Appointments & Evaluations

This letter is concerning the selection of members to The Student Center Board (SCB) and the Activity Fee Board (AFB). According to the current by-laws, the selection of members to the SCB and AFB are carried out through the colleges. As you may know, in the past, the problem with the selection of members to these two boards has been once in office the selectees have exhibited grave unresponsiveness to both their college and the Associated Students. On the college level there needs to be reliable individuals to accurately and consistently disseminate information back to their councils. At the A.S. level, because of the important business carried out by these Boards, it is important that the representatives be closely affiliated with the A.S. Your three already existing representatives can achieve our related goals.

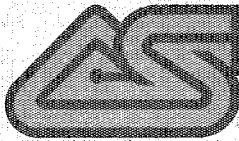

The plan is for each of the three college representatives to participate on one of three different committees (SCB, AFB, or Finance). This will ensure greater participation and reporting of information to your council, the defining of specified roles for college representatives, and an increase in the effectiveness of the A.S. structure. We, therefore ask that you do not appoint members to the aforementioned positions.

Thank you for your shared concern and cooperation in this matter. If you need further information or would like to personally discuss this issue, please contact the A.S. office at #4450 for the earliest available time to meet.

ASUCSD RESOLUTION #16
June 4, 1981

SUBMITTED BY: Alma Key

SUBJECT: Tolbert Issue

The ASUCSD Council approved the following resolution and budget out of the general unallocated, and all actions stated therein:

Whereas, the issues of Dr. Emory Tolbert receiving tenure, recruitment and retention of Third World students and faculty, student input into the tenure process and related issues are long standing issues that students have been addressing for years; and,

Whereas, thirty-four UCSD students were arrested on Tuesday, June 2, 1981 while participating in a sit-in in the Chancellor's Office; and,

Whereas, injustices are best fought by the unification of people for a common cause; and,

Whereas, the A.S. contributes to the U.C. Student Lobby financially, a body designated to represent campus interests;

Therefore, Be It Resolved, that the A.S. express to the Chancellor and the U.C. Lobby, that we support wholeheartedly the demands set forth by Third World student groups that were presented on Friday, May 29, 1981;* and,

Furthermore, Be It Resolved, that the A.S. request the SBPC and the U.C. Student Lobby to actively address these issues as they relate to U.C. Systemwide issues and report at least on a monthly basis any actions taken and results of those actions; and,

Furthermore, Be It Resolved, that \$250.00 be made available should the necessity for expenditures arise for task force and informational purposes related to this issue, thereby preventing the depletion of the

discretionary for the summer by being out of the general unallocated budget; a Council task force will monitor the expenditures made.**

Subject: Coors Boycott

Submitted by: Reggie Williams

Whereas, the Adolph Coors Brewing Company has engaged in the vicious harrassment of minorities, unions, working people, persons with alternative life-styles, and any political belief different from that of the Coors family; and,

Whereas, the Coors Brewery has consistently actualized the beliefs through its vicious tactics at both its breweries in Colorado and in Southern California; and,

Whereas, those tactics include personal locker searches, lie detector tests, refusal to hire women and minorities, pre-employment questionnaires which delve into such irrelevant areas as a person's sexual proclivities and political beliefs; and

Whereas, the actions of the Coors Brewing Company have resulted in the loss of pension credits, health and welfare coverage for workers and their families and other benefits; and,

Whereas, these issues are the basic ones of human dignity that a person should not be subject to;

Therefore, Be It Resolved, that the ASUCSD strongly supports the Boycott of all Coors products; that it urges all students to refrain from any purchase of Coors products and to reject any attempt by the Adolph Coors Brewing Company to gain legitimacy by providing its products free of charge; and,

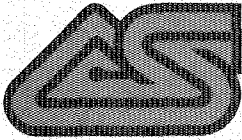

Furthermore, Be It Resolved, that we call for the Boycott of any campus activity which features Coors products; and,

Furthermore, Be It Resolved, that although it is only with the greatest sense of regret and apprehension that we would ever condemn the actions of a registered student organization, we nevertheless feel the heinous nature of the Coors Company's assault on the dignity of working men and women demands our fervent condemnation of any student organizations which utilize Coors products.

ASUCSD RESOLUTION #23

SUBJECT: Boycott of Chancellor's Inauguration

Submitted September 23rd and amendments were authorized by Council to be submitted for inspection at next council meeting, October 7, 1981

Whereas, The UCSD students received no information or notice of the criteria used by the Chancellor Search Committee in the selection process; and,

Whereas, Last year's A.S. Council voted overwhelmingly to boycott the reception held in honor of Chancellor Atkinson by University of California President David Saxon, and,

ASUCSD Resolution #22

October 8, 1981

Submitted by: Eileen Finkelstein

Subject: Nestle' Boycott

Whereas, in Africa, Asia, and Latin America over 10 million babies fed on infant formula suffer from "bottle bay disease"- diarrhea, malnutrition, brain damage, and death every year, and;

Whereas, in poor countries infant formula can cost up to 60% of a family's income, thus forcing mothers to dilute it and under-nourish the child, and;

Whereas, Nestle employs techniques such as advertising in the mass media; supply colorful posters and free medical equipment to hospitals; offer gifts to doctors to enlist their endorsements; and employ "milk nurses" - sales people in medical uniforms to sell their products to mothers in the hospital to aggressively persuade millions of women to stop breast feeding and use formulas, and;

Whereas, for over eight years nutritionists, doctors and concerned people have presented reports to Nestle' showing that their promotion is contributing to a "bottle baby disaster", and;

Whereas, despite the mounting criticisms, Nestle' has made the most inconsequential changes in its promotion methods;

Whereas, Students voting on last Spring's referendum question opposed the continued sale of Nestle's products in cafeterias, snack bars and vending machines on the UCSD campus,

Therefore, Be It Resolved that in accordance with the referendum question and following results, that the ASUCSD Council ask for the removal of all Nestle' products from all campus cafeterias, snack bars, and vending machines until the Nestle Company stops all promotions contributing to the "Baby Bottle Disaster."

***** PETITION *****

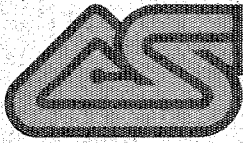

Students majoring in Biology at UCSD believe that a Bachelor of Science Degree should be given to them at graduation (rather than a Bachelor of Arts Degree) since

1. Biology is a Science;
2. Other majors receiving a Bachelor of Arts Degree do not have the heavy requirements in Science and Math as does the Biology Major;
3. Biology Majors receive a Bachelor of Science Degree at UC Davis, UC Irvine and UC Riverside;
4. Students at UCLA have expressed the same opinion and are also trying to correct the situation.

SCIENCE: "The observation, identification, description, experimental investigation, and theoretical explanation of natural phenomena."
(American Heritage Dictionary College Edition).

I, a Biology Major at UCSD, agree that a Bachelor of Science Degree rather than a Bachelor of Arts Degree, should be awarded to Biology majors (who complete the present requirements for that major satisfactorily) upon graduation.

MEMORANDUM

A.S. Council Members

SUBJECT: Chancellor Atkinson's Inauguration

After considering the letters in support of the Chancellor's Inauguration Day Boycott, it is apparent that a boycott under specified conditions will be supported by at least two of the college councils.

In order to support the Boycott and to insure it's success, Third and Warren Colleges have requested the following measures:

1. The Boycott should be directed towards the search process for the Chancellor and not towards the Chancellor personally.
2. That the A.S. President should attend the Inaugural as a representative of the Student Body.
3. Speech should be carefully planned so that Chancellor Atkinson does not feel that the Boycott is aimed at him.
4. Included in the speech should be the statement that "We students would like to work positively with the new Chancellor in the future".
5. That the Boycott be extensively publicized prior to the inauguration. The publicity should detail the reasons for the Boycott and state clearly what the A.S. and college councils wish to gain as a result.
6. That a committee consisting of one representative from each college and one from the A.S. write a speech explaining the reasons for the Boycott, again emphasizing that we are not faulting Chancellor Atkinson himself.
7. That the speech be read verbatim by the President at the Chancellor's inauguration.

Erased Bond

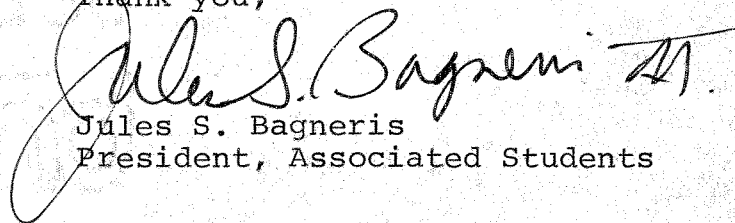

TO: A.S. Council
from: J. S. Bagneris
date: Oct. 9, 1981

page two

8. That the speech be published in The Guardian and other campus news papers following the Boycott and that an attempt be made to reach such outside media as the San Diego Union.
9. That any demonstration against the selection process other than the Boycott and the speech will not be sanctioned by the college councils.

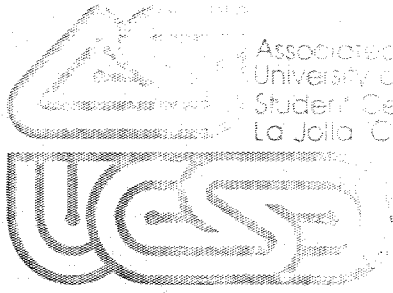

I am in agreement with the guidelines presented in letter form by the Third and Warren College Councils. It is my desire to support the Boycott to the fullest extent of the Constitution. Let us make this cooperative effort shine brightly in our quest for real participation in the decisions that affect our lives as UCSD students.

Thank you,
