

Correction to: IGPP to measure Antarctica tides for first time

December 11, 1969

MEMO TO EDITORS

ERRATUM

In the Scripps Institution of Oceanography news release of Dec. 11, 1969, about the measurements to be taken in the deep ocean between Adelaide, Australia, and Antarctica, please change the word "gallons" to "tons" on Page 2, in the paragraph starting, "This part of, etc." We regret any inconvenience to you as a result of this error, but wished to set the facts straight.
