

Gold + Silver are measured  
in "troy" measures.

24 grains = 1 penny weight

20 pennyweights = 1 ounce (often called

↓ "fin" ounce)

fine silver

business in 1872 - 1873  
in the year 1872

When you go to the office  
to get the letter  
sent to you

attention CARL KAYSEN YOUR MESSAGE  
received tonight Step I am told my  
~~letter~~ has been transmitted in the meantime  
Step However the only ~~issue that~~  
on which you might be asked  
to express an opinion is whether  
or not the project which I proposed  
last October ~~or which might~~  
~~on which they might~~ (ought to be ~~should~~  
~~relevant issue~~ <sup>with you</sup>) which might ~~be~~  
be raised (is whether <sup>or not</sup> the project  
I proposed last October would still  
~~be relevant~~ <sup>greatly changed</sup> make sense  
in present ~~circumstances~~. Step  
If cancelled I hope you would  
feel free to take ~~whatever~~ <sup>your</sup> opinion whatever it may be  
Step best of luck Leo Ireland
