Subject: UC Budget Cuts

Whereas, Governor Edmund G. Brown through Executive Order has proposed a 2% budget cut in the UC budget;

Therefore, be it resolved that the Associated Students will urge Governor Brown through a post card campaign to spread the cuts over the entire budget instead of concentrating on the University of California.

Furthermore, Be it resolved that the AS Council will support this effort by offering their direct participation.

November 19, 1981

Submitted by: Vince Smith

Subject: Dept. Of Music Course Offerings

Whereas, presently the Music Department of UCSD does not offer beginning instrumental instruction, and;

Whereas, course offering Music 32 instrumental/voice instruction was, to our knowledge, from sources in the Department, originally intended to be a beginning instruction class, and;

Whereas, a university, in addition to providing sound education in such areas as mathematics, sciences, and humanities, should also provide teaching in the musical arts;

Therefore, Be It Resolved that the AS Council urge the Department of Music at UCSD to reevaluate their present course offerings in regard to beginning instrumental instruction, and;

Furthermore, Be It Resolved that the Council asks that a report from the chair of the Music Department be submitted to the Council when evaluation has occurred.

Subject: Dept. o Music Course Offerings

This peice of legislation is unnecessary at this time. It would be more effective to assign a member from the Council to pursue the needed curriculum changes instead of passing a bill that will have little weight on the final decision.

In the future, all bills of this nature should have at least one Council member in charge of purusing the issue.

November 19, 1981

Subject: UC Energy Efficiency Goals

Submitted by: Jules Bagneris

Whereas, our generation will consume 80% of all oil and gas left on earth, and;

Whereas, the next 20 years will see the world undergo the greatest transition since the Industrial Revolution of the 19th Century, and;

Whereas, UC faces significant budget problems in the immediate future, and;

Whereas, the deregulation of natural gas in the near future is eminent, and;

Whereas, last fiscal year, 56 million was spent on systemwide energy costs and that figure has been budgeted for a 20% increase for fiscal year 81-82, and;

Whereas, UC, as a state institution, in order to act in a fiscally responsible manner, must plan for the long-term as well as the shortterm, and;

Whereas, the development of stricter conservation and solar programs by UC will bring about significant taxpayer savings, create jobs and conserve fossil derived fuels, and;

Whereas, UC as the preeminent public educational entity in the nation, should be fostering innovation and serving as a model for Western industrial society as a whole, and;

Whereas, UC has to date adopted no specific resolution adopting the above concerns.

Therefore, Be It Resolved, the Student Body Presidents' Council will advocate Regental approval of the following energy policy:

The Regents of the University of California hereby establish the following energy policy goals:

A) The maximum feasible utilization of energy conservation measures on all UC campuses, and, accordingly, all facilities in the UC system shall be audited under the Federal Schools and Hospital energy Conservation

Subject: California Peace Institute

Submitted by: Jules Bagneris

Whereas, the Student Body President's Council's proposal for the University of California Peace Institute responds directly to the Regental action taken during their June 1981 meeting at which the Regents moved to investigate the issues relating to Governor Brown's proposal for a Center for Global Security and Cooperation; and,

Whereas, the proposal has a strong push to involve students, and an equally strong push to create an institution which is involved with matters of conflict resolution on a large scale humanitarian level; and,

Whereas, the charge of the University of California Peace Institute shall be studying, researching, and promoting of the peaceful resolution of conflict on all levels of human interaction. Thus, the Institute shall have an educational aspect, a research aspect, and a development aspect.

Be it resolved, that the ASUCSD endorses the Student Body President's Council's proposed University of California Peace Institute; and,

Be it Further Resolved, that the ASUCSD will include on the next referendum the following question:

Do you wish to see a Peace Institute, which would significantly involve student participation, initiated on this campus?

November 19, 1981

Submitted by: Rules Committee

Subject: Warning to Activity Fee Chair

Whereas, the AS Executive budget provided for a \$100 allocation for operating expenses for each commission for expenses such as supplies, pens paper, pencils, etc, and;

Whereas, the Activity Fee Chairperson, David Tollner, recently purchased 2 1/4 page ads in the UCSD Guardian, and;

Whereas, the AS Council members are well aware that such ads should be taken out of the ASUCSD Guardian Advertising account rather than using operating funds, and;

Whereas, by purchasing one of the 1/4 page ads for publishing his petition, David Tollner put the AS in a position where, in recognition of "equal time", the AS Council had to consider allocating a similar ad to CWD, and;

Whereas, it was announced at the previous council meeting that a guard-bill was placed to recover the cost of a 1/4 page;

Therefore, Be It Resolved that:

- (1) The Council overturn the guard-bill and absorb the cost of the Guardian Ad. (Act. Fee Chair Discretionary)
- (2) Be it resolved that the AS Council strongly recommend that David Tollner use greater care in his actions that place the rest of the Council in a position where they are forced to react, and;
- (3) Be it resolved that David Tollner be warned that, in the future, expenditures such as this may lead to him reimbursing the AS Council out of his personal funds.

Subject: El Salvador

Submitted by: Pam Gerber

Whereas, the United States Government has made repeated threats within the last week towards the sovereign nations of Nicaragua and Cuba, including President Reagan's call for the end of the "dictatorship" of the Cuban Island on Tuesday morning, and;

Whereas, the scenario for foreign intervention within El Salvador has been predicted to occur when the liberation forces of the people of El Salvador force a stalemate with the ruling military Junta, and in fact, this stalemate has been reached within the last month, and;

Whereas, the Central American Regional Commandos of the United States called for swift cleanup actions within El Salvador, and;

Whereas, the Armed Forces of the Honduras are amassing on the El Salvadorean border, and;

Whereas, The Cuban Government for the first time in twenty years, since two weeks before the Bay Of Pigs Fiasco, feel that U.S. intervention is again imminent, and;

Whereas, all high schools and universities within Nicaragua were closed two days ago so that the students may prepare themselves for the defense of that region of the world from a US backed incursion;

Therefore, Be It Resolved that the AS endorse the emergency picket line to be held from 4:00 to 6:00 p.m. on Friday Nov. 20, at Gate 3 of the Navy training Center on Rosecrans Ave with students meeting at 3:00 p.m. on Revelle Plaza for carpooling to protest US intervention in the Caribbean and to express our solidarity with the people and students of Central America.

Subject: UCSD Students and World Hunger

Whereas, the Food and Agriculture Organization of the United States estimates that 450 million people around the world are malnourished; These people, in most cases, also lack proper housing, sanitation, helathcare, and education, and;

Whereas, it is generally recognized that the minimal needs of food, shelter, and clothing are the right of every human being, and;

Whereas, the magnitude of these problems of world hunger and poverty are intensifying each year, and;

Whereas, the student body of UCSD possesses great potential in the future. As some of the most well-educated citizens in the United States, they will be able to decide the future of many important issues, and;

Whereas, many students are unaware of the problem of world hunger or are unsure of what they can do about it, and;

Whereas, many California schools, including UC Riverside and UC Santa Barbara regularly sponsor fasts for the hungry;

Therefore, be it resolved, the student governments, in conjunction with the Food Services, should create a regular fast as outlined below:

1. Students with a meal card would be able to voluntarily skip a meal on the predetermined fast.
2. Those students interested in fasting would sign up for the fast approximately one week in advance.
3. On the day of the fast, those who signed up will have their meal cards invalidated by computer.

Subject: Communications Program

Whereas, the Communications Program submitted a proposal to the Committee on Educational Policy, recommending that the Communications Program be granted a departmental status, and;

Whereas, instructors in the Communications Program are hired by joint or temporary appointment - leading to a higher rate of turnover, and thus a break in continuity for students in the Communications Program, and;

Whereas, Communications is a growing field of intellectual interest and a vital link to many other diverse areas of study, and;

Whereas, departmental status for the Communications program would ensure that teaching assistants for communications classes are graduates in Communications, rather than from other fields of study, and;

Whereas, failure to provide departmental status for the Communications Program would be a disservice to both today's Communications student as well as those of the future;

WORLD HUNGER

Global 2000 Report

Council to the President on Environmental Quality. 1980.

Report of the Presidential Commission on World Hunger. 1980.

I. A serious problem:

...hunger is one of the most serious problems of our time. It requires immediate steps to relieve the present day suffering of millions, together with long term strategies for eliminating its causes.

Our conclusions are disturbing. They indicate the potential for global problems of alarming proportions by the year 2000. Environmental, resource, and population stresses are intensifying and increasingly determine the quality of human life on our planet. These stresses are already severe enough to deny many millions of people basic needs for food shelter, health, jobs, or any hope of betterment. Hundreds of millions of the world's people are now trapped in a condition of abject poverty.

II. How many hungry brothers and sisters do we have?

As many as 800 million of the earth's poorest people do not get enough to eat each day and many more suffer from specific varieties of malnutrition.

16% of the world's children are malnourished.

One out of every eight people on earth is hungry most of the time.

III. A universal mandate for action:

Nonetheless, given the urgency, scope, and complexity of the challenges before us, the efforts now underway fall far short of what is needed. An era of unprecedented global cooperation and commitment is essential. Beyond our borders we can expand our collaboration with both developed and developing nations in a spirit of generosity and justice.

Eliminating at least the very worst aspects of hunger by the year 2000 is possible - if the United States and others make it a major policy objective. We have the technical know how and the resources to do so. What we lack is the political will to act upon this commitment with sufficient vigor.

SUBJECT: END OF YEAR OUTDOOR CONCERT PROPOSAL

June 5, 1981 (last day of classes for the 80-81 academic year) the University Events Office (U.E.O.) in cooperation with the Associated Students (A.S.) presented an end of year concert and T.G.I.O. The event featured popular recording artists, The Greg Kihn Band. The event was an overall success due to student participation and high quality of the band.

On June 4, 1982 (last day of classes for the 81-82 academic year) U.E.O. would like to present another end of year concert featuring a popular recording artist that students have requested U.E.O. to bring on to campus.

Our proposal to the A.S. has two variations:

A. A.S. to allow U.E.O. to have the reserved facility (gym steps) on June 4, 1982 from 3:00pm - 6:00pm. U.E.O. would provide a band, sound, tech, security and publicity.

B. Combined U.E.O. and A.S. event on June 4, 1982 from 3:00pm - 6:00pm. This event would be similar to the event held last year on June 5. U.E.O. to provide: band, tech and security. A.S. to provide: beer, Pepsi, cookies, sound, clean up and publicity (to be designed by U.E.O.).

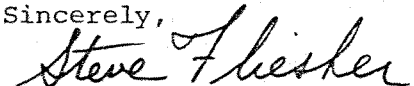

We prefer variation B, considering the overwhelming response we have received this year in regards to the event last year.

U.E.O. is willing to commit up to \$3,000 for the concert portion of this event. If variation B is accepted, the A.S. would be expected to commit up to \$1,500 for their portion of the event (T.G.I.O.). This is approximately \$300 more than was spent last year by the A.S.

In order for this event to be a success, U.E.O. needs to have approval as soon as possible (no later than Thursday, April 29, 1982) so that negotiations can begin with artists' agents.

Please send your approval to me in care of U.E.O.

Sincerely,

Steve Fliesher

Subject: Dispersion of Earmarked Funds

Whereas, \$2250.00 was earmarked for the UC Student Lobby contribution in the Executive Budget, and;

Whereas, the Lobby contribution has remained earmarked since July, 1981, and;

Whereas, the Lobby has requested a \$1.57/student for the UC Lobby contribution, and;

Whereas, the A.S. intends to meet as closely as possible its obligation to the Lobby Effort;

Therefore, Be It Resolved that the ASUCSD allocate \$500.00 to the UC Student Lobby "Vote '82" registration drive and allocate \$750.00 to the UC Student Lobby from the earmarked funds.

Furthermore, Be It Resolved that the remaining \$1,000 be reallocated to the General Unallocated Account at UCSD.

*Friendly amended to state that the funds mentioned above shall not be available to the ASUCSD President.

Subject: Objection to Appointment

Whereas, We object to the recent appointment of Professor Richard Attiyeh as the new Dean of Graduate Studies and Research, and;

Whereas, We believe that Professor Attiyeh's past connections to the Central Intelligence Agency (CIA) render him incapable of discharging his duties fairly, and;

Whereas, This is a political appointment which endangers the academic neutrality of the University;

Therefore, Be It Resolved that ASUCSD call upon the University administration and Regents to reconsider this Appointment.
