

## ELEPHANT ORANGES

RIPE, SWEET, JUICY

The Elephant Orchards are located in the beautiful foothill country surrounding Redlands, Cal., the choicest spot in the world for bringing the Seedless Navel Orange to its greatest perfection. Warm, rich, red soil, the absence of frosts, and the days and months of bright sunshine combine to give the Navel Orange of this favored locality juiciness, flavor and boquet which are not found elsewhere.

The Elephant Oranges are the choicest fruit of this choice district, and to distinguish them unmistakably from other oranges which may be similar in appearance but wholly different in taste, each genuine Elephant Seedless Navel Orange carries this label.

Ask for it and you will get the best.

ELEPHANT ORCHARDS,

REDLANDS, CAL.
