 I sat down & felt
 found a roll of sheet

 a poem & wrote it in
 pencil & called it

up & tried it with a
 velvet ribbon & put it in
 the box from the

Yes up up Uralia

Got to see hours. Vibe
 so bad couldn't sit in
 furniture. Feel like
 I was disappearing back-
 wards. Only possibilities
 were the wooden rocking
 chair (I could sit on
 that) & the baby
 room - that was ~~fairly~~
 cooled out. Other
 new furniture

haven't been to the
 county, (and I started
 to see). By stream
 a red wire setter (a
 o cheer down) or it
 have less?) appeared
 (or Charles says it was
 a dog) for a brief
 second - then by
 the flowers to the
 road a turquoise

+ Black butterfly +
 then as a nondescript
 (live) large bug
 buzzed around a
 green stem I saw a
 black & yellow bee.
 I don't know if this
 apparition was spirit
~~animal~~ creature there
 at that time or image
 of creature that had

been there at another
time & has left their
impression there.

I don't see it's quite
like you know & you
in a very relaxed state
when you can see that
much & it just adds
another (that is more
beauty) to life. It's
fun. Her 2nd trial

~~my bottle from~~ I set up
 her with the ~~stone~~ bag,
 centered into the east
 to take out the purple
 tube. I don't think
 that works (water for
 purple) but what
 did work was sticking
 it into a plant of
 butterfly & watching
 the plant change

Energy colors - like a
dark purple/black
appeared at various
part of the stems &
stayed pretty good
in the head of stem that
led to the seed. The
It didn't wilt the
plant (but) I saw a
little shock go through
to the yellow butterfly.

then I took it out &
 put it in a deep milkweed
 plant which charges
 a little too tall the
 silver pin became
 clear. The stone became
 clear first, then the
 silver. The I saw bright
 blue clouds hanging
 around & one, in the
 air on the way

book I saw a tree ~~tree~~
green as a deep bright
blue with some dusky
red around it & it was
so beautiful. It
reminded me of a
story I wrote in 1967
about the man who
went on a journey &
sat under a tree that
had yellow & blue leaves

It a red trunk. 27 was
sitting under the tree
that his man thought
of thought pieces.

So I must have known
before I really knew.

From another life
perhaps? that one can
create thought pieces
I can see the green
color of leaves & tree

& they are all these
 colors. It a great
 of marvelous beauty
 & it like being very
 high water. It
 very very calm &
 happy & clear that
 when I see things
 quite plain & find
 the proper solution to
 our problems &

really feel
love for others. Cried
hitting on her coming
back because Charlie
called me to look at some
late house & I didn't.
Bill Peterson
not to follow that
advice. My father
lent me. I must
solve that. Not home

I called the late house.
 They do all carpeted
 with synthetic carpeting
 I can't walk on! of course
 the lady said I'd take
 it up if I paid for it but
 the house that was
 not attached to a garage
 was \$1,000 - I had never
 furnished in it so
 maybe to take

Went to bed but

I used some more.

I was so exhausted

by 1 day travel +

how can I find a

house to live in

when I'm so sensitive

to bad news. It got

to be a lousy out place.

I'm not strong enough

to change anything.

I'm caught between
 2 planes & I'm invisible.
 I don't want to go on to
 living sometimes - to
 murder of the people
~~of the~~ I'm in the mud.
 I need to be in the
 cement, I get so
 light but I need
 a roof too. I've thought
 of camping

but I don't know how
 I could stay in a
 sleeping bag with the
 sun on all my "side"
 feeding bar to the
 right leg. I guess
 I have to be in my

shouldnt - all aimed
 at helping me get through
~~from the side~~
 get out of the pen

I ~~the~~ Christ the word part
 of all of this ~~is~~ ~~been~~ ~~done~~
 not ~~travels~~ anyone to
 call to anyone "real"
 that is - the first instruction
 from Charles - yes? ~~that~~
 should do this, no?
 shouldnt - all aimed
 at helping me get through
~~from to do all this~~
 get out of the penance

(+ brown noise too).

There was a bright blue
flash from where I

was sitting on the

grass. Maybe it's the

becoming blue that
hurt - the energy

giving a sharp or blocked

by the hurt part. The

sites right in the

dark I could see my

hands - ~~that~~ I could
see the golden light in
my hands was my
eye closed & I saw
a burst of this golden
light in the area between
thumb & forefinger when
I have a tense muscle -
(from using heavy scissors
years ago - a knitted muscle)
So my whole side

well part of it must be
like that, blades energy:

After the chiropractor, then

I feel great very light the
right hand ^{is} could really

feel the energy & I was so

happy. I'm the country &

got really best comes

feel the right side less satiated

than the left, feel the

energy just ~~felt~~ ^{green} and

of it instead of being
 there. It's a challenge
 that I don't think I'm
 in control of all things
 because I want the
 country. I have the city
 & get it to be based & deal
 I think if I stayed out
 in the country all the
 time - so some sort of
 a way is needed.

But summoned to the
 county pleas
 Today however I walked
 out in white shirt & pants
 with the rose at my chest
 I didn't feel the city
 heaviness. So maybe
 I am a little stronger.
 If I think for whatever
that worth my money
 didn't lead ^{out of} ~~into~~ get caught

in lumps on the back
side (i.e. if it caused
flaw properly & stay on the
body) I could stay high
enough to keep on a nice
around me to protect me
from the lower class -
the blacks, reds & people.
Not to say a few other
dusty dirty & spotted
grey hairs & eyes.

In other words wherever I
 was it was used by me.
 With no outside looking
 in. Today also I began to
 see around us people in
 the street. Purple was all
 I saw & a Magenta tree
 in the park. Magenta is a
 sort of paled out red purple
 that the purple fades
 to. All kinds of

The apt factory St Max

 the color.

I wasted my hair first
