

Leading expert in field electronics will discuss modern computers in a Faculty Lecture in La Jolla on April 16.

April 6, 1962

A leading expert in the field of electronics will discuss modern computers in a lecture in La Jolla Monday night, April 16.

Gerald Estrin, Professor of Engineering, University of California, Los Angeles, will speak on "The ABC's--Anatomy and Behavior of Modern Computers" at Sherwood Hall, Art Center in La Jolla, at 8:00 p.m. The public is invited. Admission is free.

The talk is one of the Faculty Lectures jointly sponsored by the San Diego campus of the University of California and the Theatre and Arts Foundation of San Diego County.

A native of New York, Dr. Estrin received his Ph.D. in electrical engineering from the University of Wisconsin. He worked at the Institute for Advanced Study, Princeton, and at the Weizmann Institute of Science in Israel before coming to UCLA.
