GEORGE WATERS

WHY YOU SHOULD AGAIN ██████████ GEORGE WATERS TO THE CITY COUNCIL.

For 7 years the administration promised the Senior Citizens of National City their Senior Highrise Apartment Building which they need. What happened to it? During my term I will work hard to make this a reality.

Your taxes have been raised about 53% this year, but your income did not increase by that margin. When elected I will work with the legislators to amend the state law so this will not happen again.

We think that the City Attorney's office and the City Managers offices are overstaffed.

Due to lack of work a short time ago the City Attorney was given permission to work only half a day and devote the other half to his own practice. His salary, however, remained the same. The City Attorney now has a part time assistant and he too receives a salary. The City Manager has three assistants and they all receive a salary.

Yet we don't have sufficient funds to put in a snack bar at Las Palmas, cannot afford air conditioning for the Community Building.

Final plans to remodel the Casa have long been completed but again insufficient funds to do the job.

With all this added employment at the top echelon of our administration, our city has not grown in population by even 5%. WHY IS THIS???

If elected I will make every effort to determine if all this extra help is necessary and take immediate remedial steps to divert these funds to the needs of the people such as the projects so mentioned above.

I. I seek the office of City Councilman because I feel that, with my knowledge and experience in City matters, I can make a constructive contribution to community betterment. I have actively participated in the following Committees and Commissions:

- A. National City Planning Commission
- B. Chamber of Commerce, Chairman, Streets and Highways Committee.
- C. County Tax Appeal Commissioner
- D. President Lions Club N.C.
- E. Chairman Granger Hall Project
- F. Chamber of Commerce, Board of Directors
- G. National City Rodeo

Association Committee

- II. As a businessman, I will work to create a healthy environment wherein business and industry can thrive.
- III. As a property owner, I am acutely aware of the tax burden and will strive for responsibility in the administration of public funds.
- IV. As a parent, I am deeply concerned with educational and recreational facilities, and the general moral climate of the community.
- V. As a citizen filled with civic pride, I want an image second to none for our City.
- VI. I will bring to the Council an independent mind, fresh ideas, and new approaches to old problems; yet, my training and background has taught me the importance of team effort.

Citizen's Committee for
George Waters

CONTRARY TO ALLEGATIONS, I AM NOT, NOR DO I INTEND TO CONTRIBUTE TO THE AD-HOC COMMITTEE, SINCE THEY HAVE 2 CANDIDATES SEEKING COUNCIL SEATS.
