## URGENT APPEAL FOR FINANCIAL ASSISTANCE MEDICAL CASE (GEUA TAPA)

We have written to seek your assistance in lending us financial support to help cover medical cost for our child and relative who has diagnosed and is very ill with **LEUKEMIA** at the Port Moresby General Hospital.

She is Geua Willie Tapa (female - 2yrs) from Porebada Village, Central Province. She has been referred to the Brisbane Royal Childrens Hospital in Australia because there is currently no facilities available in the country to treat her condition.

We have already embarked on an **URGENT** fundraising campaign because of the nature of her illness and as part of this fundraising drive, we are humbly pleading for your kind consideration and assistance by way of any financial donations.

The initial cost of the treatment is estimated at between K60,000 to K100,000 which is quite a hurdle given that the majority of us are at the lower end of the income bracket.

Please be informed that our appeal has also been extended to Colombia Helicopters who have responded positively by agreeing to arrange for a direct airlift to the hospital in Brisbane.

We will keep you informed of all future development as they occur, but especially the progress in our fundraising efforts. If there is a need for further enquiries regarding this matter, please contact the following persons: Mrs. Ann Nono Vagi - Tel: 3241260bh Mr. Peter Vagi on 322 9558bh, Dr. Bery Vetuna on 324 8200, Dr. Mobumo Kiromat on 324 8200, Billy Tau on (ANZ, Port Moresby on 322 3333. ## Religious speak out on forcible repatriation

The Federation of Religious of Papua New Guinea and Solomon Islands were gathered recently in Madang for their annual general meeting. They represent 83 Catholic congregations of religious men and women with a total membership of 1864, (1066 of these are Melanesians). At their meeting they said they "wish to speak out their concerns and give voice in support of the people affected by proposals to forcibly repatriate 90 Papuan families from Vanimo and evict thousands of settlers from Madang."

They went on to say that in Vanimo, the so-called "border crossers" have consistently claimed

Federation of Religious at the Madang AGM.

that if they are repatriated, their very lives are at risk. They have expressed their fear and lack of trust

in the promises of the Indonesian government because of previous betrayals. The right to life

and security is fundamental and must be protected. For these families, protection must include, they

said, "proper and better dialogue with them about their future; an assurance that no one will be repatriated by force and a guarantee, monitored by NGO's (Churches, UNHCR, Red Cross) that they will be accepted home without harm."

The federation said that "they applauded the latest promise by the PNG minister for Foreign Affairs that repatriation will go ahead, but only on a voluntary basis and without any form of force." They said that "they stand by Bishop Cesare Bonivento and the Catholic Diocese of Vanimo in their efforts to continue to care for the welfare of their Papuan sisters and brothers."

The settler problem in

Madang, they went on to say, "is also real and complex and we are encouraged by how the government and the business sectors are going out of their way to facilitate relocation and for the wise decisions which allow more time for dialogue between all concerned parties in order to find a more just solution. This must include some way", they said, "of recognising the service that settlers have given to Madang Province."

Sr Marie Turner, spokesperson for the federation said, "we urge leaders to resolve these problems in Madang and Vanimo in ways which, above all, show respect for the human dignity of our brothers and sisters."

### Giacomo Alberione, Founder of Pauline Family to be beatified

Zenit News Agency

Italian Father Giacomo Alberione, founder of the Pauline Family and a prophet and apostle of social communication, will be beatified on April 27.

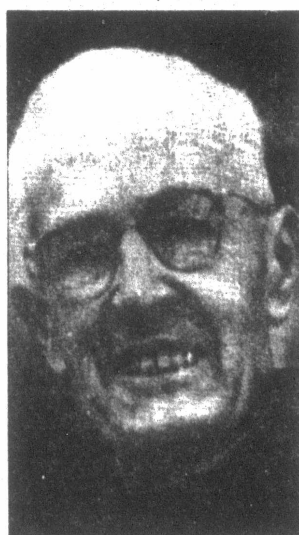

John Paul II read the decree of beatification last December. Alberione was born on April 4, 1884, in northern Italy. He was ordained a priest in 1907. He founded the Pauline family, which is composed of five religious congregations, four secular institutes and an association of lay cooperators.

Father Alberione died in 1971 at age 87.

John Paul II proclaimed him venerable on July 25, 1996. The miracle of the cure of Mexican Mar a Librada Gonz lez of a sickness, attributed to his intercession, was recognised in 2002, opening the way for his beatification.

In Papua New Guinea, the

Pauline Sisters run the Catholic Book store at Garden City in Boroko in the National Capital District.

### Family Bible Reading seen as key to new evangelisation

Zenit News Agency

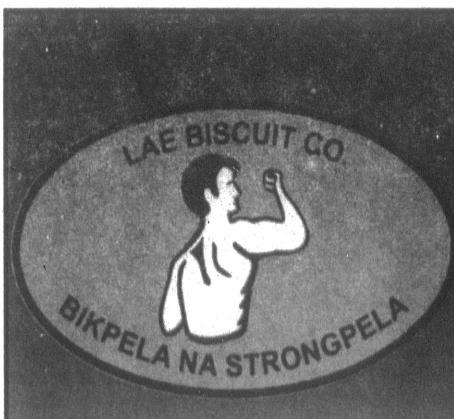

The introduction of Bible meditation in all homes would be a decisive step for the new evangelisation, says a bishop. Bishop Carlo Ghidelli of Lanciano-Ortona, a biblicist, proposed this initiative on Saturday at the national congress of the Italian episcopal conference's biblical apostolate.

During the meeting, which focused on the need to "build a community of listening to the Word of God," Rinaldo Fabris, president of the Italian Biblical Association, said that the faithful often don't know much about Scripture.

Although on one hand people increasingly want to own a Bible, and interpret it on their own, on the other hand, there is a "certain communal resistance" to exploring the Scriptures, Bishop Ghidelli noted.

The congress highlighted the need to update the method of studying the Bible in order to avoid intellectualism or the seeking of biblical instruction outside the Catholic Church. In this connection, Guido Benzi, director of the Catechetical Office of the Rimini Diocese, stressed the importance of "not losing sight that the Bible, insofar as it is the voice of God speaking to his people, must be available to all, not just to a few."

However, "the faithful must be reminded, especially non-Catholics, that the authentic interpretation of sacred Scripture occurs only within a dimension of faith," Benzi said. "As St. Augustine used to say, we must read the Scriptures seated in the lap of our Mother, the Church."

# Family Day at Don Bosco in Solomon Islands

Fr. Ambrose Pereira SDB

Don Bosco campus, near Honiara, wore a festive look recently as staff, students and parents gathered for the first Annual Family Sports Day celebrations. Colourful flags and banners fluttered in the air as over 300 people lined up for the opening ceremony.

"The family is one of the main players in building up a child", stated Fr. Nelson Jopia SDB. "A child needs support from his or her family to reach his objective in the game of Life", he continued.

"We want to establish relationships and we begin with sports", said Fr. Luciano Capelli SDB, as he welcomed all to the Family Sports Day celebrations.

"As the students walked in together with their parents to the tune of joyful strains, as candles were lit and as each one shook hands with another - emotions of joy and gratitude to God and Don Bosco welled up in me. Here we have students from every province and every religion, all committed to work, study and play together in the true spirit of unity and togetherness", said Bishop Chris Cardone, Auxiliary Bishop of Gizo, who was present for the entire occasion. He enjoyed the day interacting with all present.

Football, volleyball and tug of war were games that many participated in while oth-

ers were swinging to the beat of panpipe music by the youthful and energetic group from Talaura. A delicious lunch brought persons closer together in the spirit of friendship and fellowship as each one shared what he or she had brought.

"It was a time for building relationships, a

time for peace, a time for sharing, a time for making new friends as people mingled in a very relaxed atmosphere of joy and friendship", said Hilda Anihoniara. "It's a great privilege for a mother, a father and a son to be playing together. It's was an occasion to build up and renew love,

peace, friendship and unity in the family", she continued.

"I am impressed by the words of Fr. Capelli - 'We need you parents to make our school a success'. There is something that draws to be part of the school and we look forward to many more interesting and entertaining programs", stated Henry Isa.

"Looking back over the years", stated Atu Balekana, "and the struggles for permission that we underwent, it is today gratifying to see our youth growing day by day with values of hard work, commitment and honesty".

The program, an initiative of the school, and part of the Educational Pastoral Plan (EPP) of Don Bosco was the joint venture of the parents, staff and students. It has given a good boost to the many programs that will follow. All were delighted at a very enjoyable, relaxing and entertaining program together with their sons. The system of Don Bosco believes in working together with all sections of society - parents, government, religious, civil and other networks, we will achieve our final goal.

A spirit of sharing prevails and in this season of lent the students have realised the need to reach out to others. To fulfill this they cleaned the polio ward of the national hospital and the grounds of the handicapped center at Rove on March 26, 2003.

## Goroka opens its Year of the General Assembly

Fr Mirek Komoroski, SVD reports:

The Catholic Diocese of Goroka has officially opened its Year of the General Assembly.

Bishop Francesco Sarego officially opened the Year of the General Assembly in the Diocese at a special mass last month in Goroka.

During the mass, students from the University of Goroka and the Business College looked after the singing while the North Goroka, Kefamo, Kamaliki and St Mary's parishes took on other roles.

"Now is the time for renewal and joyful participation as the Church in each diocese and throughout PNG cele-

brates the year of the General Assembly.

"We have to pray, work and stay together to do God's work in families, schools, institutions and in the work place," Bishop Francesco said.

Representatives from Watabung, Namta, Tafemo, North Goroka, St Marys, Kamaliki, Kainantu and Pundibasa parishes performed a drama to express what it means to be "The Church" in Goroka diocese.

"We are not isolated in our faith but we are called to work together as a community," Bishop Francesco said. During the mass, every parish received a colourful banner with the Assembly Logo. The banner will be

placed in a prominent position in each parish and school as a reminder.

Bishop Francesco said the concept of the General Assembly has been explained in each parish as a prelude to its launching within the diocese.

In preparation for this particular celebration of mass, representatives from each parish took part in a weekend of prayer and reflection. During the weekend, a diocesan booklet was given to the participants outlining six topics for discussion in the parishes. The topics include Ecclesiology, the Sacraments of Baptism, Penance and Eucharist, Lectio Divina and

"Sanguma."

Also the Goroka diocese is preparing to stage a meeting this month for all the parish priests at Kefamo to evaluate the progress of the General Assembly in the diocese so far. They will also discuss the topics in their next booklet. These booklets are issued every three months to help prepare every parish for the closing assembly.

Preparations are also underway to stage a week-long seminar on "Sanguma" at Kefamo Conference Centre. Four representatives from each parish are invited to participate while experts from various fields such as research, church, education and community will present papers.

# New building to be used to help grass roots

By Fr. Paul Liwun SVD

Students who attend courses at the Archdiocese Settlements Apostolate Centre (ASAC) Port Moresby, came together with friends and relatives at their recent opening day and blessing of their new building, which was funded by the Japanese Government through the Japanese Embassy in PNG.

It was a day of joy for them and they expressed this through singing, traditional dance and sharing food together.

In his opening remark, Fr. Rodrigo Complain, director of the ASAC, welcomed everybody including the Japanese Ambassador Katsuo Yamashita, invited guests from the government and churches. He also gave a brief background of the development of the centre.

For quite a long time, various works in the settlements have been going on in the Archdiocese of Port Moresby. But there has been no single centre. Many of the settlements workers, both religious and lay were on their own while others were under the umbrella of the Family Services, which was established in 1969 as a counselling office.

From 1987 the Family Services

expanded its activities to the area of health services, sewing, handicrafts, income generating projects and functional literacy program as it grew in its response to the needs of the poor living in the settlements around Port Moresby.

In 1998, Archbishop Brian Barnes, intended to retain the original idea for which the Family Service Office was founded. But at the same time he recognised the great importance of pursuing and strengthening the settlements work. The establishment of the Archdiocese Settlements Apostolate Centre has now brought this about. The centre has now become the focus of all the settlement related activities within the Archdiocese of Port Moresby.

The general objective is to address the basic needs of the people in the settlements through human and spiritual development programs, education, employment-oriented skills training and health programs in order to equip them to be self-reliant and responsible members of the Church and society.

The centre offers courses that last for 10 months such as basic sewing, tailoring, cooking and handicrafts. There are also some short courses like silk-screen printing, basic secretarial, security officers, leadership and value-orientation

course. Very soon the centre will offer a basic computer program course, health awareness and health services, livelihood programs which include school uniform production by the sewing graduates, vegetable and rice production in Sivarai Namona, outside Port Moresby.

Until last year, all the activities in the ASAC took place in the old building, which was vacated by the Boroko Play School.

At the end of his welcoming speech, Fr. Rodrigo thanked the Japanese Government represented by Katsuo Yamashita, for their deep concern and undying generosity to the people of Papua New Guinea, which made possible the building of this new centre.

In his Speech Mr. Yamashita praised the initiatives of the Archdiocese of Port Moresby in helping the poor living in the settlements.

He said he was happy with the programs and activities that have been going on in the centre. He also hopes that the centre will not only raise the living standards of the people in the settlements but also to help them to become more self-reliant.

ASAC is challenged not only equip people who are "looking for a job", but more than that - to become self-employees in the settlements.

# Video: Alive in Christ

A catechetical video showing scenes from the Synod for Oceania in Rome and the opening gathering of the national General Assembly in Fatima appeared on EMTV last month. It is now available from the Secretariat for the Assembly and costs only K20 (plus postage if necessary).

The video opens with the welcome of delegates to the opening ceremony at Good Shepherd Seminary, Fatima near Banz in the WHP. It then shows some of the delegates singing the Assembly Song with actions. This is followed by sections of the opening address given by the Apostolic Nuncio, part of a talk on holiness by Fr Joachim Rego, and part of a talk on Inculturation by Bishop Cherubim Dambui. Bishop Douglas Young and Br Alfred Tivinarlik explained the aim and process of the Assembly. The video includes parts of interviews with various delegates at the opening ceremony and concludes with colourful closing ceremonies at Fatima and on the Sunday at Banz parish. After the main production, at the end of the video, there is also a short section showing Fr Vester demonstrating the actions of the Assembly song.

The video includes a brochure with the text of the Assembly Song and the General Assembly Prayer. The brochure has questions to help parish and diocesan groups dis-

cuss the Assembly after watching the video. These questions are:

1. What examples or indicators of a Church alive in Christ did you see in the video?
2. What are your answers to Bishop Cherubim's questions in the video?
3. Which people in our community are likely to be left out? How can we invite them in?
4. What can we do to participate actively in the General Assembly (e.g. discussion topics, community or parish assembly, or a 'special interest' discussion group)?

Some people have already said how the video production "Alive in Christ" has helped them to understand better the aim and process of the General Assembly, and that it also helps them to learn the Assembly Song with actions.

Most of the video "live in Christ" is in English but there is also a Tok Pisin version now available. Many of the scenes in the Tok Pisin tape are quite different from the English one, so people might want to see both tapes. The Tok Pisin tapes cost K25-00 plus postage where applicable. There are also tapes available showing the complete speeches by the Apostolic Nuncio and Fr Joachim Rego.

Copies of the videos are available from the Secretariat for the General Assembly of the Catholic Church, PO Box 54, Mt Hagen, WHP (Phone 5421285, Fax 542 2128). The L.C.I in Goroka. Port Moresby residents can purchase the videos from the Catholic Bookstore at Garden Place in Boroko.

## The Power of Media

Mark Buka and Matthew Dima

A week-long workshop in Social Communications was recently held at Good Shepherd College, Fatima in the Western Highlands.

The workshop, given by Fr Geoffrey Lee, the National Secretary of the Commission for Social Communication dealt with the power of mass media, how it can contribute to the building of community by reinforcing positive human values or how it can reinforce values that are negative and destructive of community.

The workshop began with a look at the role of social communications in the Catholic Church and the importance the Church places on it in this mod-

## The Catechism of the Catholic Church

Bishop Francesco of Goroka writes: -

Let's continue the exploration of our faith taken from the Catechism of the Catholic Church.

### Characteristics of Faith:

Faith is a grace. Faith is a gift from God, offered to all human beings. Before we come to believe it is already God who invites us to believe and with the hope of the Holy Spirit moves our hearts towards himself.

Faith is a human act. To believe in God demands from our side the effort to try to know God, to understand what he is saying and to submit our intellect and will to him. This is our human effort in expressing our faith.

Faith and understanding. Because God is Truth we are called to believe in Him. He cannot deceive us. And to help us in understanding him he revealed himself in Jesus as the truthful word of God. We need to trust in what he is saying to us. We need to deepen our knowledge of what he is telling us in the Scriptures. Understanding faith is a

process guided by the Holy Spirit. He guides the Church when she offers the truth of the message of Christ to all people.

Faith and freedom. We are made free by God. We have the possibility within us to accept in freedom the truth of God or to refuse it. We are called by the love of God to share in his eternal life. To refuse or to accept faith has to be seen in the light of the truth. For such truth Jesus died on the cross. By accepting faith, God promised salvation to us. Such salvation is life eternal with him. So acceptance and perseverance in faith goes together till the end of our lives.

Faith of the Church. The Church received the mandate to continue the revelation of God given to her by Christ. We receive faith through the Church. We are accompanied in our journey of Christian living with the faith of the Church. In baptism she offers us 'faith leading to life eternal'.

Only one faith. Through the ages the Church proclaimed always the same faith, received from Christ, offered to us in baptism, convinced that all people have only one God and Father. *To be continued next month*

# Church mission work continues to expand

Zenit News Agency

The Catholic Church's missionary works worldwide include 42,000 schools and rely on some 85,000 priests. These were among the statistics presented by Cardinal Crescenzo Sepe, prefect of the Congregation for the Evangelisation of Peoples. He was presenting John Paul II's Message for World Mission Sunday 2003 in the Vatican Press Office.

At the beginning of 2003, the ecclesiastical circumscriptions (archdioceses, dioceses, apostolic vicariates, etc.) under the

Vatican dicastery numbered 1,075 — almost 39 per cent of all the circumscriptions worldwide. At the service of the mission lands (the so-called "ad gentes" mission) are some 85,000 priests, including 53,000 diocesan clergy. Of the total number of priests, 27,000 work in Africa, 44,000 in Asia, 6,000 in America, 5,000 in Oceania, and 3,000 in Europe. Also working in this missionary activities are 28,000 men religious who are not priests; 450,000 women religious; and 1.65 million catechists. In the mission lands there are 42,000 Catholic schools, 1,600 hospitals, 6,000 clinics, 780 leprosariums and 12,000 initiatives of a

charitable and social nature.

During the press conference, Archbishop Robert Sarah, secretary of the Congregation for the Evangelisation of Peoples, mentioned the enormous growth in the Church in Africa thanks to missionary work. In 1900 there were about 2 million baptised Catholics in the continent; now there are 110 million, or 15 per cent of the population. "This progress is manifested especially in the realm of priestly and religious vocations," he explained. In Oceania, out of a total of 26 million inhabitants, 7 million, or 26 per cent, are Catholic, he said. Monsignor Patabendige Don Albert

Malcolm Ranjith, assistant secretary of the congregation, addressed the situation in Asia, where two-thirds of the world's population lives, 3 per cent of whom are Christian.

In Asia, the Church has a majority position only in the Philippines and East Timor. The situation in America was illustrated by Father Massimo Cenci, of the Pontifical Institute for Foreign Missions.

He mentioned the missionary "maturity" of the continent, particularly Latin America, which is sending its first missionaries ("Fidei Donum" priests or laymen) to other continents.

# Are you saved?

By F. Zdzislaw Karczewski SVD  
E-mail: zkarcz @dg.com.pg

There is a common conviction among a large number of Christian that only "born again people" are saved. Just to believe in Jesus Christ and accept Him as your personal Lord and Saviour is enough to be saved. Whatever happens later to the life of such a person, has no influence on the future, the person definitely will end up in heaven. It is called the assurance of salvation. A big question arises: Is it what the Bible really teaches? What about God's words: Therefore do not pronounce judgment before the time, before the Lord comes, who will bring to light things now hidden in darkness and will disclose the purpose of the heart... (1Cor 4:5).

First of all, nowhere the Bible says that to be "born again" means to accept Jesus Christ as a personal Lord and Saviour. To be born again is to be born of water and the Spirit (Jn 3:3-5), to be baptised. Christ teaches about baptism: And he said to them, "Go into all the world and proclaim the good news to the whole creation. The one who believes and is baptised will be saved; but the one who does not believe will be condemned (Mk 16:16).

Christ speaks about salvation for those who believe (Jn 5:24; Rom 10:11), but He doesn't say a believer, a Christian, can't lose heaven. Saint Paul says: nothing can separate us from Christ (Rom 8:35-37), but he speaks about sufferings, persecutions. Suffering unites us to Christ. Saint Paul says we will be glorified with Christ, only if we suffer with Him (Rom 8:17). Paul doesn't say: adultery, theft and lying, will not separate you from Christ. On the contrary, sin committed by a person does separate him from God:

Now the works of the flesh are obvious: fornication, impurity licen-

tiousness, idolatry, sorcery, enmities, strife, jealousy, anger, quarrels, dissensions, factions envy, drunkenness, carousing, and things like these. I am warning you, as I warned you before: those who do such things will not inherit the kingdom of God (Gal 5: 19-21).

Sinners will not be admitted to heaven (Rev 21:27). Even Christians can be condemned to Hell: But when the righteous turn away from their righteousness and commit iniquity and do the same abominable things that the wicked do shall they live? None of the righteous deeds that they have done shall be remembered; for the treachery of which they are guilty and the sin they have committed, they shall die (Esek 18: 24).

For if we willful persist in sin after having received the knowledge of the truth, there no longer remains sacrifice for sins, but a fearful prospect of judgment, and a fury of fire that will consume the adversaries (Heb 10:26-27).

Our ultimate destination will be determined by our deeds: See I am coming soon; my reward is with me to repay according to everyone's work (Rev 22:12). ...When God's righteous judgment will be revealed. For he will repay according to each one's deeds (Rom 2:6).

In order to reach heaven a person has to remain in the state of grace without any mortal sin (1Jn 5:17). In other words, the person has to be holy...[A]s he who called you is holy, be holy yourselves in all your conduct (1Pet 1:15). For God did not call us to impurity but to holiness (1Thes 4:1-7).

Pursue peace with everyone, and the holiness without which no one will see the Lord (Heb 12:14).

We have to cooperate with God's grace in order to reach heaven. God gives us the Holy Spirit to help us in our struggle for holiness (Rom 8:4).

There is no doubt about this, we have to work for holiness. As Saint Paul says: Therefore, my beloved, just as you have always obeyed me, not only in my presence, but much more in my absence, work out your own salvation with fear and trembling (Phil 2:12).

We need to persevere in truth and a good Christian life. Christ says; those who remain till the end will be saved (Mt 24:13). We are to abide in Christ (Jn 15:1-7), otherwise we will be cut off. Note then the kindness and the severity of God; severity toward those who have fallen, but God's kindness toward you, provided you continue in his kindness, otherwise you also will be cut off (Rom 11:22).

It is not enough to listen to Christ, or simply believe in him, or to call Christ our Lord and Saviour. In order to go to heaven we have to do what Christ teaches us. Without following Christ's words, without changing our lives, without good deeds we remain as an unwise person who built his house upon sand (Mt 7:24-27). The goal set by Christ for every believer is to transform oneself as much as possible in order to be Christ like: Whoever says, I abide in him, ought to walk just as he walked (1Jn 2:6).

The greater love a person has for Christ, the closer the person wants to be to him: the greater desire occupies one's heart to change and to imitate Christ as much as possible.

A lot of work awaits everyone who wants to reach heaven. There is no instant salvation. We have to work it out, as Saint Paul teaches us (Phil 2:12). The gate of heaven is very narrow (Mt 7: 13-14). We can only hope to attain heaven as the Bible says: For in hope we were saved (Rom:8:24), but the final verdict regarding our eternal destiny remains totally with Christ, our God.

from page 3

ern world. This was then followed by the growing influence of mass media in our lives with an emphasis on the values the media is often presenting and which are often replacing our traditional values. These media values are modern Western values and are sometimes in direct conflict with gospel values.

The workshop then moved into learning how to critically look at videos and make a judgment on a particular film. Did the film reinforce on the whole positive or negative values? Anton Pamundi, a Chimbu seminarian expressed his concern that many today do not cherish traditional values partly due to these traditional values being replaced by Western values and mass media is a powerful vehicle for such values.

The practical use of video in teaching was also looked at in the workshop

Many seminarians expressed their appreciation for the workshop as it opened up areas that they were not aware of before.

Twenty-seven final year seminarians and two lecturers took part in the workshop.

# General Assembly goings on around the dioceses

By Kia Nema

Fr Albert Tuat and Peter Matbob were in Mount Hagen for a week working on the Tok Pisin translation of the Discussion Book. Peter Matbob did some final editing at home and submitted his draft.

**Alotau**  
*Bishop Panfilo reports:*

At the end of the General Assembly the four of us who attended the Assembly met and decided to select only some of the topics for discussion in preparation for the Diocesan Assembly to be held from July 13 to 20.

A Preparatory Commission, composed by 2 priests, 2 sisters and 2 lay people (a woman and a man) was appointed. These 6 people got together and re-adjusted the topics for discussion.

In the meantime, I gave a conference on the General Assembly and the Diocesan Assembly in Alotau. It was well attended by our people.

I, then, travelled to Goodenough island and gave the same conference on the GA and DA at Watuluma, Bolubolu and Mataita, attended by many people, especially church leaders, but also ordinary lay-people and young people.

The next set of conferences was

held at Fergusson. Together with me there was Dominic Savio, the male delegate for the Diocese of Alotau to the GA. A large group of people gathered together at Budoia for the conference.

The third set of talks was held in the Trobriand Islands. There I distributed already the material to be used by the Facilitators as well as the material for the participants to the discussion. I gave two conferences: one to young people and the other to Church Leaders and ordinary people.

On March 22 and 23, I will go to Normanby Island to present the topics for discussion and distribute the material prepared for that purpose. In attendance are expected to be people and church leaders of the two parishes of Kurada and Kelologeia.

Everywhere I found a lot of interest and people seem to be fired up.

On March 31, Monday, Fr. Vester will come to Alotau and will spend three days at Hagita High School to present to the students the GA and discuss with them some of the topics for the Diocesan Assembly. He will then preach a Reflection to the Priests, religious and Lay People on April 3 on the topic of the Assembly.

As mentioned, the Diocesan Assembly will be held on July 13 to 20.

**Simbu**  
*Bp Henk te Maarsen reports:*

We had two training weeks with 1123 participants covering 13 parishes. In late March we intend a training for the 4 parishes of south Simbu and they are ready to kick off. They will concentrate on papers 1-9 during May. In July there will be a follow-up course. The facilitators use the "Komuniti Nait" process: Prea, Reading, Sharing, Discussion.

**Wewak**  
*Fr Lawrence Tanu reports:*

The team that was present at the GA in Banz presented the material to the Diocesan Team of Pastoral Animation, and to the priests assembly with the Bishops present. Deanery workshops are planned. We are using our existing pastoral programme to carry out the awareness. We plan for a Diocesan Assembly in October. A team will be sent to each deanery: Maprik, Sepik, and Wewak. There has been a lot of awareness and a lot of promotion of the song and the prayers.

**Federation of Religious**  
For had its annual meeting in Alexishafen in March. It had the theme, Religious, partners in implementing Ecclesia in

Oceania. Bp Doug introduced them to the Assembly and invited them to take part as fully as possible. There was a lot of discussion and a lot of ideas on how to bring the Assembly to their congregations and apostolates, and how to participate in the parish and diocesan program. By the end of the meeting, the leaders of the religious congregations present were able to give an excellent presentation of the GA song!

**Mount Hagen**

The archdioceses has a program of Diocesan Renewal in place for the year, so it will probably only get to detailed discussion of General Assembly matters at parish level towards the end of the year. Prayer cards and discussion books have gone to every parish and everyone is encouraged to bring in GA themes wherever possible. In the meantime Bp Doug brings Assembly themes into all diocesan activities. Parish Assemblies are planned for September and a Diocesan Assembly in October.

**Wabag**

The General Assembly was discussed at the annual diocesan Assembly, especially how it is to be integrated into the diocesan program for the year. The topics have been proposed to the Liklik Kristen Komunitis for discussion.

**Charismatic Renewal**

Bp Doug and Peter Junior (charismatic representative and music ministry at the Banz meeting) spoke at a charismatic course in Wabag. Peter spoke about the special role of charismatics in bringing life to the church, especially by promoting unity and witnessing to the power of a spirit-filled life. He warned the participants about the dangers of national goals being overpowered by localised movements. It is time for the charismatics to recover their special place in the church. In the context of Lent Peter reflected on the story of Lazarus, suggesting that "planti matmat i stap long sios", especially the disunity that leads to death; also the failure to use baptismal gifts and to pray; also following laik rather than the genuine promptings of the Holy Spirit. He encouraged charismatics to take the lead in bringing life to the church through their active and creative gifts in songs and dramas, all part of the new evangelisation that makes "tok bilong God i kamap swit".

**Daru/Kiunga**
