Fallen Day Dream

Taken in a blue  
dress with lawn  
neck (I once had  
an exact copy)  
high bell collar  
Shas. 2 tone  
eyeshadow +  
lipstick, powder,  
dark, hair done

to ~~the~~ ~~ROM~~ ~~Mark~~.  
through the  
eye makeup.

Later I am captured  
with my father  
because of the  
lands. I am  
not strong

Wearing the  
masks. The  
prince looks  
at me + doesn't  
recognize me -  
he makes some  
comment to a  
friend about  
the beautiful  
young woman  
who is not  
there - then I  
speak - my

eyes as hollow  
+ deep - as if I  
has been a prey -  
I maintain the  
eye make up.

He entranced me  
+ I wish why he  
captured us.

I send to say -  
a man who  
across land on  
the other side  
of his territory

+ access to the  
sea. I SEE ROCK  
POINT. He says  
I must leave  
me for the moment  
that will be  
punches - rubbing  
incense on  
themselves - he  
remarks one is  
good for back  
ache + one for  
stomach. I embrace

my father. He  
started to run  
cruise on my  
legs + long  
cable ballast  
As he expects  
the pump to  
ask to Mary  
me later at  
dinner
