Dear Sir:

Enclosed find notice which we received this morning.

It seems funny to me that the value of the personal property should be increased by \$100 over last year's valuation when there has been absolutely no new furniture or personal property added to the court. Certainly a year's wear and tear on furniture should effect a depreciation in value.

Kindly check up on this and let me know how you feel in the matter.

Sincerely yours,

GROSSMONT PARK COMPANY
