DATE/TIMES: Friday, April 10

10-10:30 a.m. View the electric shuttle and trolley at Central Garage.

10:30-11:30 a.m. Workshop on "Today's Solution to Today's Challenge" sponsored by Electric Vehicle Marketing Corp.

11:30 a.m.-12:30 p.m. Bus demonstration ride.

LOCATION: Central Garage for demonstration; Undergraduate Affairs Conference Room for workshop. University of California, San Diego

Note: Please call 534-3484 for directions.

BACKGROUND: Because of the worldwide need for clean fuel mass transportation, governmental agencies and firms/ educational institutions with large numbers of employees are interested in battery powered vehicles. Since most users of zero-emission, battery powered vehicles in the 1990's will be first-time users, a number of agency/governmental representatives will attend. They include Coronado Mayor Mary Herron and staff members; Paul Davis, County of San Diego; Charles R. Imbrecht, California Energy Commission; Patricia Barnes, San Diego Gas and Electric Co., representatives from UCSD, UC Riverside and UC Irvine, and officials from the Electric Vehicle Marketing Corp.

CONTACTS: Dan Hyde, UCSD Transportation Manager, 534-6622 Pat JaCoby, University Communications, 534-7404
