"SHADOWS," an art installation featuring performances, paintings and sculptures by second-year graduate student Hanne Lauridsen, will open Monday, September 28, in the Mandeville Annex Gallery at the University of California, San Diego.

The Mandeville Annex Gallery is located in room B-118 of the Mandeville Center. Gallery hours are from noon to 5 p.m. Monday through Friday. The exhibit is open through October 2 with a reception at 4:30 p.m. on Thursday, October 1.

"You have to go back in time to better understand the present and the future," said Lauridsen. Her exhibit is broken into five parts: past, childhood, past adult, present adult and future.

"I find the pollution we live in now and the future with neutron bombs and other pollution very scary," adds Lauridsen. "I hope through an examination of past, present and future we can find a solution to improve the world and not destroy it."
