DEAR CONCERNED AMERICAN,

You are among the first citizens in your state to receive the specially prepared GREEN DOCUMENT containing a brief, but critical U.S. Citizen Opinion Poll on America's Illegal Alien Crisis.

Right now, you and all taxpayers are paying out BILLIONS in tax dollars each year in welfare, unemployment, public housing, bilingual education and yes, even legal defense costs for illegal aliens.

Your Poll answers are urgently needed to provide the U.S. Congress and President Reagan with hard evidence about how the American public really feels about footing the bills for millions of illegals.

Alarmingly, about 12-15 MILLION ILLEGALS have made their way into towns and cities throughout America. Another 2 MILLION or so will steal through U.S. borders again this year.

Worse, many economic, social and political experts now agree, illegal aliens are NO LONGER JUST A "BORDER STATE" PROBLEM.

Your Document and Opinion Poll have been specially assigned and numbered under your name as a representative of citizens living in:

SAN DIEGO, CALIFORNIA

VOTER DISTRICT #: 41

POLL REGISTRATION NUMBER ASSIGNED: CA92122 139

We here at American Immigration Control Foundation (AICF) have launched this nationwide opinion-gathering project to find out whether or not the American public favors a NEW national effort to curb the flood of millions of "illegals" through U.S. Borders.

Your Document and Poll were costly for us to prepare and send you. And I could only afford to contact people like you who I thought would be most representative of others living in your area...and would be most likely to help.

So even if you are undecided about some questions, please use the postage paid envelope I've provided to return your Poll to me today.

EVERY POLL IS IMPORTANT. And I must release our national findings to Congress and President Reagan within the next few weeks. (Over, please...)

—In El Paso, for example 239 agents have to cover 85,000 square miles, 24 hours a day, 7 days a week. AT TIMES, A SINGLE AGENT HAS TO CONFRONT 300 ALIENS CROSSING!

Then it's up to the Immigration and Naturalization Service (INS) which has a mere 800-900 investigators to track down the illegals who have slipped past the Border Patrol...to track down 12-15 MILLION ILLEGALS!

—Atlanta alone is estimated to have tens of thousands of illegals... yet Georgia and Alabama combined have only 5 INS investigators.

Even worse, the INS has the names of 42,500 illegals convicted of crimes and another 92,800 suspected of crimes, but simply lack the manpower to pick up and deport them.

Unfortunately for us taxpayers, Congress recently passed legislation which will make matters even worse.

In October 1986, they gave amnesty to all illegals who were clever enough to avoid deportation for at least 5 years. As a result, the flood of illegals is now higher than ever before.

Clearly, the Amnesty Law will only promote and condone illegal alien activity. A "quick fix", short-sighted solution.

EVEN WORSE CONGRESS IS SERIOUSLY CONSIDERING GIVING AMNESTY TO THEIR RELATIVES AS WELL.

IF THIS HAPPENS, 45 MILLION OR MORE ALIENS MAY ARRIVE WITHIN THE DECADE!

You see, many politicians and their special interest friends, see this flood of illegals as a potentially huge voting block which will promote Big Government programs and keep them in power.

Big Labor Unions see this as a new wave of dues-paying members -- as a way to regain their political power which has been declining during the Reagan Administration.

Now many Americans only heard about the Amnesty Bill after it had already passed. Congress passed it just prior to the 1986 elections, before voters had a chance to voice their opinions.

That's exactly why we've launched this public-opinion project.

We must give Congress a barrage of public opinion. We must give them the true feelings about the high price we're paying for illegal immigration.

But we must have a large number of Opinion Polls to make any impact. EVERY POLL COUNTS.

Can I count on you to do your part? I hope so.

I helped found AICF, a citizen-based educational organization 6 years ago. Since then I've personally worked thousands of hours with experts on the problems of uncontrolled immigration.

AICF's goal is to inform as many Americans as possible with the hard facts. About the price in tax dollars, the impact on jobs and the economy, and the well-being of our nation.

Remember, the power of public opinion is great in Congress. But only if enough folks like you make your feelings known through a public awareness project
(Over, please...)

Jim J. Jones
Former U.S. Congressman

"I am convinced illegal immigration is one of the most dangerous threats to our nation...amnesty (for illegals will) cost American taxpayers billions of dollars in added welfare costs...amnesty is unfair to law-abiding foreigners who wait patiently for an immigrant visa to come here legally within the annual immigration quota...the future of our nation depends on what we do now...please help."

Governor Meldrim Thomson, Jr.
Former Governor of New Hampshire

Dear Fellow Citizen,

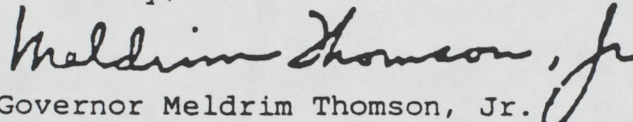

I'm sure you are asked to support many worthy causes these days, but frankly I can't think of one more important to the health and future of our nation than AICF's effort to control illegal immigration.

Your participation in AICF's U.S. Citizen Opinion Poll is a simple, but effective way to help AICF show our politicians how Americans really feel about footing the bill for the BILLIONS of tax dollars government spends on illegals each year.

Plus you'll have the satisfaction of knowing you've done your part to help curb a problem which has become a national crisis--and affects all taxpayers--including yourself.

Whether it's just \$10.00 or as much as \$100 or more, I urge you to lend your financial support to AICF to help fund this critical national project. They need your help.

Sincerely,

Governor Meldrim Thomson, Jr.
Former Governor of New Hampshire

Right now an estimated 12-15 MILLION illegal aliens have made their way through U.S. borders and are living throughout America. Taxpayers are paying out BILLIONS in tax dollars for welfare, unemployment, public housing, bilingual education and even legal defense costs. And an estimated 2 million more will sneak through U.S. borders again this year. The problem is becoming worse.

QUESTION 1: Do you personally approve or disapprove of having your tax dollars spent to support illegal aliens?

☐ Approve ☐ Disapprove ☐ Undecided

QUESTION 2: As many as 500,000 illegals are buying fake Social Security cards, drivers' licenses and birth certificates each year. They're using this fake documentation to get millions of dollars worth of Social Security, welfare, public housing, jobs and other benefits.

Do you think government should issue "counterfeit proof" Social Security cards and other documents?

☐ YES ☐ NO ☐ Undecided

QUESTION 3: Which of the problems associated with illegal aliens are the most personally disturbing to you (check all which apply):

- | | |
|---|---|
| <input type="checkbox"/> Taxpayer cost | <input type="checkbox"/> The loss of jobs for Americans |

| <input type="checkbox"/> Increased crime | <input type="checkbox"/> Other _____ |

QUESTION 4: Do you personally agree with mandatory AIDS testing for aliens?

☐ YES ☐ NO ☐ Undecided

QUESTION 5: The reason America cannot control its borders is because the U.S. Border Patrol has only 3,300 officers and the Immigration and Naturalization Service (INS) has only 900 investigators. There's too little manpower to control the flood of MILLIONS of illegals, much less deport the 12-15 MILLION who are already here.

Do you think Congress should (check all which apply):

- ☐ Allocate U.S. Military Forces to help control the borders
☐ Increase the number of Border Patrol officers and INS investigators

QUESTION 6: The U.S. Congress passed the Illegal Alien Amnesty Bill in October 1986 for illegals who had managed to avoid deportation for at least 5 years. Do you think this action will (check which apply):

- ☐ Promote more illegal immigration
☐ Have little or no affect on illegal immigration

6A Did you agree with this legislation?

☐ YES ☐ NO ☐ Undecided

QUESTION 7: Right now Congress is preparing to expand the Amnesty Bill to allow amnesty for relatives of these illegals. This will open U.S. borders to 45 MILLION or more illegals within the decade.

Do you agree with this?

☐ YES ☐ NO ☐ Undecided

QUESTION 8: Many Americans believe the illegal alien problem is limited to only our border states. While experts now report this is no longer just a "border state" problem. The problem is spreading throughout America rapidly.

Do you have an illegal alien problem in your community yet, as far as you know?

☐ YES ☐ NO ☐ Don't Know

QUESTION 9: AICF's goal is to allow in reasonable numbers of legal immigrants and to control the flood of illegals who live outside our laws and are feeding off taxpayers like you.

Will you help our nationwide public opinion-gathering project to provide Congress with hard evidence about how the American public feels about the price of illegal immigration?

☐ YES ☐ NO

The maximum amount I can afford to help you reach other Americans like me is:

☐ \$15 ☐ \$25 ☐ \$50 ☐ \$100 ☐ \$250 ☐ \$_____ Other

☐ I can't make a substantial contribution today, but to help support your important project I will contribute \$6.
