## NEW APPOINTMENTS

Two administrative appointments at the University of California, San Diego have been announced by Chancellor William J. McGill. Dr. Herbert York, Professor of Physics and Chairman of the Department of Physics, has been appointed Acting Dean of Graduate Studies and Dr. Roy Harvey Pearce, Professor of American Literature, will serve as Special Assistant to Chancellor McGill for Academic Planning.

York, who served as the first Chancellor of the San Diego campus, succeeds Dr. Frederick T. Wall, Vice Chancellor - Graduate Studies and Research for three years, who was named Chairman of the newly-formed Universities Organizing Committee for Space Sciences (UOCCS) created by the National Academy of Sciences.

Dr. Pearce will continue to serve as part-time Associate Dean of Graduate Studies, a post he has held for the past two years, in addition to his new duties as Special Assistant to McGill. Pearce has been a member of the UCSD faculty since 1963 and served as Chairman of the Department of Literature until being named Associate Dean.

Also continuing to serve as part-time Associate Dean of Graduate Studies is Dr. Paul A. Libby, Professor of Aerospace Engineering.

## JOE E. MAYER TO GET AWARD

Joseph E. Mayer is to receive the James Flak Norish Award of the N.E. Section of the American Chemical Society. The award will be given November 13 at Cambridge, Massachusetts.

## TWO MORE FOR HAROLD UREY

On September 29, Harold Urey received an honorary degree at Franklin and Marshall College in Lancaster, Pennsylvania. While there he gave the dedication speech at the New Science Building.

On October 30, Dr. Urey received the Leonard Medal of the Meteoritical Society. The meeting was held in Houston, Texas.

## NEW INTEREST GROUP FORMING

A number of people have expressed an interest in Social Dancing. The dancing can be held in homes to records, with, perhaps one large dance a year, or the couples can meet and go out to dance. Plans are still being formed. For further information phone Sheila Hanbrich (755-9773).

## FLEA MARKET NOVEMBER 16

Bake your specialty and send it to our OCEANID Bake Sale. Place: The UCSD Hospital Auxiliary's Flea Market, May Co. Parking Lot, Mission Valley. Time: 10 a.m. - 1 p.m., Sunday November 16.

Last year there were often requests for recipes of the goodies sold. If you would like to share your recipe this year, why not attach it to the cake, cookies, bread, pie - or whatever you send? It will spur the sales.

This sale will benefit the UCSD Hospital and our OCEANID Treasury. Last year we made \$349 for the hospital and \$221 for OCEANIDS.

A few women signed up and promised donations during our membership Tea on October 18. Fran Tyler has given 100 lb. of homemade guava jelly! However we need many more individual donations if our sale is to be a success.

The OCEANID policy has been to operate on income from membership dues, but occasionally a balanced budget requires we have some fund raising activity. This year, as last, the Hospital Auxiliary has most generously offered us a share in what has been for them a most successful enterprise.

On the day of the sale, Rose Baily will be in charge of the booth. She may need a few helpers. We also need several drivers to pick up donations in various parts of the city and deliver them to the Flea Market. Volunteers step forward! Phone:

Mabel Duntley 454-1742

Adelaide Booker 453-4936

Doris Rumsey 454-2421

## final notice

### OCEANIDS

Members who have not renewed must send in their \$3 dues immediately in order to be included in the membership list which all OCEANIDS receive. Make out check to OCEANIDS and mail to Mrs. Marshall Orloff, 8661 Kilbourne Drive, La Jolla, 92037.

### BEAR FACTS SUBSCRIBERS

No more issues will be received unless you renew now. Send check for \$2 made out to OCEANIDS to Mrs. Nicholas Halasz, 6606 Avenida de las Pescas, La Jolla, 92037.

## EVERYONE OFF TO THE POLLS!

by Betty Shor

Everybody talks about it, but very few do anything about it. The weather, you ask? No. What very few do is: find out the facts in order to vote intelligently.

On November 4 San Diego is having a municipal election. Are you registered? If not, it's too late now for this election, but phone the Registrar of Voters office (278-9400) for the name of a deputy registrar near you. Do it now, so the next election won't catch you unprepared. Want to change your registration to another party or register a change of address? Phone the Registrar.

If you did not receive a sample ballot, phone the Registrar to see if you are registered. Sample ballots are not forwarded, so they will not follow you to a new address. You may return to your previous precinct within the city to vote, if you have moved within 54 days of the election and have not re-registered, but you should change your address before the next election. You lose your registration by failing to vote in the general election held every even year (but not in a primary or special election).

Be sure to know your polling place, which is given on the notice accompanying your sample ballot. That is the only place where you can vote (except by absentee ballot). While serving as an election officer, I could only sympathize with the disgruntled voter who arrived at the wrong polling place five minutes before closing. I remember the dismayed, and even angry, voters who knew their polling place was the church, and we had to tell them that it wasn't this church.

The polls in California are open from 7 a.m. to 8 p.m. on election day. Remember? We voted in that extra evening hour a few years ago.

Just as every automobile contributes to smog, so does every vote contribute to government. Make your vote count for good government--city, county, state, or national. Find out about the candidates, read the arguments accompanying your sample ballot, phone the League of Women Voters (listed in the phone book for your area) for information, read the newspaper stories, and--yes, even talk with your friends and neighbors. Then VOTE, according to your conscience. Gentle reminder: bond propositions require affirmative votes by two-thirds of those voting.

## INTERNATIONAL CENTER NEWS

The International Fashion Festival on September 16 was great fun and raised \$6000 for the International Center, soon to be built on campus. The food served at the Festival brought forth many requests for the recipes. In this issue we print the Russian recipe prepared by Helen Weil and Natalie Moynihan. The other recipes will go into a cook book, International Hors d'oeuvres, now being written by Ruth Newmark. The proceeds from this cook book will also benefit the International Center.

## NEWCOMERS' COFFEE

FIRST AND SECOND YEAR NEWCOMERS  
ARE CORDIALLY INVITED TO A COFFEE

ON FRIDAY, NOVEMBER 21  
AT 10 O'CLOCK

AT THE HOME OF MRS. WILLIAM J. MCGILL  
UNIVERSITY HOUSE  
9630 LA JOLLA FARMS ROAD  
TODDLERS WELCOME

## PROSHKI

1/2 c. sugar  
3 Tbsp. salad oil  
1 c. milk  
1/4 c. warm water  
1 pkg. dry yeast  
1 tsp. salt  
4 c. flour  
2 eggs

Scald milk, add sugar and salt and cool. Dissolve yeast in warm water with one teaspoon sugar; mix with milk. Add oil and beat in half the flour. Beat in eggs and mix well with a wooden spoon. Gradually mix in remaining flour.

Place dough in a warm place and cover with a cloth. Allow dough to rise until double in bulk (1 1/2 hr), then beat thoroughly with a spoon. Allow dough to rise and beat down two more times.

Form balls 1 1/2 " in diam.. roll into disks 1/4" thick, place one teaspoon of filling on disk and squeeze edges together. Arrange proshki on a baking sheet sprinkled with flour, and place in a warm spot for rising (1/2 hr.).

Fry in deep fat (350 deg.), then drain on paper towels. Serve warm. (Makes about 50).

## Meat Filling

Cook 1 lb. beef. Put through grinder with 2 onions. Add salt and pepper to taste. Cook slowly in a cast iron skillet, stirring frequently.

## Sauerkraut Filling

2 onions  
2 Tbsp. cooking oil  
2 lbs. sauerkraut  
2 lbs. cabbage  
2 c. tomato sauce  
2 Tbsp. ketchup  
2 tsp. sugar  
1 tsp. salt

Dice the onions and fry in oil. Squeeze the juice out of the sauerkraut; cut fine. Slice the cabbage thin. Add sauerkraut and cabbage to the onion, pour in the tomato sauce, mix in ketchup, sugar, and salt. Simmer in a dutch oven or large skillet at low heat for one to two hours.

## PLANNED PARENTHOOD CLINIC OPENS ON CAMPUS

by Cynthia Mathews

Through a recent agreement between Planned Parenthood and the University, a birth control clinic will now operate on the UCSD campus to serve both community women and students. The Student Health Center will provide space and equipment, and Planned Parenthood will provide all supplies and personnel. Residents from University Hospital will serve as clinicians. Starting November 3, the clinic will be held every Monday evening from 6 to 9 in Room 302 of the Student Health Center. Appointments are necessary.

The clinic will serve women from the North Coast area through Pacific Beach; until now the closest Planned Parenthood clinic for these women has been at University Hospital. The clinic also comes in response to several years of vigorous pressure from campus women's groups. They have maintained the Student Health Center, in withholding birth control information and care, was denying complete medical care to women students. The students will be served in accordance with the new state law which permits medical care without parental consent for anyone age 15 or over who is living away from home and managing his or her own affairs.

The new clinic will need volunteer help, and this should come from the University Community. Anyone with professional training or experience in nursing, social work, or lab work is desperately needed. However, they must be able to work on a fairly regular basis. Volunteers are also needed to serve as receptionists and records clerk. If you would like to volunteer or have any further questions, call Mrs. Rice, the head nurse at Student Health, at 453-2000 x 1346.

## OCEANIDS BRIDGE

The following information arrived too late to be included in last month's BEAR FACTS. Call the chairmen mentioned below for information on this month's meetings.

### EVENING (COUPLES)

Chairman: Mrs. Benton Owen  
608 Ridgeline Drive  
Solana Beach  
755-3364

Mrs. Owen announces the first meeting will be at her home on 17 October, (Fri.) at 8 p.m. Dessert will be served. All are welcome; call for a reservation. The schedule (1 meeting per month) is to be decided by the group.

### DAYTIME (WOMEN)

Chairman: Mrs. Peggy Church  
453-2000 x 321  
223-1351

Meetings are held at 10:30 a.m. on the 1st and 3rd Tuesdays of every month. The meetings are held at member's homes. The hostess serves lunch. A 25 cents donation per meeting is assessed. The group decides how to distribute such funds at the end of the year (e.g. to the UCSD library). Please call the chairman if you would like more information.

## PUEBLO CREW MEMBER ON CAMPUS

Classwork has started again for Robert J. Chicca, a 25-year-old junior at the University of California, San Diego. To see him on the UCSD campus - short blond hair, tanned features, sport shirt and slacks - it would appear that nothing too unusual had interrupted his progress toward a college degree.

There is one big difference between Chicca and his fellow students, however. Chicca was a member of the crew of the U.S.S. Pueblo, the United States communications ship captured by the North Koreans in February, 1968. Chicca, one of two Marines attached to the crew, spent 11 months in a North Korean prison before being released, along with the rest of the crew, last December.

In the Navy hearings which followed the release of the crew, Chicca was one of 10 members cited by Commander Lloyd Bucher for his conduct in the face of the enemy.

The bad experience is behind Chicca now but, unlike some others, he doesn't want to forget it completely. In fact, he wants to talk about his experiences and about North Korea and its people. It is his hope to turn the nightmare of North Korean captivity into a college education.

Chicca left the Marines last August with the intention of completing the year and a half needed for his degree. His major at UCSD will be mathematics but he also has a strong interest in art. Part of the money required to pay university fees and to support him and his wife and 14-month-old son will come from the GI Bill, but not enough to cover all expenses.

One of the ways he hopes to raise the extra money he will need is by making speeches. Since his release from the Marines he has given about two dozen talks to church, youth and civic groups in his home town of Washington, D.C. and in the southern California area.

"At the level where I started on the lecture circuit, pay has been pretty sporadic," Chicca said. But, so far the lean, good-looking former staff sergeant is not troubled over the size or lack of speaking fees, acknowledging that the experience alone has been valuable to him. Since he is a student, he can be contacted through the UCSD Speakers' Bureau on the campus.

## NEW STEAM ENGINE

A new steam engine for automobiles has been designed and built by faculty and students. Developers of the compact, two-cylinder power plant see the new engine as a possible solution to the nation's smog problem. Steam-powered automobiles, they believe, could reduce air-polluting emissions to as little as two percent of the pollutants now emitted by cars with conventional internal-combustion engines.

The UCSD engine, built around a modified motorcycle power plant, will be operated on compressed air during the demonstration. Ray Salemme, a UCSD graduate student in chemistry and principal designer of the new engine, explained that the boiler and control systems will not be completed until late this year. Once all components are ready, the engine will be

(continued on page 6 )

UCSD ARTS AND LECTURES PROGRAM

OCEANIDS wish to thank Professor and Mrs. Thomas Nee for the gracious and warm hospitality given Pianist John Ogdon, his wife and a group of guests from the university and community following the concert in Sherwood Hall, Tuesday October 14. All who attended the reception in the Nee's Del Mar home had an opportunity to talk with the artist and enjoy pleasant relaxation provided by good company, a glass of wine and Mrs. Nee's delicious lasagne and home baked bread.

MED SCHOOL DIRECTS COMMUNITY HEALTH CENTER  
by Cynthia Mathews

For years, residents of the small border town of San Ysidro have had difficulty obtaining decent medical care. They have had to contend with economic deprivation, long distances from existing medical facilities, language barriers, and masses of red tape at public clinics.

A major step toward easing this chronic problem was taken in late August with the opening of the San Ysidro Community Health Care Center. This facility, which is administered by the UCSD Med School's Department of Community Medicine, is now open 4 afternoons/week. With only one full-time paid staff member as Project Supervisor (a Spanish-speaking nurse with Peace Corps experience), the Health Center manages to provide out-patient care to about 125 people /week.

This remarkable accomplishment is possible only through the widespread support of the community at large. Volunteer physicians from University Hospital, the Med School faculty, and the County Medical Society provide professional services. Local residents serve as translators and have been trained to do intake interviews. Many community agencies have contributed work, money, supplies, equipment, and personnel; these include such diverse groups as Urban Coalition, Project Concern, the City Council, the Department of Transportation, the Health Department, Comprehensive Health Planning, and Planned Parenthood.

An advisory Health Committee of local citizens help establish Health Center policy, such as the suggested fee of \$1/visit. But even this token fee is often waived, as roughly 2/3 of the Center's patients are medically indigent but ineligible for government aid programs. The Health Center will provide care for any residents of San Ysidro, regardless of citizenship. At present most patients are mothers and children.

There are lots of plans for the Health Center's future, but they all depend on money. At present the Health Center is facing a financial crisis, with donated supplies and the Project Supervisor's salary running out. But there are strong hopes that a grant of OEO funds in the near future will keep the Center alive and enable it to expand its services and staff. Further questions on the Health Care Center may be directed to Dr. Ruth Covell at 453-2000x1251.

CREATIVE STUDENTS NEED YOUR HELP!

Have your kids outgrown their paints and crayons? Would you like to get rid of those extra old tools no one uses? Are you haunted by the half-finished remains of a craft project you started years ago and will never finish?

If so, you can make a much-appreciated contribution to the Creative Arts Project which is being organized on campus for general student participation. The students would appreciate receiving any arts and crafts supplies or related items you may have to offer for their Saturday afternoon workshops. If you have some special skill you can share, they'd like to know about that too. Call Dana Rufolo at 453-6385 (305 Discovery) if you have contributions or suggestions.

POTPOURRI TOUR OF SAN DIEGO SHOPS

People to People

The annual "Potpourri Tour of San Diego Shops" sponsored by People to People of OCEANIDS will be held this year on November 7th and 8th. The tour provides an opportunity to learn where unique and out of the way shops in San Diego are located, and each year it offers a different selection.

Chauffeured cars will leave at 10 a.m. on Friday, November 7 and will leave at 1 p.m. on Saturday, November 8. The tour will last about 2 1/2 hours. The charge is \$2.50.

Categories of shopping interests are: gourmet food and groceries, arts and crafts, boutiques, furniture, books, hobbies and toys, and nursery and garden supplies. A potpourri tour of these shops will be offered Friday and Saturday.

Those attending the tour will also be provided with a list of additional specialty shops in San Diego for later and more leisurely shopping. Lack of time precludes visiting each of these shops during the tour.

Louise Arnold, chairman of People-to-People, has indicated that proceeds from the tours will be used to support the group's exchange projects. These include an international scholarship fund, sending text books to a school in the Philippines, and continuing an exchange program with students and faculty of the Escuela Superior de Ciencias Marinas, Universidad de Baja California in Ensenada.

For reservations and information please call Jean Lindsley, 453-4043; Louise Arnold, 453-0232, or send check with blank below. Reservations will be taken on a first come, first serve basis.

Send check for \$2.50 made out to People-to-People with coupon to:

People-to-People	
2611 Inyaha Lane	
La Jolla, Calif. 92037	
Name:	_____
Address:	_____

#### STEAM ENGINE (continued)

mounted in the chassis of a U.S. -built compact car, and road-tested. The engine is designed to deliver 100 horsepower at 3500 rpm, said Salemme. Steam temperature will reach 800 degrees Fahrenheit, and pressure will peak at 800 pounds per square inch.

Salemme worked with two members of UCSD's faculty in designing and developing the engine: Dr. Stanley Miller, professor of chemistry, and Dr. Rodney Burton, assistant professor of engineering physics in the Department of Aerospace and Mechanical Engineering Sciences.

#### THE AQUARIUM

The Hall of Oceanography will have on display moon rocks open to the public from 10:00 a.m. until 4:00 p.m. daily beginning Thursday 23 October until 16 November.

The Aquarium-Bookshoo now has on sale a large variety of UNICEF Christmas Cards and 1970 Calendars.

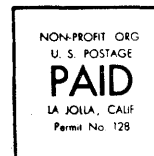

Junior Oceanographer's Corp - November Meeting on Friday 14 November.  
Dr. William Newman will be the guest speaker.

#### LA JOLLA CIVIC ORCHESTRA AND CHORUS ASSOCIATION NEWS

The Women's Activities Committee of La Jolla Civic Orchestra and Chorus Association will have a booth at the Flea Market November 16th featuring children's clothing, jewelry, and preserves. It is called "The Little Switch" because of the children's clothing. Mrs. John C. Long is chairman, and Mrs. Parthena Engstran, co-chairman. Mrs. Richard Senn is collecting jewelry. A group of women have been working on Fridays in the home of Mrs. Marvin Goldberg making book covers which fit the La Jolla Directory. These also will be on sale. Donations of children's clothing especially are being sought-call Mrs. Long (459-0022).

The house tour will be held this year again on December 13th from 1 until 5 p.m. with six La Jolla Farms opened to the public with musical programs arranged in each. Mrs. W. W. Stewart and Mrs. Fred Ferrey are chairmen and their committee includes Mrs. K. Whitcomb Keith, artwork, Mrs. John C. Long, hostesses, Mrs. Harry Lee Smith, music, Mrs. Marvin Goldberg, decorations, and publicity, Mrs. James H. Pricer and Mrs. Stuart Walker.
