frank. After the election, neither the Warren College Council nor the Warren College Provost's Office were informed of the official election results, so the results listed in the Guardian that Dana Frank was the sole elected representative to the A,S, were considered official. The outgoing Warren College President was informed, whoever, that the two remaining A.S. Rep positions be filled by the first meeting of the new Council on May 7. As a result, the vacancies were advertised in the Guardian and through an interview process two new A,S, Reps were selected from amongst six candidates. When the two new reps attended their first A.S. meeting it came to light that a Warren student, Basem Harb, had received four write-in votes and was ready to assume office. As there was nothing in the Warren College Constitution regarding write-in votes, the write-in candidate was asked to attend the next Warren College Council meeting so that the matter could be discussed and a decision regarding it could be reached. Basem failed to attend that meeting and was reinvited to the Warren College Council meeting held this past Monday. After a prolonged discussion of the situation, and in keep-in with the Warren College Constitution, the Council voted to reopen the applications and redo the interview process. It will again be advertised in the Guardian until Thursday, May 28 and the application deadline will be 4:30 p.m. May 29. We hope, again, to have full representation on the Associated Students Council by the meeting on June 3, 1981. Donald F. Cotter, Warren College President 1981-82."

Blood Drive 5/21 - 22 from 10:00 a.m. to 3:00 p.m. in the Warren Dorms.

6. Programming: just UEO/TGIO program as only one through the end of the year.

7. President: Presidential report from the Regents meeting given to Council members in boxes, issue of Nuke Labs brought out; disappointed as to student participation in committess, but not allowed to be effective on systemwide level, received positive response from students on Lobby Annex position, see Jules regarding this; Board of Overseers meeting attended, school of engineering approved, are now looking for a Dean...not specific as to date when school will open; Campus Media Relations Committee meeting set-up by Judith. Fifth year masters program not resolved yet.

8. Student Welfare: Police Relations Task Force meeting 5:00 - 5:00 p.m. in HSS 2130 going over final draft of report, all welcome, copy of it on Bulletin Board for comments.

ITEMS OF

Pam Gerber motioned to consider Items A - F of

IMMEDIATE Immediate Consideration, seconded.
CONSIDERATION VOTE Unanimous PASSES

A. Executive Request #1, Reggie Williams,
Jules Bagneris
Formation of Task Force to audit the Bookstore;
attempt to price survey hindered by different
time-lines in the stores of this area. Auditor
cost is paid by administration, this is just to
look at how budget is broken down as already au-
dited. Money not into University pockets, doesn't
directly take money from students but indirect
avenues must be uncovered in a systematic way.
Pam Gerber called the question, seconded.
VOTE Unanimous PASSES

B. Executive Request #2, Pam Gerber, Jules
Bagneris
For Housing Task Force to be formulated; consid-
er both on and off campus housing. Majority of
students off-campus, but ration will change as
more housing built on campus.
Pam Gerber called the question, seconded.
VOTE Unanimous PASSES

C. Executive Request #3, Wendell Leonard, Jules
Bagneris
Activity Fee Board has deadlines it must meet, so
interim positions felt to be most appropriate.
Pam Gerber called the question, seconded.

D. Activity Fee Board Appointments, Dave Tollner
Question as to whether reps must be from Council,
defined in Article IV. as Council members. Nomi-
nations were taken from the floor: Third: Irene
Flores; Revelle: Ken Cluff (interim); Warren: Dana
Frank (interim); Pam Gerber motioned to extend
discussion five minutes, seconded.

E. A&E Commission, Wendell Leonard
Author explained item, to establish this so that
other appointments may be interviewed. Questions
answered by Leonard, including who was from what
College, people are acquaintances of Leonard's so
question as to conflict of interest or represen-
tativeness. Leonard noted deadlines and timeline.
experience of individuals questioned, not decided
on maximum (possibly ten) number of Commission mem-
bers, two people possibly served on A,S. before
(Houston and Wintner.) Time is of the essence,

deadline for Commission applications is Friday. Ken Cluff motioned to extend discussion five minutes, seconded.

VOTE Y/12 N/O A/2 PASSES

Question as to equity to over the maximum applications (if people approved now, others applying considered as initial commission would not be.) Friendly amendment to having interim reps until deadline is over and people considered, deleted by author as will be no ten person limit.

Pam Gerber called the question, seconded.

VOTE Unanimous PASSES

F. Billy Squier, Adam Forrest

Article from Billboard magazine given to Council, showing desirability of Squier. Question as to if can change location to the Che Cafe, not felt appropriate. UEO explained; Forrest chose the artist. Question as to surcharges, who would benefit from the profit. Questioned repayment of surcharges to ASUCSD in actuality (feel may go to Walk instead); feel surcharge can go to the ASUCSD and not Walk; feel students benefit most, should program well for them (students don't have to drink), is free; Reggie Williams motioned to extend discussion five minutes, seconded.

VOTE Unanimous PASSES

Points given as to why ASUCSD should/must do it, including no one else can; resolution of last year's Council (for \$1000/Quarter limit to Pub) read; 10% Walk's money goes to SCB, surcharge never taken by A.S., suggest rep from each College to be on SCB so can do these things on SCB; hope can get funds from Walk also. Hope shared funding with Walk will occur; should considered fun students would have; money not as important.

Time out, question automatically called.

Reggie Williams motioned for a roll call vote, seconded.

Rules meeting is Monday 4/25 at 3:00 p.m., location announced later.

B. Executive Request #5, Tricia Russo, Jules Bagneris

Explained by Russo, and reasoning as to why committee is needed. \$32,000 is 14% of the total budget, hope will be evaluated thoroughly, e.g. n.i. was polled as most quality paper of all campus media yet distributes it off-campus. Referred to Rules and Meeting #3. Rules specified another meeting time (in A.S. Office) as Monday is holiday.

C. Executive Request #6, Dana Frank, Jules Bagneris

Author explained, Joe's Escort Service needed more during finals week, think is good proposal. Pam Gerber motioned to extend discussions three minutes, seconded.

VOTE Unanimous PASSES

Type of ads in Guardian are up to Joe's Escort Service. People requested to delineate two and one-half hour block to volunteer to service. Actual cost for ads will be much less (due to account.) Referred to Finance Committee, Mtg #3.

D. 1981-82 Budget, Jules Bagneris, Alma Key Revised version of budget in packet explained by Key, represents concerns expressed during interviews. Suggest good if caucus together on budget concerns. Will discuss again during Mtg #3. Finance will decide when will meet later tonight.

E. Activity Fee By-Laws, Dave Tollner Copies available with Marietta Williams, revision is to delete current A&E process to the Board. to call: VOTE Y/8 N/3 A/2 PASSES

VOTE Y/4 N/9 A/1 FAILS

Wendell Leonard suggested people attend the Finance Committee meeting.

B. Reggie Williams noted Nestle Boycott legislation of last year's Council, explained rationale behind it/boycott; after intense lobbying failed -- U.S. still voted alone in the World Health Assembly, is for baby formula corruption in developing countries.

C. Nyla Marson noted MCC talking about Central Ethnic Programming fund between Colleges, will discuss next Wednesday at 4:00 p.m. in the Muir Apartment Lounge in MCC.

D. Need job descriptions from commissioners and reps for A&E appointments.

E. Must make boycott of Nestles effected by stopping sale of products in vending machines and by H&FS (cafeterias), but Larry Barrett cannot see why would delete products. Pam Gerber suggested may boycott products in cafeterias and stores, to set-up task force to resolve support of the boycott. Noted may interfere with current Escort Service, should use the P.R. budget to publicize Nestles; will use task force discretionary funds for flyers.

- The Task Force on University Procedures Regarding Demonstrations meet on Thursday May 21. After much discussion over several aspects of the proposal, it was decided to postpone approval of the document for at least one week. On May 26, I met with Nick Aquillar (legal consultant) and Mack Johnson (Chancellor's Assistant); we decided to delete the requirement that "any individual or group wishing to engage in the expression of speech and advocacy on campus must submit a written request..copy of the draft available in my office for your comments.
- The ACLU (San Diego Board) voted last week to file on behalf of the Guardian and new indicator regarding the "open meeting" policy. If you remember, this controversy stemmed from the "I" Grade policy handled by the Student Advocate Program in the beginning of December 1980.

SUBJECT: Typesetter

Whereas, the Associated Students' amortization account, spent in 19 , for the purpose of equipment purchase now shows a balance of approximately \$11,000; and;

Whereas, the A.S. current typesetter is dying a slow death;

Therefore, Be It Resolved, that the ASUCSD Council:

- i. approve purchase of a new typesetter and terminal, and
- ii. seek to sell the current ASUCSD typesetter.

The following report was submitted by Harry Tolen, Guardian General Manager: AMI Typesetting Equipment Purchase
Per our earlier discussions, I have examined the typesetting equipment available and have talked with the sales rep from AMI. The equipment that will best suit our needs and capabilities is the 3510 with 12" paper capability, program 24 and reverse leading - it provides as much flexibility as the A.S. can use, and reverse leading will save you paper in the long run.

AMI has a series of package discounts available, and it would be to your advantage to go with one of these. Basically, the package includes a processor, memory diskettes, and the additional features I mentioned above - at a savings of \$4779. When a 5404 terminal is added to the deal, you receive it at an additional \$1000 discount (\$5995 instead of \$6995.) This will allow two different groups to typeset comu simultaneously (one on memory, the other either on memory or in typesetting mode), and will also provide you with a backup system when one machine is down.

In toto, the costs are:

3510, 504 memory with program 24, reverse leading, 766D processor, 4 typesetting disks, 10 memory.	\$15,995.00
5404 terminal	5,995.00
Subtotal	<u>\$21,990.00</u>
Tax	1,319.40
Final TOTAL	<u>\$23,309.40</u>

ASUCSD Agenda
 Mtg #3, 5/27/81

ITEM B OF NEW BUSINESS con't

I note here that the standard UCSD 5% discount with AMI does not apply in this case, as the special discount (of almost 20%) takes precedence (UCSD's discount is only off the list price.) The discount will only be available until early next week (it had already expired, but I got them to extend it.)

COUNCIL CAUCUS 1. Chair noted that Finance did meet yesterday for five hours, much was discussed extensively, talk with members re: budget during last weeks, changes in budget explained. Finance Report is rough, only a few copies available so share, contains some of the arguments that occurred at the meeting. Reminder to members of Council procedures: basic politeness and be conscious of what's going on in Council. Talk to Rene, Ken and Dave about budget.
Chair called meeting back to order.

ITEMS OF IMMEDIATE CONSIDERATION Chair struck Item A from the agenda; Pam Gerber motioned to consider Item B of Immediate Consideration, seconded.
Denise Long called the question, seconded.

B. SBPC Representative, Jules Bagneris Bagneris explained the qualifications of the individual: Criminal Justice Board 1977, Desegregation Task Force, Cultural Awareness Task Force, San Diego Urban League, BSU Executive Committee member, SAAC Chair from 1979-80, Search for Executive Director of Career Planning & Placement, Student Center Board member, NEO Committee, Chancellor's Committee on Affirmative Action. The name is Robert Tambuzi Cunningham. Process of selection was such that interested people approached Bagneris and they were looked at. Forrest mentioned his experience with him, saying he's rude, makes uncalled for remarks, he was not unbiased, didn't like his personality. Denise mentioned personality not important, but rather experience. SBPC explained as important and functions are crucial, note importance of personality. Impression one makes with people must deal with very important, must derive respect (to hear views, etc.) Successful in dealing with organizations (Tambuzi), couldn't have done it if not done well. Require majority vote of Council, would appreciate meeting with him before voting for him. Tolbert issue meeting had to attend, will arrive later. Haven't had type of person for Affirmative Action statewide, need someone who won't neglect these issues. Important to meet Tambuzi, and those others also going for the position. Pam Gerber motioned to place this Item B after Item C of Old Business, seconded.

REPORTS

Chair requested read reports in packet.

1. Revell: RCC met this morning, supposed to give letter re: George Winne plaque; considered SCB proposal by Bagneris, will contact other Colleges; some negative feelings about proposal.
2. Police Task Force: draft winding down, need questions/opinions on it.
3. Muir: MCC response to Bagneris proposal read to Council: "We the MCC do not wish to limit College representation on the Student Center Board to only Muir A.S. Reps. This would mean one student on 1) MCC, 2) A.S. Council, 3) SCB. We would like to have as many Muir students involved as much as possible, and the said proposal would limit participation. If Muir A.S. Reps would like to run for the position, they would of course be eligible for appointment."

B. Programming Commission T-Shirts, Adam Forrest Finance recommends as amended. Why more men's shirts than women's questioned, answer: 1. historically more men than women on programming commission, 2. women's shirts cost more, men's shirts can be worn by both men and women but women's cannot. Reggie Williams motioned to strike \$5.00 deposit and only have \$5.00 purchase, reasons explained, seconded.

Motion discussed, programming needs shirts for security reasons, hopefully will be handled correctly.

Must pay fee to work on commission through this motion and shouldn't have to. Finance Recommendations given, including that Josie control shirts, cleaned by Adam Forrest, was much discussion. Pam Gerber called the question, seconded.

C. 1981-82 Executive Budget, Alma Key, Jules Bagneris

Chair hopes whole budget will remain intact when voted upon; will discuss budget area by area; don't repeat points. Pam Gerber said should've been at Finance meeting as extensive discussion occurred. Dave Tollner problem with CWD budget,

doesn't think is fair as isn't going through right channels but special treatment given instead, motion to place through normal Activity Fee process, and this was discussed, e.g. why special agencies don't go through Activity Fee also (like SCURI and KSDT.) Feel CWD is separate from other organizations and belongs under services, feel unfair to circumvent their process now. Other services are also services, CWD needs advanced planning due to nature of program so is up now, philosophy of organization brought up.

Reggie Williams made the substitute motion to place CWD under media budget, seconded.

What does CWD do besides showing free films, nothing. Average attendance is 250 - 300 (had 650 once), have one movie each Friday. Put under services as a convenience, not conflicting with monies already available to student organizations (last year was \$13,504.) Bagnieris and Key spoke with each commissioner, reconciled differences by cutting CWD budget to \$12,500; is educational and feel is a tool for involvement.

Feels this is part of what A.S. is about; didn't change budget process, was still rigorous, but question process. Original draft pointed out wherein \$67,500 wasn't divided for Activity Fee, Act. Fee now \$45,000 changed and CWD separated out, this was because was under educational. Displeasure with community seeing films on student money. First recommendation that was made was that CWD be considered through Act. Fee Board like other organizations; second was the current proposed service status of CWD, each vote decided through vote of the Chair at Finance. Question as to 50¢ admission fee, cant do due to ideology of not being asked to pay for something already paid for through Act. Fee, regulations are such that ticket takers & sellers etc. bureaucracy is costly (approx. \$100 per event.); and mandatory cost for the box office. Retort given rebutting the ideological argument. Bureaucracy eventually to Council anyway, doesn't matter which process it takes.

Dave Tollner said many organizations have the same sotry, but not job of Council to hear them but the Act. Fee Board as is their function. Have considered seeing this as a special project instead of as a student organization, etc. Fee disagree as isn't fair. Other organizations will be quite angry at its passage (learned this campaigning), must be fair and realize this. Should pay admission if interested.

Ticket book series, just have one person collecting tickets at movie (as Colleges do), spending about \$30 per student based on attendance and budget. Is it same 300 people? Can't answer that, see same people at TGIFs also, various movies don't address

same audience in thier context/content. Other organizations also go directly to Finance Committee, organizations not have to go to Act. Fee Board. Survey in support of series given out, as were quotes by other media. Student noted more like 80 people at two showings, animosity does exist within other orgs against CWD, Options aren't being considered here (like every other week), and is unfair to other orgs. Henry Chu made the substitute motion to remove this particular item out of budget, and placing \$12,500 into the general unallocated, seconded.

Author explained vehemently why, that rest of budget was not discussed by Council, should have knowledgeable people explain areas of budget to Council, very sorry half people didn't show up to Finance yesterday. Act Fee last year institutionally couldn't oversee a weekly series such as this. Woodard supports careful consideration of the budget. Some members are familiar with budget though didn't attend Finance.

Ken Cluff called the question, seconded.

Budget as amended now on floor. Typesetter explained, suggest go item by item.

***Chair called for a five minute recess.

Chair called meeting back to order at 9:11 p.m.

Chair discussed budget, which have 20 minutes to discuss; each member had opportunity to discuss budget with Jules and Alma, were considered. Proposed budget to Council, to Finance and each other

for discussion for a week. Will roughly go through each part of the budget, done by Chair. Estimated income not official but approximate, Fall Quarter enrollment historically higher and referendum changed Act Fee amount carry-over also an estimate.

Sub 1 is Margot Beauchamp, the secretary; must include PPM description projected raise in July. Sub 2 is non-work-study student as the Clerk.

Not work-study because their funds historically run-out, and difficult to re-train.

Sub 3 is S&E, original \$8300 to Lobby based on past contribution but was changed to reflect present needs (to \$1.40 from \$1.27/student) so is now \$10,000. Earmark \$2,250 additional for re-consideration later this year. (not specified as to when.) Operating & S&E are office supplies and machines, phones, etc.

Sub 6 are employee benefits. Activities: student organizations now reads \$57,500 and total remains \$67,500. Operational is \$100 per person for lobby annex, SBPC, Nine Commissioners, and two executive. Executive travel no longer exists, summer travel replaced with \$1000.

Summer travel is under discretionary travel. Suspension of By-Laws must occur when budget is passed. Programming total is \$9000. KSDT under contract so based on past needs. Guardian hopefully under control this year and remain at \$8000 for duration. Typesetter is amortization because price down now, and have enough currently to buy new one (so past \$10000 mandated not necessary.) ASIO came to Finance meeting so their budget was raised. Cut phone budget of SCURI, Journal under Media Board. Mandated reserve is a given of \$10,000.00.

Tricia Russo motioned to add \$3,000 to the Media Board budget (as received requests totalling \$34,237 today from media), seconded.

Two work study positions given to those media who requested it, and one under P.R. for newsletter-style Bulletin function; would be available to help other media when not working on their specific media; want media function more efficiently with these positions.

TGIFs and cultural programming questioned, that TGIFs are approximately \$700 so times ten is \$7000

and should be cut down from \$9000 to reflect that. Reggie Williams motioned to have \$7000 TGIF plus \$9000 cultural under programming, seconded. TGIFs to be four/Fall, three/Witner, four/Spring on a tight budget. This year was \$8000 with not as many TGIFs. Activity Fee referendum mandated additional programming so should remain. These are activity, not educational fees. TGIFs are most effective.

Reggie Williams discussed that KSDT should be scrutinized like other media. CWD was scrutinized and should be noted by Council.

Pam Gerber made the substitute motion that CWD \$12,500 under Activity Fee be placed into the media budget, seconded.

Discussion occurred, not a political attack to organization when vote against it, just having problems with budget. Is a political attack realizing views of Tollner re: CWD, responded he's not politically motivated. Tollner said he "didn't want to throw away" \$13,000 of student money on one organization (earlier in the meeting.) Options should be considered as is a problem with many people yet deserves fair consideration.

Other organizations scrutinized for less money. Toby Raymond made the substitute motion to have the CWD under the student organizations section Activities portion of the budget, allocating it \$10,000.00, seconded.

Discussion occurred. CWD already accepted \$1000 cut and are being reasonable in request, can't arbitrarily assign funds and/or pennies, would have to stop regularity of CWD by cutting dates.

Adam Forrest called the question, seconded.

Reiterated that other organizations in budget not checked during this Council meeting. Student organizations have increased budget but little increase in the amount of organizations. Williams said that considers whole process illegal as Council is supposed to approve budget on a line-item basis and aren't present tonight.

Should look at long-term goals want to accomplish, budget for CWD will end up with Council anyway.

CWD not in original budget, then Key, Bagneris looked into its budget history.

Heard debate of CWD, did cut series (MCA on Thursday nights), feel is now reasonable budget in the appropriate place.

Woodard reiterated that better have line-items in front of you for fairness and legalities' sake.

Some student organizations depend on shared funding with CWD to show films. Have line-items for KSDT, ASIO, SCURI, CWD that were considered by Finance.

CWD never intended to be normal Activity Fee student organization, last year changed budget placement to separate for student orgs. President suggested approve all line-items as given to Chair. Chair called five minute recess to consider the KSDT budget.

Chair called meeting back to order at 10:58 p.m. Finance felt would be too rushed to pass line-item proposed for KSDT, so will pass \$10,000 contingent upon later line-item approval. Would be Old Business next week.

D. SBPC Representative, Jules Bagneris
Various individuals indicated interest for position, criterion considered based on affirmative action stand. Will not affect current SBPC rep till July, allowing orientation of new rep to SBPC. Questioned democracy of process and openness of mind. Should trust presidential judgment in this presidential appointment.

Tambuzi answered questions, that is fast learner for job, experiences reiterated, statewide working with a lot of groups including politicians elections and BAVAC.

Goal in representing UCSD is to continue in same vein as Sabo took for Day Care, student housing (make rents unilateral across system), tuition, lecture series, more Third World professors. Can represent students on wide variety of issue. Federally funded abortions plausible in allowing freedom to choose. Opinion of U.C. Lobby is doing some good, necessary work - supports any organization that helps students.

Adam Forrest motioned to table item to meeting #4, seconded.

Discussion occurred. Need for appointment immediate, should trust presidential opinion. SBPC is by its Charter supposed to be represented by President, so not question its appointment. Rene requested Forrest to reiterate remarks about Tambuzi, Forrest did. Retort was that glad brought up but were irrelevant, that should've resolved problems then. Not regular procedure to go through in interview.

Motion discussed. Bill Baker read request to Colleges by Bagneris and Leonard to Council; saying Bagneris knew was invalid as sat on SCB for a year and knew better. Can't censor for asking. RCC didn't approve of request but Cluff feels censor is too much. Warren appointment process halted and sent to A.S. to make their appointments. Revelle not approve, Jules to talk to Third Monday and Muir on Thursday. President carries an assumed authority that lead to believe was last word.

SUBMITTED BY: Alma Key for Linda Sabo
SUBJECT: Travel Funds for Regents Meeting

Request for ~~\$500.00~~ ^{\$325.00} for Travel and Publicity for the June 18-19 Regents meeting, (re: Nuclear Weapons Lab Contracts.)

ITEM D OF IMMEDIATE CONSIDERATION

SUBMITTED BY: Pam Gerber
SUBJECT: Matching Funds for ~~Retreat~~ ^{Dinner} Part ①

Whereas, in past ASUCSD Councils there has been a relatively large amount of antagonism between Council members; and,

Whereas, this can serve to be a significant waste of valuable time; and,

Whereas, A.S. Last Suppers have tended to provide for a much more successful working relationship between Council members; and,

Whereas, this occurs in the final weeks of the acting Council;

Therefore, Be It Resolved, that the 1981-82 ASUCSD Council arrange to have an ASUCSD First Supper so that the comfortable atmosphere can be established at the beginning of the year, in that large chunks of time won't be wasted on meaningless bickering, since hopefully they will

get to know each other a little better and won't make assumptions about personality traits.

Furthermore, Be It Resolved, that the A.S. allocate ~~\$250.00~~ ^{\$150.00} towards the dinner with the provision that Student Affairs (i.e. Randy Woodard) arrange to allocate \$150.00 as well, out of general unallocated; tentative date is the first week of Fall Quarter.

ITEM D OF IMMEDIATE CONSIDERATION - Part 2.

SUBMITTED BY: Pam Gerber
SUBJECT: Matching Fund for Retreat

Whereas, it is clear that there must be some type of orientation set-up for Council members to learn the rules and regulations of Council proceedings; and,

Whereas, it is also important for Council members to get to know one another in a more comfortable atmosphere than a Council meeting, and for a period of longer than two or three hours spent in argument; and,

Whereas, no such event has yet been arranged by the A.S. for this year;

Therefore, Be It Resolved, that the A.S. make a substantial commitment to having this year's Council run as effectively as possible by setting up an A.S. retreat; and,

Furthermore, Be It Resolved, that the Council subsidize this commitment with a sum of \$250.00, contingent upon the Student Affairs Office (i.e. Randy Woodard) giving a partial allocation of \$250.00 as well.

*Possible location: Idylwild; possible date: second weekend of Fall Quarter.

ITEM G OF IMMEDIATE CONSIDERATION

SUBJECT: Summer Salaries

The Associated Students Council should encourage student employment for a Clerk at:

\$4.80/hour @ \$96.00/week = \$1,152 for 12 weeks

This is not only utilizing student employment, but also decreases our expenditure by \$220.80 for a secretary.

REPORTS

SUBMITTED BY: Revelle College Council
SUBJECT: George Winne Plaque

On Wednesday, May 20th, the question of whether to allow a plaque to be placed on the plaza as a memorial to George Winne was put to a vote. The decision was 4/1/1 to take a negative stand on the request for placement of the plaque.

Before Wednesday's meeting, presentations by a group representing the A.S. Council were made to the Revelle Organizational Committee, the Revelle dorm R.A.'s and Hall Programmers, and the College Council. Opinions as to whether the plaque should be placed on the plaza were solicited by the Council from the members of these groups, as well as from the Revelle Interns and a number of students at large. The vast majority of the response we received expressed a strong feeling that the memorialization of an act of immolation is extremely inappropriate. The act of immolation, whether a conscious suicide attempt or not, is a violent act. There exists the possibility that the memorialization of such an event might encourage another desperate individual to expose himself to the same risk. In addition, many people with whom we spoke question that this one individual who took his own life in a defeatist protest against the Vietnam war, should be recognized above all other students who have died while attending UCSD, many of whom had made constructive contributions to the causes and activities that they believed in.

There is not a person among us who does not recognize the necessity of keeping the memory of Vietnam alive so that something similar does not happen again. However, we do not see the George Winne plaque as a remembrance of the Tragedy of the war, but as a remembrance of a strongly violent act by a man whose motivation probably involved several factors.

We do not wish to depersonalize the issue, but feel instead that

OPEN LETTER

SUBMITTED BY: Adam Forrest
SUBJECT: Programming

This year's programming commission has been allocated \$9,000 for TGIF's and \$9,000 for everything else. The latter is to be used toward diverse programming. I am aware of past programming commissioner's lack of satisfying the Council's definition of diverse. I plan to strictly follow a diverse programming structure in the true sense of social, cultural and educational activities. The use of "I" instead of "we, the commission" is used above because as Programming Commissioner, I feel it is my responsibility to speak for the Commission and to make sure that the Programming Commission carries out this diverse programming. The purpose of this letter is to try to clarify my feelings towards programming for the coming year.

First, I would like to restate my past experience in programming. I have been a member of the Pop Events Committee (part of the University Events Office) for three years. Winter and Spring 1980 I was Co-Chair of the Committee. While Co-Chair, the Committee put on various successful programs including Randy Newman (Mandeville Auditorium), Jazz Series (five shows in the Pub), Pretenders (Gym) and Southside Johnny and the Ashbury Jukes (Gym). In addition, my brother has been in the entertainment business for over ten years as a booking agent, promoter and manager.

My reasons for stating these qualifications are not to emphasize my achievements, but to try to alleviate questions as to my knowledge of programming at UCSD. I feel that in the past and present, the Programming Commissioner has come under attack of much mistrust from Council members. Let me clarify! The Programming Commission is always open to constructive criticism, but I feel too many times that this criticism comes as a threat to the program.

Example, either the location of the program changes or the program doesn't pass. I've always felt that having a program is better than not having it, because of unsatisfied personal ideals. I hope the Council will consider presently and in the future that if a program is planned to take place at a specific site, at a certain time, for a specific price then the Programming Commission or I, have weighed the alternatives and have come up with what we feel is the best decision. This does not mean we are unwilling to compromise or change, but we may have strong feelings toward the decisions that we have spent time coming up with.

In the past, I have seen the frustration that the Programming Commission has faced, the failure of many programs and the unfortunate destruction of incentive to program consistently through the year. If faced with disappointing disapproval by the Council, the Programming Commissioner must weigh whether it is worth the time and effort to take a program to Council if a negative relationship has developed. I see no need for this to occur this year, but I hope many of the ideas expressed in this letter will be seriously constructively considered. I am

ASUCSD COUNCIL MINUTES

MEETING #4

June 4, 1981 6:30 p.m.
North Conference Room

CALL TO ORDER: Meeting #4 of the ASUCSD Council was called to order at 6:45 p.m. in the North Conference Room of the Student Center. Alma Key, Vice-President and Chair presided.

ROLL CALL: Present for the beginning roll call were:

Mike Bilek, Henry Chu, Ken Cluff, Eileen Finkelstein, Irene Flores, Adam Forest, Dana Frank, James Gannan, Pam Gerber, Alma Key, Steve Poses, Toby Raymond, Tricia Russo, Vincent Smith, Reggie Williams

MINUTE OF SILENCE: Chair dedicated the Minuted of Silence to the 34 students arrested June 3rd in protest of the University's policies, etc. to do with Dr. Emory J. Tolbert's denial of tenure and the University's recruitment and retention policies in general.

ANNOUNCEMENT FROM THE CHAIR: The Chair noted long agenda, will be to the rule this meeting. Gallery will have to get Council member to yield floor to them. Seating of College representatives announced, explanations for Warren reps given. The A.S. and Warren Constitution differ; as far as A.S. goes write-ins, may win (item cited). REB Zanutta cannot be seated tonight, Basem Harb may be seated. Even if would accept two appointed reps, A.S. has not received official notice and so cannot honor their process. Issue should be dealt within the Judicial Board. Warren Council member Cotter interview completed last night. Called Wendell Leonard last night, who took down names of people selected, therefore attempted correct procedure to official word. Issue should still be taken to Judicial Board. Have seated Basem Harb. Discussion occurred. Decided to seat Harb because a letter was received from WCC to say will resolve issue. Their decision doesn't abide by our election codes and so A.S. must abide by A.S. Debate occurred. WCC Board member noted request. Basem Harb not voted in tonight as decision is still being decided and A.S. has made arbitrary decision by seating him. If Warren rep is supposed to represent Warren College, and Cabinet does not support him, may be a problem. Their codes do not agree with A.S. Should have discussed it within the A.S. Judicial Board. Warren should be represented. Irene Flores asked why Alma Key, the Chair has authority of decision, assume College should make own decision, otherwise, taking away College power. Challenged the Chair on this ruling to seat Basem Harem, take issue to Judicial Board.

The vote taken was Yes/0 NO/6 Abstained/1.
Fails for lack of 2/3rds.

Pleased with publicity (\$000 worth). Need sell at least 1,000 to break even.

The Chair read the third Item that \$250.00 be made
available should the necessity for expenditures
arise for task force and informational purposes
related to this issue, thereby preventing the
depletion of the discretionary for the summer by being
out of the general unallocated budget; a Council
task force will monitor the expenditures made.

VOTE YES 13 Abstained 1 and Against 2

Before the actual roll call votes plenty of discussion.

F. Toby Raymand noted \$250, discretionary funds now stand at \$1,000 and seems sufficient. all are legitimate demands but not enough information re housing for low income students - difficult to make recommendations. Difficult also to recommend another multi-purpose bldg. ~~WHA~~/SCB trouble getting campus wideone.

W. Leonard motioned the question, ten minutes allotted

VOTE - Unanimous

FURTHER DISCUSSION OCCURRED. Williams was for amendment Have Task Force discretionary funds of \$250 out of general unallocated, not out of discretionary funds

Accepted. Harb motioned consider issues separately.

It was seconded and four therefores.

Necessary to create Task Force to address and investigate entire issue in question. Responsibility of students to keep abreast of issues. Darryl ? volunteered to answer any questions may have on demands and how they affect student body.

Chair recessed for five minutes.

Chair called meeting back to order at 9:00 P.M.

The question raised "Are whole set of demands being considered. The A.S. support the demands of the Third World on Tolbert's tenure to the Chancellor.

Cluff motioned to consider demands separately, it was seconded.

More discussion occurred.

Demands are ones listed in the packet, not on AASA's bulletin. Debate occurred as to dividing the demands in context and not nit-pick at it. Difference between support and actuation, should support packet that other students formulated with knowledge.

Gerber motioned to extend ten minutes and it was seconded.

VOTE - Unanimous.

Council members not knowledgeable enough to vote on each demand. Piecemealing doesn't help unified action. People may vote no if disagree with certain parts which may kill issue as a whole. Past Councils have supported these issues, legislative items were read to Council of 1978-79. Cluff withdrew motion & 1980-81.

F. First Whereas and all demands discussed.

W. Leonard extended discussion ten minutes and it was seconded.

VOTE - Unanimous.

Question of demand #7 as to special privilege of housing assurance. Retort was "have no resources to afford off-campus housing by being low-income, may not be able to go to UCSD at all. Student loans are not simple, plus room draw is in spring (except for freshpeople), must take chance of getting loan to pay for reg. fees much less housing. Off-campus housing is much cheaper, but demand states only if on-campus rates don't sky-rocket (is special consideration.) Reagan cuts will cut out all bank loans, according to Financial Aids information. If have no relative, may have nothing to turn to. Williams noted UCSC have made gains in fight for Third World Studies. Southermost campus should endorse also. Suggest lobby be given direction of resolution. Quality education should be accessible to all and A.S. is here to support this.

ITEM OF CONSIDERATION:

F. R. Williams for amendment Task Force report to Chancellor
(to assure documentation that students may see.)

May be better procedure to allow volunteers and members
or Steering Committee to decide that are interested
in housing being on it.

Resent not being able to be part of process if haven't
been involved before. Students have been involved in issue
for years, may be detriment to have to educate unfamiliar
students of issue; rallies have occurred before to educate
up to students to allay own ignorance.

Alma Key, the Chair stated Task Force not automatic
to put on Steering Committee, but to fund necessary
actuaries during the summer in case funds are needed,
(Up to \$250.) Not talking about A.S. members being
involved in Task Force, but discretionary funds with
student involvement. First to add to discretionary
fund, then process seems to have been changed.

Cluff motioned extend five minutes, seconded.

VOTE - Insufficient opposition.

Harb recommended or suggested dollars be spent only on
actions related to demands stated in last paragraphs,
not accepted. Task Force has to be of experts.
Darryl Ellis is very experienced, well-documented,
including that given to accreditation team; Task Force
could answer questions if need arises for answers, but
should be allowed to act. Task Forces historically
take action- not investigate.

Cluff motioned to extend. Seconded.

Summer salaries - continued -

The A.S. Secretary has been working 75% of full time at a salary of \$733.50 per month Dec.1/80 to June 30/81 with accrued vacation to July 14/81. High costs still questioned. It was questioned why high-operating costs and first-time groups large allocations.

Writing Club only received \$24; changes sub-totals.

SATCH questioned why programming not approved; should be \$221 for programming and \$200 for underwriting.

Pay attention to the Item Under Consideration or the issue being raised so when it comes time to vote, we can avoid unnecessary repetitious time spent going over the same thing. Retain the information from the agenda so you can make a proper decision when voting.

Please take note of the time limit allotted to the item or issue. STAY ON THE SUBJECT AT HAND. Don't wander off to another topic.

Also, Council members and reps, when next time you are in the A.S. Offices take note of the charts on colored poster paper with items to remember.

The Chair said we will recess until 7:30 P.M. You can leave the room until then.

The meeting was called to order by the Chair at 7:30 p.m.

ITEMS OF
IMMEDIATE
CONSIDERATION:

A. Muir College Representative, Alma Key

Alma Key read a letter from Muir College Council stating that Mike Bilek was on leave of absence and for the fall quarter, Ricardo Rao would replace him as a Muir representative to the A.S. Council.

He was unanimously approved and it was passed.

However, he under the by-laws is not allowed to vote at this council meeting.

- B. Warren College Representative, - Alma Key
Don Cotter, Warren College Council recommended J.Preston
Alma Key announced that Dana Frank had to
resign as Warren College Rep and in her
place Judith Preston is being introduced
as a replacement.

This was unanimously passed by those council
members present. She will not able to vote this
meeting.

Marlene Morales with Basem Harb are the other
two reps from Warren.

- C. Committee Appointments moved to another
item under consideration to be replaced by
- C. ASIO Contract - Reggie Williams.

R. Williams said that since the A.S. had funded
the ASIO for several years and been in partnership
now that Career Planning and Placement are working
in partnership with ASIO, a contract should be
considered and drawn up spelling out the A.S.
partnership. Career Planning & Placement want to
take advantage of the prestigious work and
credit for the ASIO's accomplishments.

After discussion, this item was suggested that
it be submitted to a rules committee or a contract
be drawn up and submitted later.

- D. Committee Appointments - Alma Key

The Chair said now that we have returned to the
Fall quarter, we have positions to fill for the
Finance Committee, any volunteers report to the
Finance Committee.

- E. Activity Fee Board Appointments - David Tollner

Dave announced he needs a couple of people to
serve and fill positions on his committee. Ken
Cluff had served but has to leave because of
other commitments. Vincent Smith offered to take
his place. So any volunteers contact David Tollner.
They meet once a week at a set time to accommodate
class schedules. The purpose of these meetings
is to discuss and evaluate financial funding for

funds. Judith Preston and Racardo Rao offered to
serve. Wade Bickel is presently on the committee.

These volunteers were accepted.

The Activity Fee By-Laws are in the process of
being amended and when completed, copies will be
distributed for your Orientation Manuals.

- F. KSDT TASK FORCE - Pam Gerber

See next page

There was considerable discussion re the composition of the task force members.

Pam Gerber called the question and it was seconded by Tricia Russo of Communications Commission who stated she was proposing a task force be formed to study KSDT's operation, management, etc. and since the Student Center Board provides their space and maintenance a member should be on the Task Force, along with two members from KSDT Station and three from the A.S. Council.

Reggie Williams took objection to a member from Student Center Board being on this Task Force. He felt that SCB only had jurisdiction on the space and maintenance of equipment and not the funding.

It was further discussed at great length, various questions such as funding items and it was agreed to separate the item of a Task Force from the item of funding.

Votes were taken and then rescinding the questions back and forth. Later on in the meeting the Task Force and funding was debated. If anyone wants to add to the Minutes of this meeting, see the A.S. Secretary, Margo and she will make the additions, comments, etc on a separate amendment to the minutes for the record. RE: Task Force & funding.

VOTE TO SET UP TASK FORCE:

APPROVED: 12 AGAINST: 5 ABSTAINED: 2

R. Williams presented to the Chair a statement:
later under OPEN.

Tricia Russo - Communications presented her argument that the Task Force would all work towards solutions to resolving the problems with KSDT.

The Chair called the meeting to order and moved on to the next item under consideration.

A motion was made to separate the funding item from the Task Force and it was seconded and later discussed under OPEN towards the end of the meeting.

G. CUDA - David Tollner

Dave said that he had been approached by Fernando Rigueros, Treasurer of an Student Organizations - International Club for last minute funding of \$120 to defray the cost of renting University vehicles to transport IC members and students to the S.D. Zoo for an outing.

He presented an announcement that the Zoo tickets were being donated and that these vehicles would be needed.

The question was brought up what kind of refreshments would be served at this outing. Fernando Rigueros, said light wine. Some talk about alcoholic beverages in U.C. vehicles and the question of disregarding the By-Laws for this. Ken Cluff said the By-Laws should not be disregarded or overridden.

G. CUDA - \$120 Funding

A vote was called on this motion and seconded.

VOTE: APPROVED: 18 AGAINST: 0 ABSTAINED: 1

Unanimously passed and funding of the \$120 will come out of Student Organizations Unallocated Funds.

H. CUDA - Adam Forest

Adam Forest of Programming received a request to fund \$200.00 out of its programming budget to supply beer for CUDA's October 2, 1981 event. Sponsored by AASA, BSU, MEChA, UAIS, ASUCSD. SAAC - University Event Cultural Unity Day of Awareness - Progress through Cultural Unity.

FRIDAY, OCTOBER 2, 1981 11:30 AM to 7:00 P.M.
MANDEVILLE STUDENT CENTER QUAD (EAST SIDE)

Performers, speakers, food.

Adam stated that since all his fall quarter programming funds had been already allocated, he could not fund this event.

They were requesting funds of \$200.00 for five (5) kegs of beer. Adam suggested that perhaps funding could come out of A.S. General Unallocated Funds.

Motion to vote and seconded.

VOTE: UNANIMOUSLY PASSED.

Special Programs

I. CUDA -David Tollner, Activity Fee

Funding of \$1,425.00 was being requested out of Special Programs budget for funding the event stated in detail above.

Toby Raymond asked the question and discussion ensued about the large amount being requested.

In future speakers from long-distance requiring travel expenses should not be solicited because of the extra expense involved. That request such as this should be submitted ahead of time to a Finance Committee for evaluation. Use speakers and entertainers locally.

Pam Gerber questioned publicity costs of \$400.00, why couldn't flyers be used.

Marlene Morales said that since Warren College yearly contributes approximately \$100.00 towards this type of events, publicity should be posted around the Warren campus area.

She also mentioned that \$100. had been awarded Tuesday towards this event, from Warren College.

I. CUDA - continued

Past year's funding was compared and this year is \$27.43 less than 1980-81

Pam Gerber motioned to extend discussion five minutes more
No opposition and it was granted.

VOTE taken: Approval 18
 Against 1
 Abstained 1

At this point after the vote, Adam Forest mentioned not wait till the last minute before a council meeting or at one to ask for funds. These matters have to go before a Finance Committee for review.

The sum of \$1,425.00 for CUDA will come out of Special Programs Budget for the purposes listed.

REPORTS: Adam Forest stated that he was pleased with the programming and the work his committee had accomplished during the summer in having all the fall quarter's programming completed in time and all the events booked. The A.S. Bulletin is published and listed all the events, TFIG's. Please cut this ad out of the Guardian. I have several here for your use, take one, but do not leave it lying around on the floor. It will be advantageous for use reference.

During the Winter quarter ahead he has some interesting diversifie events planned. He thanked the AS. Council for their cooperation and funding.

Henry Chu, Commissioner of Academic Affairs presented a typed paper on goals and objectives that he wished to accomplish during the coming quarters. Lecture Note Series, B.S. & B.A. issues and Policies - a much needed committee to bridge the gaps between students and administration on educational policies. The Add/DROP issue is always present.

If anyone is interested please contact him in the A.S. office.

OLD BUSINESS: The Chair, Alma key brought the meeting back to order and asked if there was any old business, and if not, we will go on to NEW BUSINESS. There was no old business brought up.

NEW BUSINESS: KSDT Task Force Assessment - Pam Gerber

Pam Gerber asked what will be the future of KSDT, what is being planned by the A.S. in view of it being temporarily shut down and funds being returned after a veto by the President.

Tricia Russo felt that the Task Force in a body would attempt to sort out and work towards solving the problems that exist. There is a severe problem about immediate funding since funds were vetoed by the President and returned to General Unallocated Funds.

Part of the Original Item E of Immediate Consideration submitted by Pam Gerber stated allocating an interim sum of \$200.00 to cover any operating costs of the radio station during the time of assessment. This sum was established by dividing the originally allocated sum of \$10,000 by 52 weeks.

Tricia Russo stressed the importance of allowing KSDT to be funded for at least this week for its operation to pay current costs and bills - Sept. 23-30, 1981

When the Task Force question was voted on to separate the funding as a separate item, the funding item was under lengthy discussion so it is now being discussed at this point in the meeting.

Reggie Williams had stated that the A.S. Council in it's infinite wisdom voted by a vote of 12-5-2 to set up a Task Force and allocate \$200.00 to KSDT, let it be known that this in violation of Activity Fee ByLaws that require 2/3rds vote for financial appropriation. Therefore, it is requested that the A.S. rescind the vote and have substantive discussion.

It was agreed that the vote for the task force would stand.

The Chair called the meeting back to the item of funding the Radio Station and a vote was taken.

VOTE: APPROVED: 14 ABSTAINED 0 AGAINST: 3

So the \$200.00 will be allocated from General Unallocated budget funds for the one week's funding.

The Task Force will get organized and present their findings to the Council.

The next item under New Business was

Discretionary Reimbursement - Jules Bagneris

The sum of \$140 was allocated for a summer council clerk.

Pictures were purchased and you can see them hanging in the A.S. Conference Room - Student Center Bldg. A upstairs.

The Outing Club was granted \$25.00 for the use of video equipment to show a film. Pam Gerber at this point asked what film and where.

Travel funds in the sum of \$75.00 was requested for transportation to L.A. to study the L.A.UC A.S. structure.

\$10,000 was returned to General Unallocated Funds formerly allocated to KSDT by a Presidential Vetee.

Tricia Russo questioned two trips to L.A. that were financed. J.Bagneris replied that the Finance Committee will resolve this point.

OPEN: Reggie presented the first item "Boycott of Chancellor Atkinson's inauguration

OPEN:

Pam Gerber and Reggie made a motion to Boycott the Chancellor's Inauguration.

R. Williams presented an item as follows:

Whereas, the ASUCSD Council of 79-80 strongly opposed the Chancellor Search Committee's decision to eliminate campus visitations of final chancellorial candidates - an essential part of the Chancellor search process; and,

Whereas, The UCSD students received no information or notice of the criteria used by the Chancellor Search Committee in the selection in the selection process; and,

Whereas, The new A.S. Council should be consistent with last year's council in order to lend legitimacy to the new council, and

Whereas, The new Chancellor, who was chosen under flawed pretenses, celebrates his inauguration on October 22, 1981, and

Whereas, the ASUCSD Council has once again been invited to another bureaucratic function.

THEREFORE: Be it resolved that the A.S. Council hold a demonstration at the inauguration instead of attending as subservient guests who forget the past.

After this presentation by Reggie, there was quite a lot of general opposition to sponsoring a Boycott. Tricia Russo, Marlene Morales Judith Preston and Toby Raymond all made statements that it was felt that they should meet with the administration and chancellor in open discussions and try and have open forums wherein the students can try and accomplish their goals, by dialogue with the appropriate administration people when issues and problems come up.

However, Pam Gerber stated that if the new council members and students, and reps knew the history of the lack of cooperation when the A.S. tried to accomplish any meaningful objectives and state their views, they were always met with opposition.

Tricia Russo questioned the feasibility of the boycott and felt that the majority would rather make their views in presentations one at a time and see what they could resolved.

Basem Harb cited the incident of the demonstration and the actions to resolve the denial of Dr. Tolber's tenure and Third World demands and they were met with immediate arrest of 34 students when they tried to make their demands or views to the Chancellor.

Jules Bagneris stated that since this was a new year and a new Council we should all get off to a new fresh start and looked for support at a grass roots level to meet with the Chancellor.

He reminded everyone about the Chancellor's Open Forums on Fridays at 11 a.m. - 12 noon in the North Conference Room Student Center that will be continued this quarter as in the last quarters. Also the Chancellor has extended an invitation to meet with the A.S. Council Members and students in his office conference room this coming Thursday, October 1, at 2:30 p.m.

OPEN: Motion was called whether to boycott or not boycott the Chancellor's inauguration.

VOTE: UNANIMOUS NOT TO BOYCOTT.

Don Lubeck, Director of a new STUDENT ORGANIZATIONS - Recreation Club asked time to announce that in October he was planning on having an OKTOBERFEST as he felt there was a need for that kind of entertainment or recreation on campus at that time. He wanted to feel the A.S. Council and get their reaction whether there would be any opposition whether Coors Beverage Company would be assisting and cooperating in planning the event. He introduced two Coors representatives who asked that if there were any questions that members of the Council wished to ask them regarding Coors Company they would be here to answer. Also they would like to know the background and history on the UCSD COORS BOYCOTT.

Reggie Williams went into facts supporting the Coors Boycott on Campus and other UC campuses and supported the reasons for the boycott.

Reggie explained the facts he knew about Coors Company's hiring practices and lie detector testing, work policies and sex discrimination and various other well-known unfair labor practices. Reggie mentioned their affiliation with the John Birch Society. The male representative tried to respond effectively but it appeared that he could not deny emphatically the charges made but said they were willing to make any of their policies available at a later date.

Motion to vote submitted by Reggie Williams

VOTE: APPROVED TO BOYCOTT COORS	12
ABSTAINED:	0

OPEN: Jules Bagneris the president asked if he could have about ten minutes to mention a few items.

Debbie Zanders called the question, Basem Haren seconded and no opposition and the floor was granted to Jules.

Jules said that he had worked on obtaining temporary housing accommodations on campus with Gloria Spencer of Off-Campus Housing and the Recreation Dept. - Gym for shower facilities and he had contacted various Resident Deans about using College lounges for students to temporarily sleep while they were trying to secure accommodations.

A program is being initiated on what the A.S. Council members could do to alleviate the housing crunch on and off campus.

Don't forget the Chancellor's invitation to meet in his Conference Room October 1, Thursday, at 2:30 P.M.

Let Jules know.

Jules went on to say that they held the A.S. Retreat but since it was during the second week of the new quarter on Saturday, September 12, there was not the full attendance that had been hoped for. It was a successful meeting and they had a speaker from the L.A. UCLA A.S. Office.

When questioned about issuing the veto on funds for KSDT and closing down operations and returning \$10,000 of their allocated funds to KSDT UNALLOCATED, he said that they were not broadcasting to the students and students needs.

Each member and college rep should check their mail boxes at least twice a day for important notices, items or meetings being called and the A.S. Lounge blackboard for notices.

Commissioners will meet in the A.S. Conference room Tuesday at 3:00 P.M. and College Reps Tuesdays at 5:00 P.M. He looks forward to attendance of all at those meetings.

I want to congratulate the Programming Commission on their accomplishments in planning the TGIF's and events. LOUD APPLAUSE,

Many constructive ideas have been brought up by commissioners for the future of the A.S. Council and they hope to work on accomplishing them. Good cooperation has been established at meet:

Commissioners having any items to advertise in the Guardian contact Tricia Russo Thursday noon for the A.S. Bulletin, no later.

There was a discussion about Jules presented the suggestion of having an National University student conduct a survey and in depth study of the University Bookstore's management, structure operations, costs, etc. and it was going to be paid for at a small sum of \$200.00 out of General Unallocated funds.

Henry Chu said that in his opinion the National University did not have too good an academic standing in the community from his observations and did not think it feasible to have a student from National University do the survey. However, Toby Raymond said that was contrary to his experience and contact with graduates of the National University.

VOTE TAKEN AND THE \$200.00 out of General Unallocated funds was passed unanimously.

ADJOURNMENT: It was motioned to adjourn the meeting at 10:30 p.m. and it was approved and seconded and passed.

ROLL CALL: Jules Bagneris, Alma Key, Henry Chu, David Tollner, Wendell Leonard, Tricia Russo, Denise Long, Pam Gerber, Adam Forest, Toby Raymond, Reggie Williams, Ken Cluff, Vincent Smith, Eileen Finkelstein, Steve Poses, James Flores, James Gannon, Basem Harb, Debra Zanders, Marlene Morales, Judith Preston, Ricardo Rao.

ITEM A OF IMMEDIATE CONSIDERATION

Submitted by: Reggie Williams
Subject: Coors Boycott

Whereas, the Adolph Coors Brewing Company has engaged in the vicious harrassment of minorities, unions, working people, persons with alternative life-styles, and any political belief different from that of the Coors family; and,

Whereas, the Coors Brewery has consistently actualized the beliefs through its vicious tactics at both its brewerys in Colorado and in Southern California; and,

Whereas, those tactics include personal locker searches, lie detector tests, refusal to hire women and minorities, pre-employment questionnaires which delve into such irrelevant areas as a person's sexual proclivities and political beliefs; and,

Whereas, the actions of the Coors Brewing Company has resulted in the loss of pension credits, health and welfare coverage for workers and their families and other benefits; and,

Whereas, these issues are the basic ones of human dignity that a person should not be subject to;

Therefore, Be It Resolved, that the ASUCSD strongly supports the Boycott of all Coors products; that it urges all students to refrain from any purchase of Coors products and to reject any attempt by the Adolph Coors Brewing Company to gain legitimacy with the student population by providing its products free of charge; and,

Furthermore, Be It Resolved, that we call for the Boycott of any campus activity which features Coors products; and,

Furthermore, Be It Resolved, that although it is only with the greatest sense of regret and apprehension that we would ever condemn the actions of a registered student organization, we nevertheless feel the heinous nature of the Coors Company's assault on the dignity of working men and women demands our fervent condemnation of any student organizations which utilize Coors products.

ASUCSD Agenda
Meeting #6 9/30/81

Dear Friends:

Even though I was your second choice for the CEP, you're still first with me. (laughter) On Friday, September 25, at 3 am, I attended the first CEP meeting as per your inability to do so. At this meeting, free coffee was served. Other items included:

- A) CEP MEETING TIMES...for the moment, CEP meetings have been scheduled for Thursdays at 5 pm.
- B) UCSD's UNDERGRADUATE ENROLLMENT PLAN...a long boring obnoxious document prepared by Bob Starkey (Public Enema #1). In short it told about a growth in Undergraduate enrollment to 10,000 students by 1986-1987. (this conservative estimate differs from the Chancellor's _____ (sorry the typist could not read Mr. Anderson's writing) projection of 15,000 undergraduates by the same year). If you'd like to see this report, send 25¢ in coin to: Lee Anderson, Battle Creek, Michigan, Attn: Cheerios Saucer Offer
- C) CEP PROGRAM REVIEWS...academic departments and programs undergo these review every few years (in addition to the financial reviews that the PRC subjects them to). This quarter, Visual Arts, Teacher's Education Program. Biology and a few others will be coming up. I'll keep you mortals informed.
- D) Some med school stuff which is totally irrelevant. Something to do with a chronic shortage of urine transplant donors.
- E) CHEMISTRY 6A...a precedent has been set. Yes, folks, Monday of finals week will be officially raped for the first time by the introduction of a common final exam for Chem 6A students on that day. This is something to keep an eye on,

ASUCSD COUNCIL MEETING MINUTES

September 30, 1981

Call To Order:

Meeting #6 of the ASUCSD Council was called to order at 6:40 p.m. ALMA KEY, Chair, opened the meeting and presided.

Roll Call: Present for the opening roll call were:

JULES BAGNERIS, ALMA KEY, HENRY CHU, DAVID TOLLNER, WENDFILL LEONARD, TRICIA RUSSO, DENISE LONG, PAM GERBER, REGGIE WILLIAMS, EILEEN FINKELSTEIN, STEVE POSES, IRENE FLORES, JAMES GANNON, BASEM HARB, RENE RAGLAND, RICARDO RAO, AND MARLENE MORALES.

Minute of Silence:

Chair dedicated the Minute of Silence to Roland Buck, a Student Center administrator who gave his resignation today.

Approval of Minutes:

The following corrections to the minutes of the last meeting should be noted: 1) Under Items of Immediate Consideration it should have been noted that the ASUCSD Bylaws were suspended so that some of the temporary reps could vote. 2) Regarding the Chancellor's Inauguration: A vote was NOT taken. The issue will be taken up at this meeting. 3) It should be noted that on Page 10, ¶10, items to be advertised should be directed to Toby Raymond, not Tricia Russo. Pam Gerber moved to accept the amended minutes. Seconded and passed.

Announcements:

ALMA KEY announced the following additions to the Agenda for this evening:

Under Section VIII add item C: Approval of new council clerk;
Under Section XI add Chancellor's Inauguration Boycott, PAM GERBER and REGGIE WILLIAMS.

ALMA KEY would like to meet with all members of the finance committee during the Council Caucus.

REGGIE WILLIAMS announced the showing of Hearts and Minds on Friday, October 2, 1981 at 7:00, TLH 107. FRPE!!!!

RANDY WOODARD announced that keys would be cut at the beginning of the next week for all members who did not have their own. Until that time a key will be available in EDNA for the members whose name is on EDNA's list.

JULES BAGNERIS announced that this Friday, October 2nd, the Chancellor would be having an open meeting with UCSD students from 11am-12pm, North Conference Room.

PAM GERBER announced that there would be a Coop fair this weekend in Los Angeles. Fee covers the cost of transportation. Also, the San Diego City Council holds their meetings on Mondays.

Announcements cont:

WENDELL LEONARD announced that applications for committee appointments are currently available at all 4 campus libraries, the Bookstore, EDNA, and the AS office.

MARLENE MORALES announced that Friday, October 2, would be the date for CUDA. 11:30a.m. to 7:00p.m. There would be food, performers, speakers etc. Cost is \$2.00.

The Chair asked if there was any student input, and since there was none the council went into a fifteen minute caucus.

The Chair called the meeting back to order at 7:15.

ITEMS OF IMMEDIATE CONSIDERATION:

Approval of new ASUCSD Council Clerk: ALMA KFY introduced the new clerk, Gary Feder, and explained that she had selected from a number of applicants that she had interviewed. PAM GERBER moved that Gary Feder be approved as the new council Clerk. Seconded, passed.

COORS BOYCOTT: REGGIE WILLIAMS requested that the ASUCSD Council boycott the use of all Coors products because the company discriminates against persons by their sex and sexual orientations. REGGIE brought in a folder of evidence supporting his contentions with correspondence from other companies and also statistics from various groups showing that they had received monies from the Coors company. These groups were primarily groups which supported anti-ERA and anti-Gay contentions.

VINCE SMITH brought the point up that students were viewing the AS Council with negative feeling because the AS was getting too politically involved.

The discussion was extended several times for a total of 25 extra minutes.

REGGIE WILLIAMS called the question and asked for a roll call vote; seconded.

VOTE: APPROVAL 16 AGAINST 2 ABSTENTION 0

Issue passed; The AS will support a boycott of all Coors products. Voting in favor were:

HENRY CHU, WENDELL LEONARD, TRICIA RUSSO, DENISE LONG, PAM GERBER, TOBY RAYMOND, REGGIE WILLIAMS, KEN CLUFF, FIFTEEN FINKELSTEIN, STEVE POSES, IRENE FLORES, JAMES GANNON, BASEM HARB, RENE RAGLAND, RICARDO RAO, AND MARLENE MORALES.

Voting Against were: DAVID TOLLNER, VINCENT SMITH.

International Club Budget: Dave Tollner yielded the floor to a representative of the International Club who explained that the

INTERNATIONAL CLUB BUDGET CONT:

International Club needed \$150 more than they had originally intended for the Columbian Fiesta because they had run into unexpected problems.

The Columbian Fiesta was going to serve food, wine and have a free film and a band. Their band had cancelled out at the last minute, however and they had to get another which was more expensive.

Discussion made the points that the AS had not given any support to the International Club last year, and that it was time to start.

PAM GERBER made the point that the president of the International Club had been only recently appointed into office and had inherited all the problems left from the previous officer.

DAVE TOLLNER made the point that the International Club didn't use the proper channels for requesting money [going through the Activity fee committee and submitting a budget.]

Discussion was extended several times (total 10 min.) and then BASEM HARB moved to call the question. Passed.

The question of whether to allocate the extra \$150 to the International Club was called and a roll call vote was taken.

Vote: APPROVAL 16 AGAINST 2 ABSTENTION 0

Voting in favor were: HENRY CHU, WENDELL LEONARD, TRICIA RUSSO, DENISE LONG, PAM GERBER, TOBY RAYMOND, REGGIE WILLIAMS, KEN CLUFF, EILEEN FINKELSTEIN, SEVE POSES, IRENE FLORES, JAMES GANNON, BASEM HARB, RENE RAGLAND, RICARDO RAO, MARLENE MORALES.

Voting against were: DAVE TOLLNER, VINCENT SMITH.

The issue passed with the funds to be taken from General Unallocated.

REGGIE SMITH moves that an item on the agenda be moved up from open to an item of immediate consideration. seconded and passed
REGGIE SMITH wants the AS to increase the funding for the Rec Club's Ocktoberfest because they lost their sponsor.

The Rec Club was going to co-sponsor the event with the Coors beer company, but it was decided to not use them because of the current boycotting of Coor's products.

It was the general consensus of the council that the money should be allocated because it was the council that recommended to the Rec Club that Coors should be dropped as a sponsor.

Discussion was extended five minutes and then the question was called.

The vote to give the Rec Club the extra funding was as follows:
Vote: Approved: 13 Against: 4 Abstention: 1

The motion passed with the new overall funding as follows:

Rec club Funding cont:

\$1050.00 underwrite-General Unallocated
\$600.00 Student Organizations Unallocated
\$775.00 Stu. Org Special Projects Unallocated

-The chair called a five minute break.

TOBY RAYMOND announced that articles for the A.S. bulletin are due at noon on Tuesdays.

EILEEN FINKELSTEIN reports that she is trying to get the school food services to stop using Nestle products in support of the boycott and will try and contact Brian Klippel this week.

KSDT: TRICIA RUSSO reiterated the points in this week's agenda which request \$50.00 for an audio consultant and \$2000.00 for a retainer for a lawyer.

JULES BAGNERIS made it clear that he will support the recommendations of the task force.

REGGIE WILLIAMS said that the money for the lawyer's retainer is not necessary at this time because at present no lawyer has been selected. Instead, he says that other means of transmitting KSDT's signal should be looked into, such as a loop antenna or on-campus cable.

TOBY RAYMOND explained that KSDT needed to secure an FCC license because all the other alternatives were not actually feasible.

REGGIE WILLIAMS motioned that (as a friendly amendment) the issue of the \$2000.00 be divided and voted on seperately from the \$50.00 for the Consultant's fee. There was no opposition.

Discussion was extended approximately 25 minutes past the 5 on the agenda.

The question was called on whether to pay the \$2000.00 for the legal retainer.

A roll call vote was taken. 7 approved 8 against.

Voting approval votes were:

DAVE TOLLNER, TRICIA RUSSO, PAM GERBER, TOBY RAYMOND, VINCENT SMITH, EILEEN FINKELSTEIN, STEVE POSES.

Voting against were: WENDELL LEONARD, DENISE LONG, REGGIE WILLIAMS, KEN CLUFF, JAMES GANNON, BASEM HARB, RENE RAGLAND, MARLENE MORALES. 8

The question was called on the Audio Consultant's fee.

The voting: 14 approve 0 against. PASSED.

Chancellor's Inauguration:

REGGIE WILLIAMS requested that the AS Council maintains its stand

Chancellor's Inauguration Boycott:

from last year and should boycott the Chancellor's Inauguration.

Discussion ensued for 15 minutes at which time ALMA KFY left the meeting and gave the chair to TOBY RAYMOND, PRESIDENT PRO TEM.

A student from the Vice Chancellor's search committee said it would make an effect if the AS did not attend.

PAM GERBER pointed out that if the A.S. did decide to boycott, it WOULD not be a vendetta, but an expression of the feelings of the A.S. council.

JULES BAGNERIS stated that he would not be in favor of a boycott and would veto anything passed.

BASEM HARB said that the students of Warren College were generally against a boycott, but he personally would support it.
The question was called by DAVE TOLLNER.

A roll call vote was taken.

Vote: APPROVE 11 AGAINST 3 Passed

Discretionary Reimbursement- JULES BAGNERIS

Discussion was tabled and sent to the finance committee.

ASIO Contract: Tabled indefinitely.

RE: Capitulation

Before alighting to the business at hand, allow me to elucidate and expound my intentions of last week. My statements of last week should in no way be construed - either by member or members present or absent (or non-member(s) not in attendance via Minutes or hearsay) - as representing or otherwise insinuating an ambivalence or nested eclecticism toward that which, expressed by member or members in attendance, was implied or overtly expressed hitherto.

Face facts, folks = I've been de-programmed and you have not! Mutually exclusive ontological spheres engender animosity which is detrimental to the communicative process, however transparent, that inherently unites since. As the philosopher Periodicles' wife Magazina once remarked:

"Sic homeus semper tyrn rabilius"

The Committee on Educational Philandering met Thursday October 1, deep in the administrative bowels of our majestic institution. Items that your mortal souls would appreciate included:

A. A loose overview of the years' activities for CEP.

1. The Committee of the Catalogue has finished their recommendations and the CEP, for some utterly irrational reason, will spend a significant amount of time examining their findings;
2. The proposed conversion of the Communications Program to a department.
3. A study of the semester vs. quarter issue. So much for this year. (Other big issues will be dealt with as soon as someone remembers what they are.

- B. Flash! Joe Watson, your VCUA, will now be attending CEP meetings. Now administrators can come and participate in Academic Senate Affairs; a marriage of the Monarchy and the Parliament.
- Q. What does the Chancellor's inaugural and a nose have in common?
- A. They both make you want to picket.
- C. Yours truly has received his first sub-committee assignment I'll be helping to review the Teacher's Education Program starting winter quarter.
- D. Enrollment restrictions - a number of new enrollment restrictions on departmental courses were approved. A large number were also rejected. See me for further particulars. It was a very boring and cumbersome procedure.
- Q. What's the difference between a suffragette and a Lear jet?
- (These are important questions!)
- E. A proposal to charge, EECS and AMES students for computer time used over the allotment for the course was unanimously rejected. The CEP does, contrary to popular belief, have a soul.
- F. UC Irvine and UCSD will, as of winter quarter, initiate a faculty exchange program involving the history departments of each campus. Are you reading this?
- G. The Institute for Pure and Applied Physical Sciences was the topic of an enormous report which I didn't bother to read.

Yours truly,

Yours truly,

ASUCSD COUNCIL MINUTES
10/07/81

The meeting was called to order by ALMA KEY at 6:45p.m.

The Chair took suggestions for dedications to the Minute of silence; It was dedicated to Anwar Sadat, late President of Egypt who was slain during a military parade yesterday, 10/06/81, and to those people killed in Lebanon as a result of the death of Anwar Sadat.

Approval of Minutes- The minutes were approved as read with the following exception: ALMA KEY made the correction that the Minute of silence was not dedicated by the Chair, but rather by President JULES BAGNERIS.

Announcements-

Kerry Varga, Representative from the AS to the REGISTRATION FEE COMMITTEE announced that she would be available to take input on the Registration fee issue.

HENRY CHU announced that Sen. Alan Cranston would be in Del Mar, Friday October 9, from 6:30-8:00 that evening in Seagrove Park, where 15th ST. meets the Ocean for a public forum.

Student Input-

Seth Munter, budgetary Chairman for LAGO appeared to remind the Council that LAGO's budget hearing would be coming up soon and that they were going to need money to continue to fund their organization.

Council Caucus- Shortened to 5 minutes as a result of the low attendance at this evening's meeting. The council was called to order at 6:55.

Items of immediate consideration:

DAVE TOLLNER introduced a bill to fund the Special Olympics for a telephone that they needed to start operations.

He said the money was already allocated, but was not to be released for several more weeks. He requested that the council grant the Special Olympics Committee the money they needed immediately so that they could have the phone installed right away to begin the campaign.

PAM GERBER called the question on whether to allocate immediately the funds necessary (\$269.00) so that the Special Olympics could begin operations. Passed Unanimously, funds from Stu. Orgs Unallocated.

Reports-

TOBY RAYMOND reported that the Audio Consultant inspected KSDT's equipment and said they were obtaining newer pieces for updating the station in a reasonable fashion. He also said that the station would soon need \$7,000 for other equipment, such as microphones, tape decks, turntables and a transmitter. Further, he said that he thought there was a Class A license available in the area which could permit KSDT to transmit to areas such as Ocean Beach, Del Mar, and University City. Also, a lawyer was not necessary to file an application with the FCC, but was necessary if the FCC denied their application.

Council Minutes
10/07/81

Ken Cluff submitted for inspection the following resolution sent from the RCC meeting. It should be noted that it was passed by the narrowest of margins.

"Whereas, the RCC unanimously supports the AS council and the College Councils in insisting that the administration take seriously student opinion and input in the selection of the Chancellor and other high officials at UCSD, but;

Whereas, the Revelle College Council believes this form of protest in unconstructive and inappropriate and will not effectively resolve the actual problems at hand:

Therefore, be it known that the Revelle College Council is not in support of the AS proposed boycott of the Chancellor's Inauguration of October 23, 1981;

However, Be it known that our representative will not attend the inauguration as a gesture of support to the idea of student input as a gesture of college solidarity.

ITEM A OF IMMEDIATE CONSIDERATION

Submitted by: Henry Chu
Subject: Request to approve and support the following petition

***** PETITION *****

Students majoring in Biology at UCSD believe that a Bachelor of Science Degree should be given to them at graduation (rather than a Bachelor of Arts Degree) since

1. Biology is a Science;
2. Other majors receiving a Bachelor of Arts Degree do not have the heavy requirements in Science and Math as does the Biology Major;
3. Biology Majors receive a Bachelor of Science Degree at UC Davis, UC Irvine and UC Riverside;
4. Students at UCLA have expressed the same opinion and are also trying to correct the situation.

SCIENCE: "The observation, identification, description, experimental investigation, and theoretical explanation of natural phenomena."
(American Heritage Dictionary College Edition).

I, a Biology Major at UCSD, agree that a Bachelor of Science Degree rather than a Bachelor of Arts Degree, should be awarded to Biology majors (who complete the present requirements for that major satisfactorily) upon graduation.

Whereas, in Africa, Asia and Latin America over 10 million babies fed on infant formula suffer from "bottle bay disease" - diarrhea, malnutrition, brain damage, and death - every year; and,

Whereas, in poor countries infant formula can cost up to 60% of a family's income, thus forcing mothers to dilute it and undernourish the child; and,

Whereas, Nestle employs techniques such as advertising in the mass media; supply colorful posters and free medical equipment to hospitals; offer gifts to doctors to enlist their endorsements; and employ "milk nurses" - sales people in medical uniforms to sell their products to mothers in the hospital to aggressively persuade millions of women to stop breast feeding and use formulas; and,

Whereas, for over eight years nutritionists, doctors and concerned people have presented reports to Nestle showing that their promotion is contributing to a "bottle baby disaster"; and,

Whereas, despite the mounting criticisms, Nestle has made the most inconsequential changes in its promotion methods;

Whereas, Students voting on last Spring's referendum question opposed the continued sale of Nestle's products in cafeterias, snack bars and vending machines on the UCSD campus; and

THEREFORE, Be It Resolved that in accordance with the referendum question and following results, that the ASUCSD Council ask ask for for the removal of all Nestle' products from all campus cafeterias, snack bars and vending machines until the company stops all promotions contributing to the "baby bottle disaster."

Re; Notes from the EPC Meeting 10/06/81

Since this was the first meeting of the year, all members present introduced themselves and the department/college they represented. First step taken was that the minutes of the previous meeting were OK'd.

The focal point of this meeting was the problem of appropriately naming an interdisciplinary major consisting of mathematics and computer sciences. This topic came to the EPC as a result of an appeal by members of the EECS department, who questioned the CEP's approval of the name Mathematics-Computer Science as a valid title for the new major program.

Arguments of the Math Department were as follows:

This isn't a computer science major; it is a major of the mathematical applications in computer science. There would be more openings for non-computer science majors. Whether a slip of the tongue or not, one of the math reps mentioned that non-EECS majors would be able to use the major to get some foothold in the computer science field (industry), where before they had to double major in EECS and in Mathematics. The math department stressed that the program was set to begin in Winter (Classes reserved, students enrolled etc.). Representatives from the Computer Science department argued that the courses for the major didn't adhere to guidelines proposed by the ACM for computer science degree. (sic) This is very important, because classes the ACM determining as necessary for the computer science degrees is knowledge which is status quo for people in the computer science industry. EECS representatives stressed that since the proposed Mathematics-Computer Sciences program did not have the necessary courses in it that the ACM recommends, the name should not include the words "Computer Science." One representative mentioned the fact that since Math-Computer Science Majors might attempt to use the title as entry to the Computer Science field, it would seriously damage UCSD's reputation for computer science personnel entering the market.

Although it seemed like a farcical (sic) battle of semantics, it was a very important point. Both sides agreed that it was the name of the program and not the content of the program which was in question. Because of the time constraint, (winter quarter as starting point), the committee voted to reject the appeal for a change in the name of the program, but, should look into feasible alternative names. CEP action upheld.

Announcements from the committee chair:

At the academic council meeting up north, it was announced that the 1982-1983 budget for the University of California would be cut about 5% without new programs.

On the UCSD campus, the budget cut would be about 4%. Out of the \$107 million, we would receive 4.28 million less. Dr. Miles of the PRC said about \$1 million would be cut for the general campus academic activity.

EPC meeting 10/06/81
Michael Fiszer

The student-faculty ratio is to be protected. Our growth situation, however, is excellent, with enrollment showing an upward trend. The chairman recommended that the planning and budget committee to start planning and in one month to report back to this committee. (EPC)

The new Residency requirements were discussed. A possible adverse effect would be to drive away prospective graduate students from many of the programs here at UCSD. One member (Dr. Goodman?) mentioned that if any trouble were encountered, grad students could appeal their non-residency and almost certainly be guaranteed exemption. Other erroneous stuff at this point for about 15 minutes.

A suggestion was made to the Chair from an outside influence that the campus should try and become closer acquainted with local legislators (on the state level), to get grass-roots oriented

UC is considering raising all admission standards. Decided that this should be discussed with the admissions office.

Governor Brown is forming an ad hoc committee on Global Security for the special concept of world peace. He suggested appointing one member from each UC campus. Hal Simon, from the school of medicine is or was appointed, his specialty being World Health.

Next on the Agenda was the subject that only full professors be allowed to sit on the committee for academic personnel. Prof. Herb Stern, head of the CAP articulated the fact that associate professors and the like offer "youth energy and interesting insight" that may not be available from older, more experienced members. Nothing may be gained by this action. Goodman argued that the experience of full professors was invaluable, but then conceded when made the statement that only the very highest of the full professors should then sit on the CAP, using Goodman's logic. Goodman conceded and motion dismissed.

Lastly, we have 300 bona fide new students on campus this year.

Respectfully submitted,

Michael Fiszer

How To Kill A Baby And Make A Fast Buck

1 Use all the tricks of promotion to tell a mother in a poor underdeveloped country that breast feeding is not modern. She should use formula made by Nestle.

2 Ignore the fact that she has clean water, no affordable fuel for sterilizing, no refrigeration for leftover formula and that she can't read the warnings on the label.

3 Don't tell her that the cost may be over 40% of her family income and that it is dangerous to dilute the formula.

4 Ignore the fact that ten million infants in underdeveloped countries each year suffer from malnutrition and diarrhea because they are improperly bottlefed.

5 Ignore the fact that one million of these babies die each year.

6 Ignore the world-wide protests of doctors, nutritionists and 118 nations in the World Health Organization, and fight all codes and national laws attempting to limit promotion.

7 Pay publicists, lobbyists and scientists to discredit your critics. (This tactic is behind the Ernest Lefever case.)

8 Just tell your Swiss shareholders how much profit you made this year—and that Nestle is number one in sales of infant formula.

The only way to help end this horror is to **BOYCOTT** all Nestle products. **We must** keep them **out** of the cafeterias, vending machines and stores. The only way the University will stop purchasing Nestle products is if people like **you** stop using them—making these products unprofitable for both the University and Nestle.

ASUCSD COUNCIL MEETING MINUTES

10/14/81

The Meeting was called to order at 6:45p.m. by hair, ALMA KEY.

Roll Call: JULES BAGNERIS, HENRY CHU, KEN CLUFF, JAMES GANNON, PAM GERBER, BASEM HARB, ALMA KEY, WENDELL LEONARD, MARLENE MORALES, RICARDO RAO, TRICIA RUSSO, VINCENT SMITH, DAVID TOLLNER;

Not Present: IRENE FLORES, ADAM FOREST, DENISE LONG, STEVE POSES, JUDITH PRESTON, RENE RAGLAND, TOBY RAYMOND, REGGIE WILLIAMS, DEBRA ZANDERS;

Minute of Silence: Dedicated to the memory of Anwar Sadat, the people who died in his jails, and to Poland and Afghanistan for determination

Approval of the minutes: There was no quorum at present, so the minutes have not as yet been approved.

Announcements

WENDELL LEONARD announced that applications for appointments were still available.

KEN CLUFF announced that there would be a Reggae-Ska dance this Friday night at the Che Cafe.

PAM GERBER announced that Holly Near would be at Mann Jr. High School October 24, 1981 at 8:00 p.m.

Student Input: Warren Wheeler presented to the council a report from the Subcommittee of Student Participation in Governance, and asked the AS to appoint a committee to study the report and to submit a response.

Bill Baker asked about the Chancellor's Inauguration boycott, and exactly what the AS's expectations were from the boycott.

Approval of the minutes: The minutes from the previous meeting were approved with the following correction: The minute of silence was dedicated to the people who died because of the policies of Anwar Sadat, NOT because of Sadat's death.

The council held a 5 minute council caucus.

Items of immediate consideration-

HENRY CHU presented a petition to the council which called for biology majors to receive a B.S. degree, instead of the currently awarded B.A. He said that B.S.'s usually earn more money out of college.

Henry wants the council to support the petition to make it known to the students that the council supports the views expressed in the petition.

The question was called and the petition passed. 11/0/2.

A motion was made to the floor to allow DAVID TOLLNER to present an item of immediate consideration. Approved.

DAVE TOLLNER explained that the Organization of Arab Students needed \$40.00 and said that it would be an advancement on their allocation from reg fees.

The question was called and the motion to allocate an advance on their funds passed unanimously.

Reports***

MIKE FISZER, EPC rep from the AS submitted a report to the Council on the activities of the EPC at present. It has been placed in Council Member's mailboxes.

KEN CLUFF, RCC stated that RCC felt that the issue concerning council member stipends should be sent to a referendum. Also, the RCC meetings have been changed to 5:00p.m. on Wednesdays.

JULES BAGNERIS, AS President was given the floor. Bagneris felt that there were some things the Council should be aware of, and that action would be taken to correct unfavorable situations. Some things to be dealt with are:

Council members missing.

Commissioners are not functioning well, if at all. They have no defined responsibility. Also, they need help, and can't be expected to do the entire job themselves.

The meetings for the Commissioners and Rep's have very poor attendance. Bagneris felt that effective decisions cannot be made if the Reps and Commissioners were not informed adequately on the issues.

All Council members should be urged to check their mailboxes at least twice a day.

It is important that the Council sets goals, otherwise it will become involved in issues that will not benefit the campus.

There should be a moratorium against legislation which does not relate DIRECTLY to campus and the students.

The council should do political work which relates to the students. i.e. monitoring bills that relate to the UC in the State and city legislatures, etc.

One of the main goals the council should have is to increase services to students. Examples: Lecture note series, etc.

At this point, Pres. Bagneris introduced Linda Sabo, to discuss the policies concerning the UC Budget.

She talked about the increase in fees for winter quarter '82, proposed tuition charges for CA residents, and made it clear that the ASUCSD council needed to establish a position on this issue.

When Linda was finished, Jules continued to deal with problems to be dealt with concerning the AS. He said that reps and commissioners not attending meetings would be receiving letters and if attendance didn't improve the offenders would be dismissed.

RICARDO RAO, Muir College Rep made a report from MCC and submitted the following letter:

TO: A.S.U.C.S.D Council
FROM: Muir College Council Chair

In response to the A.S.U.C.S.D. boycott of the Chancellors Inauguration, the Muir College Council regrets it cannot support this action. Although we agree with the complaint that the search process for the Chancellor lacked student input and meaningful representation, we do not feel that a boycott of Chancellor Atkinson's Inauguration is a proper way of addressing the complaints laid out by the A.S.U.C.S.D. in their student bulletin.

Muir College Council is presently moving for a petition and statement to be signed to U.C. President David Saxon expressing our student concerns. We feel that a move of this nature in a more appropriately directed response to the problem of a lack of student representation in the search process for the Chancellor.

(Signed) Neville Billimoria
Muir College Council Chair

KSDT Task force report- Karen King said that the radio station needs funds for operating for the month. Without the funds, 10 years of work in the radio station would have been wasted. Karen recommended that the radio station be allocated \$510.00 for this month to cover the following expenses:

Standard rates & data	\$120.00
Printing	25.00
Postage	30.00
Typewriter Rental	20.00
Phone Equipment	150.00
Tolls	100.00
Mail Delivery	15.00
<hr/>	
Total	\$520.00

She also recommended that an FM Frequency search be done to find a frequency that is available for broadcasting, or one that we can negotiate to use. The latter could take a year or more to accomplish.

When Karen was finished, the council took a five minute break.

Old Business

Item A: Campus Activity Fees By-laws- Tabled Indefinitely

Item B: ASIO Contract- Tabled indefinitely.

Item C: Nestle Boycott- EILEEN FINKELSTEIN presented her view on the Nestle company and stated that in light of the results of the Spring referendum, the Council is obligated to approve the boycott.

Points of the discussion included the fact that if the boycott is approved it should be well advertised, including information to the students as to why the Council decided to support the boycott.

The question was called and the boycott was approved unanimously.

Item D: Council Member stipends- JULES BAGNERIS presented to the council the CONCEPT of stipends for council members.

It should be noted that the motion was to consider the Concept of stipends, NOT an actual request for allocation of funds.

Several council members reported mixed sentiment;

It was brought up that paying council members cheapened the position, and the people serving were serving because they wanted to help the school, not for the money involved.

Further, the AS and the Student Body are already apart, and to vote an allocation for themselves would simply separate the two further.

effects of

Also, the proposed allocation would erase the Activity Fee increase scheduled to take place beginning Winter Quarter.

On the Other Hand: If an allocation was not passed, students who could not afford not to work might not run for an office, and so a good representation of the student body would not be accomplished.

A substitute motion was put on the floor, which called for a committee to look into a referendum, gather some student, and make recommendations to the Council on the Stipend Proposal.

A friendly amendment to the Substitute Motion states that the committee shall be the finance committee.

The question was called and a roll call vote was taken.

In Favor: Henry Chu, Ken Cluff, Eileen Finkelstein, James Gannon, Pam Gerber, Basem Harb, Wendell Leonard, Marlene Morales, Steve Poses, Ricardo Rao, Toby Raymond, David Tollner, Reggie Williams;

Against: NONE

Motion Passes.

Item E- Discretionary Reimbursement: Jules Bagneris stated that he had ran out of funds in his discretionary account, and was asking the council to reimburse him for various expenses.

BASEM HARB from the finance committee said that his committee approved the reimbursement, but said that the committee's opinion was that the funds were misused. Further, this time there would be no formal reprimand, but if this was to occur in the future, some serious action would be taken. He also added that he personally felt Jules did not misuse them knowingly, and that he was acting in good faith.

Jules explained the charges as follows;

Clerk's additional monies: Extra money needed for the Summer Clerk.	(\$140-)
Mileage: Attend ASUCSD Council meeting.	(96.20)
USSA Membership: Could not participate without membership.	(75.00)
Pictures: for conference room	(106.00)
Louis Knox Dinner: "Thank you" for slide show presentation.	(18.44)
Travel Overage: Money spent over summer budget.	
There was a motion to call the question. passed 13/1	

The question was called on whether to reimburse Jules Bagneris' discretionary fund for the above expenditures.

Vote: 9 yes 3 abstain 3 no

Motion passed.

Also approved expenses (not to be reimbursed by AS)

Washington-Wisconsin trip: Attend Delta-Sigma-Theta Conference, USSA Conference.

Soda Springs- UC Student Lobby retreat; lodgings, transportation.

The question was called and passed unanimously.

Item C: Pam Gerber requested that the council allots funds to cover the costs of printing the flyers concerning the Chancellor's Boycott (\$60) and a ¼ page ad in the Guardian.

The question was called and passed 11:0:3.

Along with the above motion, a committee was approved to write and deliver a statement at the inauguration concerning the AS boycott. The committee is as follows:

Jules Bagneris
James Gannon
Reggie Williams
Bogom Harb

Item E: Tricia Russo Split her item into two parts and each will be voted on separately.

Contrary to popular belief, KSDT is trying hard to get things accomplished. Although none of the A.S. Official Representatives attended the General Meeting of KSDT on Monday night, I took the opportunity to attend. They did not serve coffee... other business discussed was:

There is an admirable amount of effort being put into running the various departments without sufficient funding. To help alleviate some of the financial burden currently being experienced at the station, certain programs are being instituted, as well as reinstated. These include:

1. Fund raising parties
2. Record sales of duplicates of promo albums
3. Radio-A-Thon
4. Collection of Dues @ 5.00 per quarter

Also, there is substantial energy being put into the organization of a specific fund-raising event which is to take place January 13, 14, 15. This event will star KMFEL Productions. Revelle Cafeteria has already been reserved and all logistical responsibilities are being dealt with at the present time.

As far as promotion of the radio station existence goes, certain participants of KSDT are organizing a Newsletter to be set to all student organizations, as well as the general student population.

There has also been actualization of the idea of expanding the alternative programming, which should encourage more student involvement. These include programs such as the "Women's Line" and "Campus Communication".

New policies, or rather, revisions of old policies, are also being discussed. The main issue discussed at Monday night meetings regarding policies was advertising. In order to establish an ethical means of generating funds, members will soon begin to solicit student organizations and A.S. input in the establishment of the forementioned policies. This is being done in order to avoid any type of controversial contractual arrangements for commercial radio.

In closing, I would encourage you all to visit KSDT and discuss with them any problems you might be having with the station. By doing so, you will allow these people an opportunity to understand where the A.S. is coming from and can thereby continue to make changes for the better.

Now is the time for all persons to come to be plenipotentiary. Those who do not remember the past are condemned to forget it.

DEVO MOVED

is

a

PALINDROME !!!

Other business included:

- 1) A potential discontinuance of the grantature of academic credit for "remedial" courses, i.e. precalculus math and subject "A" requirements. (this is being explored on a statewide level).
- 2) Of interest to those of you who will be getting "W's" under the new deep policy, you will be pleased to know that those courses are officially exempt from the 16 repeatable unit limitation that punifies completed but unsatisfactory academic courses.
- 3) "...a few token FTE's"... What does that mean?
- 4) FLASH ! Facts you should be cognizant of:
 - an immediate 2% budget cut is here now, now, now.
 - a budget cut of 5% will manifest itself in next years budget.
 - students, through fee hikes, will be expected to absorb 2.5% of that cut.
 - the possibel elimination of "a program" is expected at UCSD to make up the other 2.5% of the cut. (Program should be broadly construed to encompass everything from physical plants to plant physicals.)
 - the world may soon crumble.
 - confucian is holier than Tao or Cleopatra on the Nile!
- 5) How do you evaluate a teaching assistant? See Lee for details.
- 6) Restrictions on Majors??!!!!??? YES!!!!!!
Narcissistically, we have nothing to worry about. Woe be to new and transer students who innocently fail to conform to the ambiguous , pragmatic standards of the oversubscribed majors. Two policies are being examined for possible adoption:
 - a. a straight numerical body restriction that would for example cut off access to X major after the 500 highest GPA students are declared.
 - b. A GPA restriction that might set a 4.0 restriction on admission to the major and deny access to all others who are below that standard.

MORE ON THIS IMPORTANT ISSUE LATER.

ASUCSD COUNCIL MEETING MINUTES

OCTOBER 21, 1981

The Chair, ALMA KEY, called the meeting to order at 6:45 p.m.

Roll Call:

Present: JULES BAGNERIS, HENRY CHU, KEN CLUFF, EILEEN FINKELSTEIN, IRENE FLORES, ADAM FOREST, PAM GERBER, BASEM HARB, ALMA KEY, WENDELL LEONARD, STEVE POSES, RENE RAGLAND, RICARDO RAO, TRICIA RUSSO, DAVID TOLLNER.

Absent: JAMES GANNON, DENISE LONG, MARLENE MORALES, JUDITH PRESTON, TOBY RAYMOND, VINCENT SMITH, REGGIE WILLIAMS, DEBRA ZANDERS.

The council observed one minute of silence, though there was no dedication.

Approval of minutes: The minutes were approved with the following corrections: Money requested by David Tollner for the OAS (p. 2) would come out of Activity Fees, not Reg fees.

ADAM FOREST announced that the Jazz Series would continue on the Plaza from 12-1 on Wednesdays.

Student input: A representative for Campus Crusade for Christ spoke to the Council and urged them to approve the budget they requested for programming, explaining that there was a large expenditure for a planned speaker.

In the middle of the student's presentation, a group of militant students invaded the council meeting and announced that they felt the Council was not responsive to student needs, and that things had to improve.

When they left, other students in the meeting expressed feelings about the intrusion, most stating that they didn't agree with the militants, and found the interruption rude, senseless and inappropriate.

The council approved an informal resolution which mandated that Adam Forest would turn off his television.

The council broke for a 30 minute caucus.

The meeting was called to order at 7:55.

Items of immediate consideration:

ADAM FOREST requested \$143.95 (\$100.00 would be an underwrite, the rest from Gen'l Unall.) The money was to finance Council T-Shirts for the TG and the cost is \$5.00.

During discussion, points were made that the logo of AS should be on the shirt, and it was urged that the motion be rejected and rewritten to be submitted under OPEN.

The question was called and a vote taken.

Vote: 1 yes 11 no 2 abstaining

Motion fails.

October 21, 1981
Council Minutes

TRICIA RUSSO introduced a bill to fund attendance at KUCI Conference in Irvine. Topics include "Getting the most complete programming for your money." Cost is \$15.00/person, six people to attend for total \$90.00.

The question was called and a vote was taken.

Vote: 13 yes 1 no 1 abstaining

Motion passed.

Old Business:

Item A- Student organizations budget: The Chair explained that this would be dealt with in a certain order since the topic had many things to be explained. The order would be

1. Dave Tollner would introduce the budget and make remarks.
2. Student Organizations would make their cases to the council for more money than the Act. Fee Commission gave them.
3. Council members would question Student Organization Representatives.
4. The Council could question the Act. ee Con.
5. The budget would be voted on.

DAVE TOLLNER introduced the Budget and said that money was tight, and that the money was distributed in a fair and equal manner, keeping in mind that there were many groups requesting money.

A representative from BSU spoke and said that the BSU was one of the largest organizations on campus and that they would need more than the money the Com allotted them. They requested \$1700 more.

Ricardo Rao pointed out that they got more money than any other student org. on campus.

Discussion continued for $\frac{1}{2}$ an hour, while the BSU and the Council tried to come to terms. The BSU said that they needed the abovementioned sum so they could be effective for the Black students on campus for the entire year. They also said that they didn't receive enough funding for Black Awareness month.

JULES BAGNERIS made a motion to give the BSU an additional \$1500 and give another \$3500 to Student Org's unallocated, with the total \$5000 coming from General Unallocated.

As a substitute motion, Dave Tollner suggested that the entire \$5000 be put into Student Org's unallocated to be allotted as the Activity fee deemed appropriate.

The council took a 40 minute break.

The council returned from break and the BSU make a second presentation; They emphasized the need for funding for at least four major programs;

Lerone Bennett Jr.- Speaker, Black Historian

Martin Luther King Jr. Day

Malcom X. Day

Black Music Day

After some more discussion, Dave Tollner restated his motion (substitute) and called the question on it.

There was opposition on calling the question so a vote was taken: lly 2n

The question was called on whether to allot \$5000 to Student Org's Unall.

Vote: 9 Y 5 N 1 Abstention

2/3 vote needed to carry; motion fails.

The Chair Called a 15 minute break so that some regulations could be verified.

When the meeting was called back to order, the chair called the Student organizations budget out of order and sent it back to the finance committee.

A motion was made to approve all operating expenses in the Budget so that the organizations could start planning for the year.

The question was called as to whether to approve all operating funds as outlined in the budget, and a vote was taken.

Vote: Unanimous in favor

Reports:

Pam Gerber, KSDT: Written report in agenda packet.

Lee Anderson, CEP: Written report in agenda packet.

Toby Raymond said that there will be a new publication for AS events. There will not be a bulletin in the guardian any longer, and so all information should be directed to Toby for the new publication.

Jules Bagneris said that Highball went well and seemed to be a popular attraction at the TG. There is a possibility that it could be brought to campus. Several details such as arranging for insurance still must be worked out.

Jules also emphasized the importance of attending the Representative and Commissioner meetings. Congratulations to all council members on the way they handled themselves during the intrusion earlier this evening.

ASUCSD COUNCIL MEETING MINUTES
SPECIAL MEETING 10/23/81 (#10)

Call to Order: The Chair called the meeting to order at approximately 4:00.

Roll Call:

Present JULES BAGNERIS, KEN CLUFF, EILEEN FINKELSTEIN, ADAM FOREST, PAUL GERBER, BASEM HARB, ALMA KEY, WENDELL LEONARD, DENISE LONG, MARLENE MORALES, STEVE POSES, RENE' RAGLAND, RICARDO RAO, DAVID TOLLNER.

The only item on the agenda for this meeting is the budgets for the student organizations.

The Chair said that the meeting will be done in two parts: (1) To discuss recommendations from the council and the activity fee committee, (2) Listen to the student orgs' input.

At this point, the rules committee brought up their definition of "Special programming" which read:

Any programming which includes at least one of the following with the third being a mandatory condition.

1. Commemorates the history of an oppressed people.
 2. A cultural event that leads to community awareness and diverse cultural consciousness
 3. Has only one special programming event per academic year
- **other events may be included @ Council's discretion by simple majority.

After the definition was read, DAVE TOLLNER said that according to this definition, he found fewer special programming than than he thought he would have. Still to be funded were:

Asian American Awareness Week	\$1065.00
MeCHA's Cinco de Mayo	1150.00
WRC's International Womens' week	185.00
BWA's Tribute to Black Women	820.00

total \$3220.00

In addition, CUDA used up \$1425.00 already, so the total amount of the budget used so far is \$4645.00, which means that there is \$5355.00 left for thyear still unallocated.

Also, this year student orgs budget has \$29,682 (which includes the \$5000 allotted at the Council meeting on Oct. 21). Already budget out to student orgs is \$29,194, leaving a grand total of \$500 for the rest of the year.

Dave tollner made a motion to take \$2,000 from the Special Programming Budget and give it to the Student Organizations budget. This would leave about \$3500 for special programming for the rest of the year.

The Chair pointed out that the Council must first vote on the definition of a Special Program.

There was some discussion at which time it was pointed out that the original point of the Special Programming was originally a commitment of the AS to give money to the Cultural Unity Day of Awareness.

This however, is not binding, since it was not written into the bylaws.

Another item that came up was that only one special programming event from any one organization could be funded from the Special Programming fund. Black history month would count as one event. Also, if an organization needed more money, it could be taken from Gen'l Unallocated or Student Organizations Unallocated.

Marlene Morales called the question. 2nd.

A vote was taken and the motion passed unanimously.

Approval of the Student Organizations Budget:

Ken Cluff made a motion to separate the Special Programming budget from the rest of the budget so that they could be discussed separately. The motion was seconded and passed unanimously.

The first issue to be discussed was the \$3220 proposed for Special Programming (as line-itemed earlier in these minutes.)

The question was called and seconded.

Vote Y unanimous. Motion Passed.

Next discussed was the Student Orgs budgets; The changes from the one submitted at an earlier council meeting were to decrease the following organizations by the amounts placed next to each:

ASIAN AMERICANS	-1065.00	Budget stands at \$ 29,994.00
MeCHA	-1150.00	
WRC	- 185.00	
BVA	- 820.00	

Discussion: A student pointed out that there should be money left in the Stu. Orgs unallocated for students to use if necessary. Discussion lasted for about ten minutes.

The question was called and a vote was taken. Passed Unanimously;

made a motion to take out of General Unallocated \$2500 and put it into Student Organizations Unallocated;

There was about 15 minutes of discussion, and Marlene Morales called the question. There was opposition so a vote to call the question was taken. Vote: Y 9 N 1 Ab 1 The question is called.

Vote: 10 y 1 n no abstentions. Motion Passed.

Motion to adjourn; no opposition so meeting ended at approx. 5:00

Roll Call: KEN CLUFF, EILEEN FINKELSTEIN, PAM GERBER, BASEM HARB ALMA KEY, WENDELL LEONARD, DENISE LONG, MARLENE MORALES, STEVE POSES, RENE RAGLAND, RICARDO RAO, DAVE TOLLNER.

XIV. ADJOURNMENT/ROLL CALL

Submitted by: Alma Key, Vice-President

Below is recorded a brief summary of my Sacramento trip which took place on October 15, 1981. I have categorized activities that I participated in while there.

1. HEARING ON FACULTY AND STAFF AFFIRMATIVE ACTION IN CALIFORNIA POSTSECONDARY EDUCATION

This hearing was put on by the Assembly Subcommittee on Post-secondary Education. It began at 10:00 a.m. and was held in Room 4202 of the State Capitol. It was divided into five different categories. Three categories were of particular interest. Those three were: 1) Representation of Women & Minorities in Public Postsecondary Education, 2) University of California and 3) Public Testimony. Due to my late arrival, I was not present to hear the testimony concerning the first topic.

THE UNIVERSITY OF CALIFORNIA--There were specified representatives from the University who had been invited by the committee to speak. These representatives had prepared a report for the committee concerning hiring trends, affirmative action efforts and proposals for increased representation of women and minorities. Teresa P. Hughes, Assemblywoman from the 47th District and chair of the committee asked several questions of the representatives concerning the report on statistics and pertinent information that seemed to be missing. There was discussion back and forth and finally one of the representatives said that that type of information was not available. Assemblywoman Hughes, seemingly displeased, heard roughly ten more minutes of testimony and asked the University of California representatives to step down.

PUBLIC TESTIMONY--Under the subject of Public Testimony, there were four individuals who were on the agenda to testify. All wanted to testify concerning UC and Assemblywoman Hughes asked the University officials to stay and listen to this testimony. Time was limited and the committee was interested only in solutions or suggestions at this point. Having limited time, I made the following suggestions in the specific area of faculty hiring in the Humanities and Social Sciences: a) Make changes in the curriculum that would create demands for ethnic faculty in several areas, b) Reshuffling priorities and/or a firmer commitment to hiring ethnic people and c) Ethnic student participation in the tenure process. For more information on the meaning of these three, please see me. The committee accepted these suggestions and the hearing was adjourned.

2. VISIT TO THE UC LOBBY

I briefly stopped by the UC lobby and met several of the people there. In addition, I acquired information concerning other hearings that will be taking place and other issues that the lobby presently address.

Submitted by: Lee Anderson
Subject: CEP Meeting Of October 22, 1981

QUESTION: Have you ever heard of Henry George? If you can't answer this question affirmatively, you would not have been admitted to UCSD. (Mull that over on your way to the Registrar.)

I'm writing this as the meeting happens so I may take a break to say a thing or two.

- 5:05 p.m. Budget Cuts are discussed.
Out of a 5% cut expected next year, 2.5% will be absorbed by student fee hikes, 1.25% will be absorbed in an across the board cut and 1.25% in the elimination of "a program". The decision will be made in mid-January.
- 5:14 p.m. We talk about how to grow Colombian-style weed in sandy San Diego soil. FTE Stars and Affirmative Action are closely related.
- 5:38 p.m. I got a cup of coffee and everyone laughed when I spilled it all over Barry Hyman (who had just passed out moments before). At about this time we started talking about temporary teaching appointments (i.e. teachers for classes that faculty don't want to teach). Dilemma: How to preserve quality without paying them anything. Assorted scandals in this area were mentioned.
- 6:13 p.m. Everyone gets out their straws and we have a snorting contest. (A line drive, as it were.) The Russian Literature and Society major is officially canned. (We picked one major at random to eliminate--thank God it wasn't EECS!)
- 6:38 p.m. A keg is brought in, compliments of David Saxon (who was a real zombie during the meeting). We discuss the semester system at length.
- 7:00 p.m. Meeting adjourns with a simultaneous hit of acid by all members.

Subject: "Self-Actualization and the CEP"

Hello there!

Question: Whatever became of Richard M. Nixon?

At last Thursday's CEP Meeting:

1. We discussed the institution of extra fees for remedial courses (since the State will not commit itself to paying for them).
2. We spent an hour with Vice Chancellor Miles on the subject of tenure ratios. UCSD, along with the rest of the university, in an effort to avoid a "tenure topping-cut", has decided to scrutinize the tenure provisions it follows. So many people are getting tenure these days that there is a risk of losing future hiring flexibility (should an academic revolution suddenly render our faculty obsolete).
3. We spent an hour on the subject of TA evaluation with Provost Stewart, et. al. We need priorities, folks:
 - A. What are the rights and responsibilities of the supervising faculty member?
 - B. What are the rights and responsibilities of the Grad Student TA?
 - C. What the hell is a Master TA?

Question: What do you say about a guy who holds his own sexually?

P.S. I've joined a fanatic religious cult.

P.S.S. Answer: He's a short- order cook in Fresno and going to correspondence school to get a CPA certificate.

AS evaluation and critique of the

Report of the Subcommittee on Student
Participation in Government

The recommendations and criticisms on this report follow the organizational scheme of the original report on each specific area presented. General comments on the report as a whole are presented at the end.

We begin on page 9.

Mechanisms for Student Participation

COMMITTEES

The use of the word advice was felt to be too vague. Instead, we felt that the "advice" should take the form of a vote to be incorporated in the decision making process.

A. Committee Structure

1. This is an excellent idea but two considerations should be made: One, the letter should be written at least in part, by a past student member of the committee and. two, the charge of the committee member should not be limited by it.
2. These provisions are essential and should be expanded to include a more specific description of who they will be sent to (i.e. copy to AS, copies to individuals or groups affected or to be affected by committee decisions) and some guidelines on how far in advance of the meeting they must be mailed.
3. There were questions as to who would choose the staff support person for the committee.
4. --
5. We felt the wording could be much stronger here in demanding that unit heads recognize the committees as invaluable resources in decision making and requiring the committees opinion before making any significant decisions.
6. We are in agreement that unit heads should not chair the committees but feel that they should be required to attend the meetings if so requested by the committee to serve as a source of information and experience.

B. Wholly Student Committees

It may be desirable to add faculty or staff as ex-officio members of currently all student committees but this was not felt to be the answer to the credibility/continuity /influence problems. We felt that these were due more to the failure of the administration to recognize wholly student committees as legitimate decision making bodies. It was fully agreed that students should have the primary role in housing and food services policy making.

C. System for keeping track of campuswide standing committee functions and membership

This is an essential idea for truly effective student participation in committees. However, some modifications were suggested. The AS, as the central representative body of the students, should be the vehicle for student access to such information either by the location of a terminal, or the whole information system in the AS offices. The AS appointments and evaluations commission could absorb some of the work of keeping up the information. Finally, it was wondered who was to pay for the institution and maintenance of such a system.

INTERNSHIPS

We are in general agreement with the contents of this section. A firm policy should be called for insuring student input in selection of interns and more specific suggestions should be made for areas of expanding internships.

STUDENT EMPLOYEES

While there was unanimous support for unit head meetings with student employees, some members of the committee also felt that student employees should be allowed to vote on departmental business and policy.

STUDENT SURVEYS

Student surveys, evaluation forms, questionnaires should be used whenever possible. Important, for reaching, decisions should include referendums as part of the decision making process. The results of such surveys, referendums etc. should be made generally available and should be sent to the AS as a matter of policy.

SPECIAL MEETINGS TO DISCUSS SPECIFIC TOPICS

Such meetings are indeed important and mechanisms for giving students the power to call them should be implemented. Questions were raised as to what should be done in the case where no agreement is reached. If students are only giving "advice", then they can be easily overridden. Possibly such instances should be grounds for taking a referendum.

INFORMAL CONTACTS

The Revelle College Faculty Fireside, Brown Bag Lunch and Colloquia programs as well as the Muir Dorm Faculty Advisor program of last year should be suggested as ideal models for this type of interaction.

STUDENT GRIEVANCES AND APPEALS

No recommendations.

SELECTION OF STUDENT PARTICIPANTS

Students will only consider university service when given respect, voting rights, and responsibility. Guidelines on the number of students appointed to committees should be set. Token appointments should be avoided by requiring enough student appointees to affect policy decisions.

TRAINING OF STUDENT PARTICIPANTS

A course on UCSD should be offered but student time commitments require that some academic credit be given for any type of time consuming course.

COMPENSATION AND REWARDS FOR STUDENT PARTICIPATION

Pay

Due to the time and effort that some committees take we felt that a blanket recommendation against stipends is not appropriate. Other forms of financial assistance, fee waivers, bookstore or housing credit etc. for example, should be explored.

Academic Credit

Definite procedures should be formulated for obtaining academic credit and made available to all students participating on governments. Such procedures and courses of study should be set up in ways that do not hamper or shift a student's actions on committee.

Less Tangible Rewards

All these rewards will help but few of them are seen at present. Letters of recommendation can be especially important but they must not be used as a tool to sway opinions or votes.

CONTINUITY OF STUDENT PARTICIPANTS

The only comment on this section was that we saw no reason why it would ever be impossible to have two or more students on a committee.

COMMUNICATION BETWEEN STUDENT PARTICIPANTS AND THE STUDENT BODY

We were generally satisfied with this section.

ADMINISTRATIVE RESPONSIBILITY FOR
FACILITATING STUDENT PARTICIPATION

We feel that it is imperative that the chancellor create a detailed policy covering all aspects of student participation in government. Such areas as committee composition, voting rights etc. need to be covered in detail. Such a policy must have a serious faculty commitment behind it if it is to be effective. The administrator assigned to help coordinate student participation should be intimately in touch with the campus committee data bank to insure he/she is a valuable resource.

General comments on the report:

It was the consensus of this committee that the report was not specific enough in its recommendations. It is imperative that detailed policies be formulated or else the entire effort will submerge into an obscurity of conflicting interpretation and vague guidelines.

It was also felt that voting procedures should be outlined and student participants given full voting rights. In this way, their voices can not be overlooked and they will know that they are indeed important participants in campus decision making.

The Chair called a five minute recess.

Items of Old Business

Item A; Progressive Coalition Animal Abuse Rally

Reggie Williams introduced a bill to fund a rally against animal abuse. The Finance Committee recommended \$85.00. Also, due to typographical error, the Guardian ad should be for $\frac{1}{2}$ of a page, NOT $\frac{1}{2}$ a page.

Reggie said that there were accusations against the UCSD Med School that animals were not receiving proper care following research experiments, and that some of the experiments were inhumane, as well as unrelated to any research being done. i.e. 2 & 3 headed dogs.

Ken Cluff reported that RCC had a positive reaction to funding this rally.

The question was called , and a vote was taken. 10 Y 0 n 3 Abstentions
Motion Passes.

Item B; Executive Discretionary Fund Reimbursement:

Jules Bagneris requested that the Executive Discretionary fund be reimbursed \$359.00 for SBPC travel expenses and a speaker, Ouame Toure'.

The question was called and a vote taken. 12 y 0 N 2 Abstentions
Motion Passes.

Item C; AS Vehicle

This issue contained a great deal of discussion. Randy Woodard said that the batteries in an electric-powered vehicle would need to be replaced after about 2 years, at a cost of approx \$500-600. Also, a maintenance contract could be written for a cost of about \$30.00/month.

Also, in figuring out the cost of the vehicle, it was necessary to keep in mind the costs of miscellaneous things like a cutoff switch, and also a place to lock up the vehicle when not in use.

Pam Gerber mentioned that if we want to show a strong fiscal responsibility a referendum should be done to determine the opinion of the students.

The point was brought up that this issue did not involve any money, but rather to vote on the recommendations of the Finance Committee.

also, the questions of co-funding with one or more student organizations was brought up, also funding with the Student Center Board.

Ken Cluff, RCC rep said that RCC was not in favor of the Vehicle.

Council Minutes
11/04/81

Reggie Williams said that last year they were able to borrow a cart for the Student Body Elections and that it saved them enough money to almost pay for the cart.

The question was called on whether to approve the Finance Committee's recommendation concerning the Vehicle, and a vote was taken.

Vote: 13 Yes 1 No 1 Abstention

Finance Committee's Recommendation passes.

A straw poll was also taken to determine how many members of the council would (at the moment) vote in favor of purchasing the cart.

The vote was 6 in favor, 5 against, with 3 abstentions.

Item D; Transportation to the SBPC meeting:

The question was called without discussion, and the motion passed unanimous.

Item E; Lecture Notes Series Budget:

Henry Chu, Commissioner of Academic Affairs distributed copies of the budget for the lecture notes series. Henry said that this system was already in operation at Berkeley, and UCLA. The funds would come out of the General Unallocated, and this would be an underwrite. According to the proposed budget, the Program would turn a profit at the end of the first quarter.

The by-laws were suspended for five minutes, while several council members were briefed on what exactly the Program did, and how it functioned.

The question was then called, with opposition, so a vote was taken on whether to call the question. Vote: 6 Y 6 N; Chair Decides No.

In discussion, points were made that all money amounts for salaries was determined from a pre-made scale (University Standards).

A friendly amendment was added which stated that this was an AS project, all monies involved belonged to the AS, and the Program would remain under AS jurisdiction.

Another point made was that there was a system to keep the note-takers duly employed, and that they must make arrangements if they would not be able to attend a class.

The question was called and a roll call vote taken.

In Favor: HENRY CHU, KEN CLUFF, ADAM FOREST, JAMES GANNON, PAM GERBER, BASEM HARB, MARLENE MORALES, STEVE POSES, RICARDO RAO, TRICIA RUSSO, VINCE SMITH, REGGIE WILLIAMS.

Motion passes unanimously.

Items F, G, H, were tabled.

New Business

Item A; Karate Club Film:

Referred to Finance Committee

Item B; UC Energy Efficiency Goals

Referred to Rules Committee

Item C; Jogging & Exercise Trail

Referred to Finance Committee

Item D; Discretionary Reimbursement:

Referred to Finance Committee.

SUBMITTED BY: LEE ANDERSON

SUBJECT: VISION OF THE FUTURE

The mere sound of the explosion was enough to knock me to the ground. My freshly typed manuscript flew from my hands and disappeared from view in the ensuing flash. The heat became unbearable. The asphalt began to melt and soon bubbled over the curb. Agonized screams slowly ceased. I, myself, expired soon after.

In other business:

- 1) Section 505 revisions (see me for trivial particulars)
- 2) endowed chairs (and other misc. furniture)
- 3) UCSD can not be rented out to other degree granting institutions.
- 4) Urban Studies & Planning--delay of two year review. My God, man--they're playing with time!!
- 5) UCSD will formally close down in two weeks. Students will be dispatched to local high schools. Tough luck, chumps.
- 6) Resolution opposing library book acquisition budget cuts was passed. Books don't scream.
- 7) Grade change regulation addendums. reassessment vs. revision or augmentation
- 8) Big, unread report on UC Engineering
- 9) Academic dishonesty proposal/revisions--words, words...
- 10) Funeral Rights

SUBJECT: ~~RULES COMMITTEE~~

Whereas, the Student Body President's Council's proposal for the University of California Peace Institute responds directly to the Regental action taken during their June 1981 meeting at which the Regents moved to investigate the issues relating to Governor Brown's proposal for a Center for Global Security and Cooperation; and,

Whereas, the proposal has a strong push to involve students, and an equally strong push to create an institution which is involved with matters of conflict resolution on a large scale humanitarian level; and,

Whereas, the charge of the University of California Peace Institute shall be studying, researching, and promoting of the peaceful resolution of conflict on all levels of human interaction. Thus, the Institute shall have an educational aspect, a research aspect, and a development aspect.

Be It Resolved, that the ASUCSD endorses the Student Body President's Council's proposed University of California Peace Institute; and

Be It Further Resolved, that the ASUCSD will organize a survey or petition drive asking the following two questions:

- 1) Do you wish to see a Peace Institute, which would significantly involve student participation, initiated on this campus?
- 2) Would you be willing to donate about three dollars per quarter to help finance this Institute?

ASUCSD COUNCIL MEETING MINUTES
Meeting #13 11/11/81

The meeting was called to order at 6:45 by Chair, Alma Key.

Roll Call:

Present: JULES BAGNERIS, HENRY CHU, KEN CLUFF, EILEEN FINKELSTEIN, IRENE FLORES, JAMES GANNON, PAM GERBER, BASEM HARB, ALMA KEY, DENISE LONG, MARLENE MORALES, STEVE POSES, RENE RAGLAND, RICARDO RAO, TRICIA RUSSO, DAVID TOLLNER MARK DIAMOND.

Minute of Silence: Dedicated to Public raising of consciousness in the possibility of Nuclear War; Jordan Baker, who returned to work after an injury sustained during the attempted assassination of Ronald Reagan; and all listening to Jerry Falwell, who was speaking downtown tonight.

The Chair called a 3 minute break, announcing that anyone who wished to speak during Student Input should submit their names at this time.

Approval of Minutes; Meeting 12: A motion was made to accept the minutes as submitted. Seconded and approved as submitted.

Announcements***

Basem Harb announced that CWD will show a film this Friday night (13th) at TLH 107, at 7:00. (Sorry Folks, I missed the title. GF.) Also, Thursday, 11/12, the Organization of Arab Students presents a lecture; "Palestine: Issues beyond Headlines". 7:00 p.m.

Jules Bagneris announced that there would be a van leaving Sat. 11/14 for UCLA; All individuals interested in seeing the SBPC in action and to examine the ASUCLA are welcome. Seating is limited. Make your reservations early.

Student Input

Chair, Alma Key announced that David Tollner would speak on behalf of the students against the 12.5 K funding of the CWD, and that Kevin O'Connor would speak in behalf of the CWD.

She also asked the Council Members if they were in favor of suspending the bylaws which contain a fifteen minute limit for student input. The council agreed informally to let it go on as long as necessary.

David Tollner spoke for a group of students opposing the budget granted to the CWD. His main points were as follows:

He said that he and his group were not against the CWD, and that they did not want to get rid of the film series.

One possible proposition was to show a film every other week; a fifty percent decrease in films doesn't imply a similar loss in effectiveness.

Council Minutes
11/11/81

Also, the savings would allow money for at least 20 new student organizations.

Another idea proposed was that the CWD charge for admission to the movies. Possibly the community could pay more than students.

Kevin O Connor, speaking for the CWD made the following points:

The film series is an instrument of education rather than of entertainment.

The CWD was organized originally to show films of a political nature for the political groups on this campus, and shows films of all different types of politics.

Other student reported that upwards of 70% of the moviegoers were from the community, and they did not pay Activity fees, so should have to pay to see the films.

This was disclaimed by another student who said that a head count of the community members was never done, nor does the CWD check for Reg. cards, so the figures are exaggerated and distorted for the benefit of the Anti-CWD group.

Another point of interest made was that the New Indicator is AS funded, and they serve an important niche in terms of alternative media presentation, and compared the CWD's film series as filling a similar niche.

Off the subject of CWD, one student said that there is a great lack of coherence on the part of the students (leadership groups) at UCSD. He proposed a debate forum to air grievances, political issues, etc. Said that this would lead to better representation on the part of the Council and would have a positive influence on the way the Council is perceived by the student body.

Dave Tollner then made a motion of immediate consideration as follows:

"The remainder of the 12,500 allocated to the CWD be frozen, and placed in the Student Organizations Unallocated, while the budget be sent back to the Activity Fee Commission for re-evaluation.

The item was accepted for immediate consideration unanimously.

In discussion, points were made as follows:

This is the first time that this has come before the Council formally, and so the issue should be examined BEFORE any action is taken. To take action prematurely would accomplish nothing.

Another point was that the CWD was really serving as a service organization because they were together for the sole purpose of showing politically oriented films.

Discussion on the Motion continued for approximately 25 minutes, at which time the question was called and a vote taken.

Vote: 4 Yes 1 Abstention 13 No Motion Fails.

Items of Immediate consideration

David Tollner introduced a bill which allocates \$60.00 for a program called "Death of a Guru." (\$10.00 for flyers, and 50.00 for honorarium.) A typographical error in the Agenda neglected to mention that this was to be an underwrite. Sponsored by the Messianic Students' Organization

The question was called and a vote was taken: Passed unanimously.

Reports

Lee Anderson, CEP-Written
Adam Forest, Programming Commission-Written
Alma Key, Finance Committee

Henry Chu reported that the implementation for the Lecture Notes Series was going smoothly.

Pam Gerber reported that the External Affairs commission would be meeting regularly @ Thursdays at 1:00.

some of the things that students on her commission are doing include a liason to the City Council meetings, intra campus communications.

Toby Raymond said that input from the Council members has been slight. It is necessary that we get articles from reps on what their College Councils are doing, and the commissioners should submit reports on the progress of their committees.

Ken Cluff reported that the Revelle college council got very little done.

Steve Poses said that the MCC supports the CWD.

Jules Bagneris, AS President reported that the temporary secretary has been working out very well, and has been making him work, because she works efficiently, and doesn't always have enough work to keep busy.

Also, the committees and commissions are all growing, and starting to function well.

Most of the Goals and Evaluations sheets are turned in; the rest should get theirs in so that Jules can compile the results.

Items of Old Business

Item A, Karate Club Films:

Dave Tollner sponsored a bill which requests an allocation of \$450.00 as a revolving underwrite for two films that the Karate Club wants to show for a fundraiser.

The question was called and a vote was taken: Passed Unanimously.

Item C, Jogging and exercise trail:

Jules Bagneris sponsored a bill which requested \$1000 in support of a jog-

Council Minutes

ing and exercise trail that the PE department was planning to build.

In discussion, points were made that there was already an exercise and jogging trail behind the warren campus. This trail was supposed to go behind the University Central Library area.

Reggie Williams said that this was a capital improvement, and the money should come from the Reg fee committee, and this was supported heavily from the students sitting in the audience.

A substitute motion was made for the amount to be \$250.00 not 1,000.

this was not voted on until later.

There was more discussion and another amendment was made which stipulated that the amount would be \$500.00 instead of 1,000.00.

There was a move to accept the amendment, seconded, a roll count vote was taken:

In favor: HENRY CHU, KEN CLUFF, JAMES GANNON, DENISE LONG, STEVE POSES, RICARDO RAO, TOBY RAYMOND, TRICIA RUSSO, VINCENT SMITH, DAVID TOLLNER, MARK DIAMOND.

Against: EILEEN FINKELSTEIN, PAM GERBER, BASEM HARB, RENE RAGLAND, REGGIE WILLIAMS.

Item B; Energy Efficiency Goals: Tabled.

Item D; Discretionary Reimbursement:

Jules Bagneris requested that his discretionary fund be reimbursed for expenses as outlined in this week's agenda.

In discussion the council members expressed disfavor towards an item that should have been brought before the Council, and not just taken from the discretionary fund.

A substitute motion was made to compensate the account for all expenses submitted except the one for "gold medallion trophy." This motion was to reimburse \$101.25, deleting the money requested of 105.00.

RE: ENTROPIC ORDERING

Hello my friends. Tonight's sermon concerns love and passion. Does the man who loves passionately love sincerely? Is sincere immorality a passion of love? Should we love our fellow man passionately? Is sex for love or for sale? (answers on page 34) Thank you Jerry Fallwell for your definitive analysis.

- D. Joyous news for all! Book cuts have been restored. Cuts will come instead from the Chancellor's Brandy Budget. (I'll bet you didn't even know about it.)
- J. Bomb threats and University liability. These words are not properly used in the same sentence since no one in particular accepts responsibility for evacuating buildings, etc.... If you see an MX missile during your next midterm, you're on your own.
- V. Departments now have sole authority for approving 197, 198 and 199 courses. A course is a course, of course of course.
- N. xxxconfidential itemxxx Asterixes will be substituted in place of sensitive words.

*** charged *** with *** citing medical evidence. *** had apparently *** during an office hour. The student reported the incident to Officer *** who suggested that they do the same. The matter was referred to the CEP. We decided that, although *** had *** in the past, *** should not be held accountable for *** especially

when *** was so ***.

Ken Cluff reported that a Warren College Representative submitted a Security recommendation for the campus, and discussed the ideas in it. The Council (RCC) supported the recommendations. Also, the RCC supports the Freeze (to be discussed later in this meeting) on Jules' Discretionary Account. Further, the RCC does not support the idea of taking the AS meetings "on the road", because the RCC feels that students are just beginning see where the meetings are being held.

Items of Old Business;

Item A-California Peace Institute:

The Council felt it appropriate to include #1 in the Further Be It Resolved clause of that motion, adding that ~~the item~~ could be put on the next referendum.

This was introduced as a substitute motion.

The question was called, and a vote was taken: Passed Unanimously.

Item B-Executive Discretionary Fund:

Basem Harb said that Jules was requesting \$150.00 reimbursement for monies spent on the Convocation, and said that the Finance committee recommends the reimbursement.

However, the Finance Committee also feels that Jules has been using the Account improperly; some things should have gone to council. He also reiterated that the Account is an emergency fund, for items that can't wait until the next council meeting. That is why the Finance committee recommends a freeze.

There was a motion to divide the \$150.00 reimbursement from the proposed freeze, so that each could be discussed seperately. Passed.

The question was called on the \$150.00 reimbursement. Passed Unanimously.

Basem said that the idea behind the freeze was to get more discretion in the discretionary fund, because if Jules has to ask someone else for money, there will be two people in agreement that the Discretionary fund should be used.
