

MOUSSE
 (Composition for Table and Three Eaters)

Each box is 30 seconds long with three events taking place in each. If space is empty silence is required. Be sure to include sounds of water or resin on table as one instrument of each performer. Determine the relative pitches of your instruments in relation to each other as high, low or med. and then play according to instructions in boxes. Follow arrows from box to box on template to be placed over this master sheet. When two arrows are given you may choose which to follow. Piece is ended when all boxes are played and food is eaten. Begin and end piece piano with a crescendo in middle of piece. (Copy used by performers has colors of red, green and black)

 = Improvise freely on your instruments.

over

1. Cake bottles filled with water when poured into glass - gone entirely colors of the rising pitch aspect.
2. If table has contact microphone, many ^{subtle} sounds which we lost in the the large room will ~~be added~~ add much, much!
3. Drama, which we didn't do - ^{of costume} will also add much - waiters etc -
4. After doing the piece - as performers we felt the need for area in the piece where we can improvise in sympathy with the other improvisation. Dalour was going to improvise score accordingly but has not yet done it. You may want to improve the score -
5. we used ~~four~~ three performers - more would be better, I think.
