

## Osher Lifelong Learning Institute to Hear Dr. Gerry Graf on Medicare's New Part D Prescription Drug Coverage

November 29, 2005

Pat Fleming

Dr. Gerry Graf will present: "Navigating the Pitfalls of Medicare's New Part D" to the University of California, San Diego's Osher Lifelong Learning Institute on Monday, December 12, 2005. The presentation will begin at 9:00 a.m. on the UCSD Extension campus at the Rubinger Center, Room 122, located at 9600 North Torrey Pines Road and Muir College Drive.

Dr. Graf, who is a pharmacist in 5 states including California, will clarify the confusing details of Part D as many Medicare recipients face important decisions that could result in serious and large monetary impacts regarding their prescription drug coverage. Included in the topics Dr. Graf will address are: what is Part D and what it is not; how to analyze, compare and contrast the various choices offered; maximizing Part D benefits; and the critical issue of timing decisions about whether to chose this new benefit or not.

The Osher Lifelong Learning Institute at UCSD is a self-directed, self-supported adult education program presenting a broad range of learning opportunities and operates as an integral part of UCSD Extension consistent with the high standards of the University of California. On average the program includes over 100 courses, tours and social events each year. There are no grade requirements - just the requirement to learn for pure enjoyment. To receive additional information about the OLLI program call: (858) 534-3409, or e-mail a request to [wilke@ucsd.edu](mailto:wilke@ucsd.edu) or visit the website at <http://olli.ucsd.edu>.
