

Messrs. Murray & Fletcher, doing business under the name of the Cuyamaca Water Company,

San Diego, California.

Gentlemen:

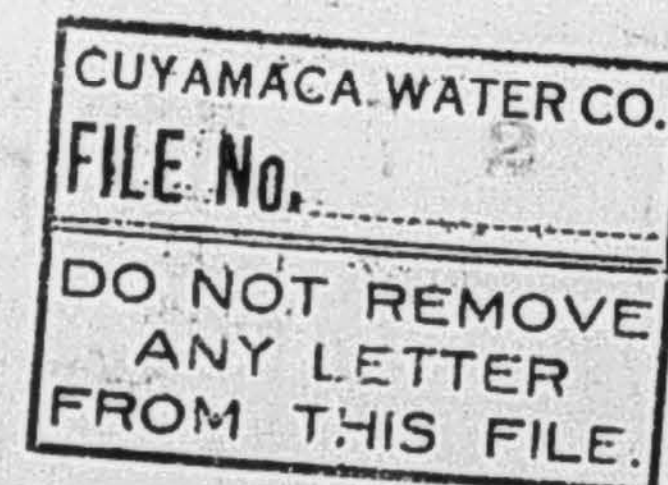

I, the undersigned, hereby pay under the following protest the bills for water rental rendered me for the months of July and August, 1913, in the sum of \$ 13.20

My said protest is made upon the following grounds, to-wit:

That said Murray & Fletcher have taken no efficient steps pursuant to the order of the Commission made March 28, 1913, to increase the available supply of water to the use of which I am entitled. That such supply has dwindled down in July, 1913, to one-half of the amount to which I am entitled under my contract; and in August, 1913, to one-fourth of such supply. And that I am notified by you that after September 5, 1913, no water for irrigation but only for domestic uses will be furnished. That I am suffering loss and damage by reason of such short supply and am not receiving the consideration for any increase over my contract rate of rentals, which is involved in the order of the Railway Commission of the State of California requiring you to take immediate steps to increase such supply. That the service rendered to me from said Cuyamaca Water system since the order of the Railroad Commission is not better but far worse than has been known during the history of the system.

My said payment under protest is not to be considered as any waiver of my right to contest future demands or for damages for your failure to furnish water under the contract assumed by you.

Very Truly Yours,

Feb. 28, 1916.

Dr. J. A. Parks,

La Mesa, Calif.

My dear Mr. Parks:

I am sending you herewith check as per my agreement, for your time coming in, and covering expenses, witness fees, etc. in the recent hearing before the Railroad Commission.

I shall expect to call on you again, in case there is another hearing, and your services will be paid for at that time.

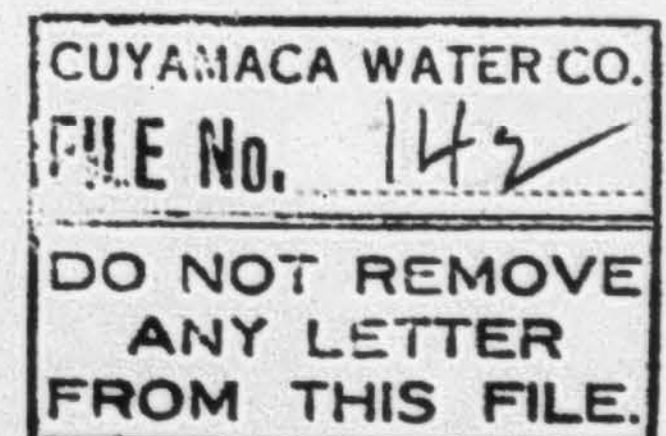

Yours very truly,

CUYAMACA WATER COMPANY,

Manager.

The Cuyamaca Water Company,

San Diego, Calif.

Gentlemen:

We are using a great deal of water at the Open Air Colony located on Lemon Villa Tract No. 20, East San Diego, which at domestic rate, makes our water bills very high. Kindly advise if it is possible for us to secure irrigation rate on this property now, and if so what are the requirements and rate. I would appreciate this information at the earliest moment, that I may take the matter up at Directors' Board Meeting next week.

Yours truly,

J. A. Parks M. D. Prest.
S. D. S. S. & P. Tuberculosis.

April 3, 1917

Mr. J. A. Parks, M.D.,
Timken Bldg.,
San Diego, Cal.

Dear Sir:-

A short time ago I talked with you with reference to your letter to the Company dated March 17th regarding the rate for the Open Air Colony and at that time took up with you the question of turning over to us a portion of the 2 inch pipe line from El Cajon Avenue to the Colony.

You stated at that time that the matter would be taken up at a meeting of the Board of Directors and that in all probability permission would be given us to take up this pipe and make another connection for you.

Since that time I have heard nothing from you and I am wondering whether or not the matter has escaped your attention.

Very truly yours,

Assistant Manager.
