KAINANTU PATROL No.4 of 1973/74

Receipt is acknowledged of your PRA-73/74, of the 2nd November 1973 and attached documentation being a report compiled by Mr. Buising, A.D.O., covering his August-September patrol throughout the Kainantu Sub District.

It is noted that no instructions were issued for this patrol. Please ensure this is done in the future and the patrolling officer instructed to have his report in your hands within seven days of the patrols completion.

It is understood that the concept of Komuniti Erias is still in the development stage however some method must be employed in achieving the results thus far obtained! How are Komuniti Kaunsil Members elected? Who determines the number of Members per village? What relationships, if any, will there be between the various Komuniti Areas? Will regular meetings be convened and at what level?

Development of these bodies has been a continuing process over the past six months and some concrete concept must now be evident. In an attempt to achieve continuity of action it would be appreciated, on the eve of your departure for Further Active Service in Port Moresby, if you could supply this office with a report on developments to date and your proposals that will make the Komuniti work.

Mr. Buising continues to perform his field duties in a competent manner.

KAINANTU PATEOL No.5 of 1973/74

Receipt is acknowledged of Mr. Buising's (A.D.O.) report covering his recent special patrol throughout the Gadsu Census Division.

The information contained in Situation Report No.1 has been brought to the attention of the District Local Government Officer who is of the opinion that Headquarters is familiar with the contents thereof.

Although it has been stated that the concept of Eria Kaunsils was developed by the people themselves, it is quite obvious that some groups are not au fait with the machinery thereof. It might well be argued that those persons not responsive to the introduction of this system might be excluded for the time being and later incorporated should their attitude change!

Mr. Buising continues to display enthusiasm and capability in his field work.
