**March 19, 1962**

Dr. Glenn T. Seaborg, Chairman of the U.S. Atomic Energy Commission and Nobel Laureate, will speak in La Jolla on Sunday evening, March 25, as the San Diego campus celebrates the 94th Charter Anniversary of the University of California.

His topic will be "New Paths in Education."

The Charter Anniversary ceremony will be held at Sherwood Hall, Art Center in La Jolla, at 8:00 p.m. A section of the auditorium will be open to the public.

The Charter Anniversary, observed on all the University's campuses, commemorates the founding of the University in 1868.
