

Picture caption: Paul Saltman birthday banner

April 9, 1971

Dr. Paul Saltman, Professor of Biology and Provost of Revelle College at the University of California, San Diego, stands beneath a two-story banner hung by students and proclaiming his 43rd birthday. Nearly one year ago other banners carrying a much different message hung from the buildings when Saltman was deeply involved in campus problems brought on by the Cambodia invasion and student deaths at Kent State University.
