Professor Leo Szilard  
University of Chicago  
1155 E. 57th Street  
Chicago, Illinois

Dear Professor Szilard:

Today, we received a statement signed by Arthur Lincicome, Assistant Comptroller at the University of Chicago. This letter contained a record of his examination of your 1947 passport, which lists your date of birth as February 11, 1898. This date is in agreement with that on which your retirement annuity contract No. A-49903 has been based.

However, inasmuch as your contract was issued December 1, 1946, we are unable to accept the record of your 1947 passport as satisfactory proof of age. For this reason, we would suggest that some additional evidence be forwarded to our office at your convenience.

The Association fully realizes the difficulty which some Annuitants face in attempting to procure satisfactory proof of age. Moreover, we would like to be of as much assistance to you as possible in obtaining this necessary documentary proof. Perhaps the enclosed leaflet, listing various forms of acceptable evidence of age will be of some value to you. May we suggest that you attempt to provide us with a school or college record, a naturalization record, a driver's license or an employment record. Each of these records should be dated at least one year prior to 1946.

If we can be of any further assistance to you in this matter, please do not hesitate to let us know.

Yours truly,

SUGGESTIONS AS TO RECORD OF AGE

MORE SATISFACTORY RECORDS

One of these records should be sufficient if it is at least 5 years old; otherwise two records should be submitted. See instructions as to how to furnish records to TIAA on the other side of this leaflet.

Birth Certificate

A certified copy can be obtained from the Bureau of Vital Statistics of the city or county in which the annuitant was born.

Baptismal Certificate

A copy can be obtained from the church where the annuitant was baptized.

Family Bible

A copy of the entire page upon which the entry is made may be furnished, together with a certification by a notary public or college official stating (a) that he has examined the Bible, (b) the apparent age of the Bible, (c) the name of the person presumed to have made the entry, and (d) when the entry was presumed to have been made.

School or College Record

Such records may have originated while the annuitant was attending school or was teaching.

Life Insurance Policy

The policy may be in TIAA or another life insurance company. Ordinarily, an annuity contract is not acceptable as a record of age.

Passport

The original passport may be submitted or, if the passport has been called in, a statement may be obtained from the Department of State giving the desired information as shown by the passport.

Military Discharge Paper

OTHER RECORDS:

If it is impossible to obtain one of the above records, two of the following may be furnished for consideration.

Church or Sunday School record		Court proceedings
Professional organization record		Confirmation record
Fraternal organization record	*****	Naturalization record
Club or lodge record		Marriage record
Savings bank record	TO BE OF VALUE A	Birth certificate of child
Hospital record	RECORD MUST GIVE	Driver's License
Family doctor's record	EITHER THE AGE OR	Diary
Employment record	THE DATE OF BIRTH	Yearbook
Election registration		Birthday remembrances
Boy Scout record	*****	School Report Card

HOW TO FURNISH RECORDS TO TIAA

A record may be forwarded to the Association or it may be shown to a notary public or a college official who should send us a statement either on the form below or on a separate sheet. Original records will be promptly returned by TIAA, if requested.

In order to establish the correct date of birth of \_\_\_\_\_  
I hereby certify that I have examined the following records and that the date of birth of the above named individual is stated therein as shown below.

Kind of record: (1) \_\_\_\_\_

Date of birth: \_\_\_\_\_ Date of record: \_\_\_\_\_

Why TIAA Requires Record of Age

The annuity income provided by TIAA is based on the annuitant's age in years and months. A difference of even one month in age results in a slightly different annuity income to the individual. If TIAA pays a larger annuity in a particular case than it should, it results in discrimination against all other policyholders in order to favor one. And if TIAA pays a smaller income than is justified, it results in discrimination against one individual in favor of all other policyholders. It seems only fair to take pains to avoid any discrimination.

Most of the errors in age that occur are clerical errors. Occasionally, we find a person who for many years has been celebrating the wrong birthday and does not realize it until he sees his birth certificate. Hence, we have found that careful check must be made of this important factor in order to treat all policyholders equitably.

In comparison with other companies we are liberal in the type of records we will accept. Few persons have real difficulty in providing the necessary records from among the array listed on the opposite side of this page. If you happen to be one of the few who do encounter difficulty, please let us know and we may be able to offer suggestions.

Dear Mrs. Shipley:

E. E. Minett  
Act

XXXXXXXXXXXXX

In connection with the conversation which we had, the following case appears to be of interest as an illustration.

I was told last night that Dr. Brickwedde, an internationally known American physicist of the National Bureau of Standards, was asked by the Los Alamos project whether he would be willing to serve as a consultant. Dr. Brickwedde declined, and I understand that the main reason which induced him to do so was the apprehension that if he acquired special knowledge in the field of atomic energy, he might encounter difficulty when he wished to go to Europe. He was anxious to be able to visit laboratories in Europe, whenever he so desired, and thought that he might either be dissuaded from such visits, or be refused a passport, if he associated himself with a secret project.

This is the first clear-cut case of this sort which has come to my attention.

Very sincerely yours,

Leo Szilard

Re: 130-Szilard, Leo

Dear Mrs. Shipley:

I am writing to acknowledge your kind letter of October 28th.

I have cancelled my trip to Paris because it has been decided in the meantime to release for publication the text of an article entitled "Open Letter to Stalin" which I had written and which undoubtedly will be widely criticized and also attacked by a large section of the press. I felt that under the circumstances I should not be abroad particularly since my absence, for the purpose of attending the Paris conference, would be embarrassing to your division. I had already indicated in my previous letter to you that under such circumstances I would cancel my trip.

Sincerely yours,

Leo Szilard

I am acknowledging in this general way your two letters of October 16 and your letter of October 17, regarding your proposed trip to France.

It was not necessary for me to consult anyone further with regard to the issue of your passport and so I did not call up either Dr. Oppenheimer or Mr. Pike. I appreciate, however, their offer to be helpful.

I appreciate very much your kindness

Being away from Chicago on vacation,  
your telegram was opened by my secretary, who  
made arrangements to inform Prof. Stadler of that  
part of your telegram of which she felt he ought  
to know.

Your telegram was then forwarded to me by

Dear Leo:

Since talking with you regarding Stadler, I have learned two facts from his son which have a bearing on the matter. First, Stadler was informed by his chief in the Department of Agriculture that the FBI had objections to his going abroad. Second, Stadler has no objection to the possession of knowledge concerning this matter by other people, and was not opposed to his son's disclosure.

On the basis of the second point, I have taken the liberty of sending a copy of the telegram from Miss Shipley to Stadler, principally because of the last sentence which commits the Department of State to giving him a passport in return for a \$9.00 fee; which he may well wish to have, and which he may not realize is available to him. If this is an indiscretion on my part, you may give me hell when you see me, but I am certain Stadler will be very grateful.

In some respects the information in this telegram seems to me to indicate more alarm than less, than a simple refusal by the Department of State, for I can hardly avoid the interpretation that either the USDA or the FBI has taken over this function of deciding who goes where and for what purpose. There may of course be other factors not yet disclosed, but if so, these would be highly interesting, to say the least.

I must warn you about Estes Park, it is a trap for eligible bachelors, since it is swarming - as you probably know - with attractive millionairesses.

Cordially,

Attention of Mrs. Shipley

Dear Mrs. Shipley:

1. I talked last night over the telephone with Dr. Robert Oppenheimer, Chairman of the Advisory Board to the Atomic Energy Commission. He knew something about expected participation at the November 7th conference in Paris on the part of British and Danish colleagues. Dr. Oppenheimer told me that he would be very happy to talk to you about this conference if you would care to call him over the telephone at the Institute of Advanced Studies in Princeton (Princeton, N.J. 2580).

2. I personally have come to the conclusion that American scientists ought to be encouraged to attend this conference whether or not they have special knowledge in the field of atomic energy unless special connections or other circumstances of the individual make his participation inadvisable.

3. The general question of travel of scientists to international conferences (in contra-distinction to the special case of the Paris conference) I hope to discuss with Mr. Lewis L. Straus or some other member of the Atomic Energy Commission at some later date. Mr. Straus is out of town at present.

4. I am leaving Washington today and if it will be possible for you to let me know by Monday night at my Chicago address that you will be able to issue a passport to me, I will cable to Paris accepting the invitation.

It so happens, however, that an article which I have written might be published in November and I shall know for certain by the 5th of November whether this is the case. Since it might be embarrassing if I were abroad at the time this article becomes public I would cancel my trip to Paris on the 5th of November if publication is decided upon.

5. If after consultation with Dr. Oppenheimer or others you should feel that my request for a passport in connection with the Paris conference will embarrass the Department, I shall be pleased to withdraw my application for the passport. It would be my hope that at some later date it will be possible to work out some informal procedure by which the Atomic Energy Commission can make available its advice both to the Passport Division and also to the individual scientists concerned.

Very sincerely yours,

Leo Szilard

Dear Mrs. Shipley:

Today at a luncheon at the faculty club the conversation revolved around the fact that L. J. Stadler, an outstanding geneticist, Professor at the University of Missouri, Columbia, Missouri, and member of the National Academy, is prevented from attending the International Congress of Genetics at Stockholm by the refusal of his passport.

I do not know Dr. Stadler, but several who were present at the luncheon, including H. C. Urey and Robert Boche, do know him. Dr. Boche, who knows him particularly well, was unable to think of any reason for refusing him a passport. Someone suggested that Dr. Stadler may have belonged ten years ago to some anti-Fascist organization which subsequently was declared to be subversive by the Attorney General.

I wonder whether you had an opportunity to look into this case, and thought that you might wish to acquaint yourself with it. I do not know just what Dr. Stadler's plans for travel were, or at what date the Stockholm conference takes place, but perhaps it is not too late to correct what people seem to believe to be a serious mistake.

I feel certain that this case will cause much embarrassment all around, and repercussions can hardly be limited to this country alone, since at the time when the International Congress on Genetics meets in Stockholm, the reasons for Dr. Stadler's cancellation of his attendance cannot help to become known. Therefore, as soon as I learned of this case this morning, I thought that I ought to draw your attention to it.

Very sincerely yours,

Sir:

In today's, Sunday's, edition of your paper you carry a column by Martin S. Hayden which says that Mrs. Ruth Shipley has once refused me a passport. This she never did. Mr. Hayden tells me that he gleaned his information from the Editorial Research Reports which is a reliable publication but apparently not infallible. They must have picked up some misleading news items at the time when I applied for a passport soon after the war and it did not come through until a day or two before my scheduled departure. Such delays were routine at the time in the case of atomic scientists. I imagine the government wanted to count the number of secrets each man carried in his head so that upon his return they could check if any were missing. On subsequent occasions whenever I applied for a passport late - which I am sorry to say I sometimes did - I found Mrs. Shipley most cooperative in accelerating routine procedures to enable me to get my passport in time.

Very truly yours,

Leo Szilard

P.S. I would appreciate your printing the above text as a letter to the editor or using some other appropriate means for correcting the erroneous statement that you printed.

In his recent speech in Wisconsin at a gathering in memory of Robert H. ## 1954 Situation

It is recalled that in the elections of 1954, the Democrats made no inroads on the Republican Congressmen in the Farm Belt States, despite the fact the new flexible price support law had been passed by the Republican-controlled 83d Congress. Next year, the farmers will have to decide, over the Nation, whether they are well enough satisfied with the Eisenhower administration—and with Mr. Eisenhower himself, if he is a candidate for re-election. Farm prices will have their impact. But farmers, like other voters, will also have to consider whether the administration has made gains toward a peaceful world, whether it has

pluses.

## Hoped to End Surpluses

The flexible price support program was designed primarily to prevent further surpluses. It begins to look as though the only way to end surpluses will be to increase the population, and so the demand. That will be a long process. In the meantime, the Government is trying in every way it can to put these surplus crops to use, and to get rid of them. It has still a long way to go.

Democrats in Congress are divided over the farm price support issue. Some of them are for the flexible program. The majority have declared for a return to the old 90 per cent rigid supports. They plan to go to the mat for such a program next year.

2. *Proof of United States Citizenship*

A previously issued passport may be used for identification and proof of citizenship, instead of documents indicated below, and shall be submitted with the application.

A native born citizen shall present his birth or baptismal certificate. If these are not obtainable, an affidavit of his birth, executed by a parent, a close, older blood relative, or some other person having personal knowledge of the date and place of his birth can be submitted. 3. *Identification*

An applicant is required to establish his identity to the satisfaction of a Clerk of Court or Passport Agent either through personal knowledge, the presentation of an acceptable document of identification or by an identifying witness who has known the applicant for at least 2 years. If a witness is required for identification the witness will be required to complete an affidavit. An affidavit form may be secured from the Passport Agent or Clerk of Court.

The following documents are acceptable for identification purposes *provided* they contain the signature and either a photograph or a physical description of the applicant: A previous passport, a naturalization certificate, a driver's license or a government (Federal, State, Municipal), industrial or business identification card or pass.

4. *Photographs*

Two duplicate photographs taken *within the past 2 years* shall be presented with the application. *Both photographs shall be signed by the applicant.*
