INSTITUTE OF RADIOBIOLOGY AND BIOPHYSICS

July 26, 1949

Dear Dr. Szilard:

By now you have undoubtedly received the mail which I forwarded to you last week, and about which you inquire in your letter of the 23rd. I am picking it up often enough, but taking Monday off as I do, it is Tuesday or even Wednesday before I can go to the Social Sciences Building. I call at the Quadrangle Club regularly, and the people at Radiobiology are bringing me your mail from there as agreed.

Enclosed are a couple letters I have answered and some which did not call for acknowledgment. Enclosed also is a note from the Social Sciences Division. I have addressed and stamped an envelope for you to use for return of these signature cards.

Several checks have collected.

In the rush when you were leaving I overlooked a slip on which were several hours I had put in, and in addition a record of stamps given you, amounting to \$6.56 and 78¢ respectively. I mention this now, not to annoy you with petty details, but to avoid explanations on your return.

As you request, I will send no more mail after August 8th -- at least to Estes Park -- but will await your instructions.

It is just as hot as ever in Chicago.

Sincerely yours,

Lorene Mann

Dr. Szilard: I just had a call from a Mrs. McKenna of the Planned Parenthood Association, who said she had received word from another city that you are doing "some wonderful work on oral contraceptives". I told her you thought you would return the middle of next week, and explained that any mail she would send to you c/o The Club would be picked up by me and forwarded to you, in case your return is delayed.

Dear Dr. Szilard,

It is now 1:30 and the application is in the Director's office. I made a new title page, as per the enclosed copy. I found the two publications' lists (in the "Germany" folder). One was "Biographical data and list of publications of Leo Szilard from 1922 to 1946". The other (which I had to copy and of which I enclose a carbon) was: "Publications of Leo Szilard from 1948-1955". You had changed the numbering of this latter in pen; I used the original numbering because No. 16 is missing. In other words, the last number on the first list was 15; you begin the second list with No. 17. The application has to be in tomorrow, according to Mrs. Johnson.

Aaron was asking for you yesterday; he leaves again on Thursday. Dr. Balazs also has been asking for you. Hope your medical is satisfactory.

Kind regards,

NM

Dear Dr. Szilard,

Just a few lines to let you know that I have belatedly read, with great pleasure, your little book. Political satire not being my preference, I did not rush to read it when it first appeared; at the same time since you were the author I did feel unpleasantly guilty about my diffidence. Thus it came as the pleasantest surprise to find the book such easy and delightful reading -- and withal so witty and wise, just as everyone has said.

With kindest regards,

Sincerely,

Norman Mann

Mrs. Noreen Mann

Dear Mrs. Mann:

I intend to withdraw from active service with The University of Chicago on April 1st. My new permanent address will be:

c/o The Salk Institute  
Post Office Box 9499  
San Diego, California 92109.

I think that there would be little point in bothering you with looking after my mail in Chicago. Rather, I propose to file with the Chicago post office a forwarding order, both for mail which I receive at the University of Chicago, and for mail which I receive at the Quadrangle Club.

In addition, to be on the safe side, I should appreciate if you were to ask both the University and the Quadrangle Club to forward to my San Diego address any mail that leaks through to them. I intend to resign from the Quadrangle Club in the next few days.

I should be very grateful for your checking for a little while with the Institute and the Quadrangle Club to see whether any mail is leaking through to them and whether they forward to me such mail as does leak through to them.

With kind regards.

Sincerely,

Leo Szilard

Dear Dr. Szilard,

Thank you for your letter of the 10th in-  
forming me of your intention to withdraw from an active  
connection with the University of Chicago as of April 1st,  
and explaining that you will have no further need of my  
"forwarding" service. Naturally I shall be only too glad  
to check with the Club from time to time and also with the  
Institute to be sure that all of your mail is being forwarded  
as per your instructions to the Post Office.

I hope you do not mind if I say again that I feel  
privileged to have worked for you and shall always remember  
gratefully your many kindnesses.

With kind regards both to you and Mrs. Szilard,

Very sincerely yours,
